

A Vote For LANDON and KNOX Is A Vote For the Return of SANE, ECONOMICAL GOVERNMENT!

SAVE OUR LUMBER INDUSTRY

In spite of the pleading of the north-west lumber industry, President Roosevelt hastily and without proper consideration reduced our tariff on lumber to half of what it formerly was. Already this has resulted in cheap foreign made lumber pouring into the United States until the importations for the first seven months of this year were greater than for the combined years of 1932, 1933 and 1934.

Opening our home markets to foreign lumber without asking for similar privileges for our industry in markets from which we are barred by preferential tariffs has made the Canadian mills extremely prosperous at the expense of lumbermen in this country.

Taking down the bars to foreign lumber has given the Chinese, Japanese and Hindus of British Columbia the most employment they have had in years and has deprived American workmen in the northwest of hundreds of thousands of dollars in payrolls they would have otherwise received.

In the past when we have had no protection against foreign competition it has always wrecked our domestic lumber markets. It will do the same thing again.

Elect men to office who will restore the protective tariff on lumber, which President Roosevelt has removed. Elect Landon and Knox.

Relief and Re-Employment

Roosevelt's Promise—

"It is no time for delay when 11,000,000 of honest, industrious and willing men and women are tramping the streets and roads of our country looking for work . . . and we of the Democratic party will not wait."

FRANKLIN D. ROOSEVELT, Baltimore, October 25, 1932.

His Performance—

In March, 1936, there were unemployed, according to:

The American Federation of Labor 12,183,000
National Industrial Conference Board 9,649,000

As of January 1936, at least 19,000,000 people were receiving relief benefits according to Relief Administrator Hopkins. (House of Representatives hearings on First Deficiency Appropriation Bill, 1936)

The Republican Platform

ON RE-EMPLOYMENT

The only permanent solution of the unemployment problem is the absorption of the unemployed by industry and agriculture. To that end, we advocate:

Removal of restrictions on production. Abandonment of all New Deal policies that raise production costs, increase the cost of living, and thereby restrict buying, reduce volume and prevent re-employment.

Encouragement instead of hindrance to legitimate business.

Withdrawal of government from competition with private payrolls:

Elimination of unnecessary and hampering regulations.

Adoption of such other policies as will furnish a chance for individual enterprise, industrial expansion, and the restoration of jobs.

National Debt

Increase Under Roosevelt
\$12,842,000,000

From Mar. 4, 1933 To June 30, 1936

In addition the United States Government has guaranteed the principal and interest of \$4,719,000,000 of securities issued by various governmental corporations. Put a Stop to Extravagance!

Win Back Your Government!

ALFRED M. LANDON, the Republican candidate for Presidency of the United States of America.

FRANK KNOX, the Republican candidate for Vice-presidency of the United States of America.

"Those who use public funds to build their political machines forfeit all right to political consideration from true Americans."
ALF. M. LANDON.

The Presidential Candidates - Their Pledges - Their Records

Roosevelt's Pledge —

"We advocate an immediate and drastic reduction of governmental expenditures . . . to accomplish a saving of not less than 25% in the cost of Federal Government."

DEMOCRATIC PLATFORM 1932.

"We address ourselves to putting our own national house in order, and making the income balance outgo."

FRANKLIN D. ROOSEVELT, INAUGURAL ADDRESS MARCH 4, 1933.

Roosevelt's Record—

Such were the pledges. Here is the performance: Instead of reducing expenditures by 25%, President Roosevelt increased the cost of running the United States Government by 72%. Instead of making income balance outgo, the New Deal has every year spent more than it has taken in. In the year ended June 30, 1936 alone it spent \$4,764,000,000 more than its income.

Instead of reducing taxes the New Deal has passed fourteen laws involving new taxation. In 1933 the Federal tax bill was \$1,865,000,000 but in 1936 it was \$3,899,663,202. Yet even in 1936 the Federal Government is taking in only \$1 for every \$2 it spends.

National Ticket	For Congress
For President ALF. M. LANDON	1st District—JAMES W. MOTT 2nd District—ROY W. RITNER
For Vice-President FRANK KNOX	3rd District—WM. A. EKWALL State Ticket
For U. S. Senator Charles L. McNary	Attorney General—I. H. Van WINKLE State Treasurer—RUFUS HOLMAN

Landon's Pledge —

"We pledge efficiency, drastic economy and reduction in expenses."

KANSAS REPUBLICAN PLATFORM 1932.

"The increased tax burden is breaking the economic structure of our country and bankrupting our citizens. The time has come to stop before we completely ruin our people, our business and our Government."

ALFRED M. LANDON, INAUGURAL ADDRESS, JANUARY 10, 1933.

Landon's Record—

Such were the pledges. Here is the performance: Governor Landon has reduced the cost of Government in Kansas by 22%.

In every year of his Administration as Governor, the Kansas budget has been balanced. As a result the debt of Kansas has been reduced from \$154,000,000 on June 30, 1932 to \$130,000,000 on June 30, 1936.

By contrast, the debt of the United States Government during Franklin D. Roosevelt's Administration has increased more than \$13,000,000,000. Governor Landon has reduced taxes by 9%.

Support This Strong County Ticket

For State Representative

William McAllister
Glen O. Taylor—

Both candidates are experienced in law and thoroughly familiar with the legislative problems of Jackson County. Mr. Taylor has already successfully served as state representative and his record merits his re-election. Mr. McAllister's comprehensive legal training makes him well qualified to serve in the interest of this county at Salem.

For District Attorney —

Frank J. Newman

Frank J. Newman has had 33 years experience in law. Is a capable trial lawyer and has taken an active part in civic affairs of Medford for years. His wide acquaintance, his excellent legal training and knowledge of the many phases of this office recommend Mr. Newman to the voters of this county.

For County Commissioner

Ralph Billings—

Considered one of the most capable commissioners to ever serve this county, Mr. Billings' outstanding record will be well considered by thinking voters. Mr. Billings' knowledge of the duties of this office plus his fine record of service make him the man for the job!

For County Clerk

George R. Carter—

Efficiency and economy have been the keynote of the operation of the county clerk's office under Mr. Carter's recent administration. . . . Despite increasing detail and added cost of supplies, Carter REDUCED by 15 PERCENT the operating cost of his office during his term. The splendid service he has rendered plus the economy that has marked his administration makes George Carter well worthy of your support!

This Is A Republican Year!

For Assessor

J. B. Coleman

There is no assessor in Oregon more experienced and capable than Mr. Coleman in the operation of this important office. A life long resident of this county, he brings to this office a thorough knowledge of the conditions of this county with a recognized experience and judgment in property values and taxation.

For Treasurer

A. C. Walker

With an enviable record for the competent and economical administration of the office of County Treasurer, Mr. Walker merits the support of county voters Tuesday. Mr. Walker's service has always been above question—why change with a good official already in office?

For Coroner

Frank Perl

For Constable

Nicholas Young

WHO PAYS THE FREIGHT

Mr. Working Man? You Do!

Do You Know

- That after January 1, 1937, 1% of your wages will be taken out of your pay envelope each pay day and sent to Washington?
- That a little later on 3% will be taken out of your pay envelope each pay day and sent to Washington?
- That, if you earn \$1500.00 per year for 20 years, the cost to you will be \$900.00 and \$900.00 to your employers, making a total of \$1800.00, and that the gross benefit your estate can get is \$1050.00?
- That, if you earn \$1500.00 per year for 20 years and have \$900.00 taken out of your pay and you become 65, in case you have no permanent employment, the government will only pay you \$37.00 per month and, if you live for 5 years, your estate will owe the government \$750.00?
- That an executive, earning \$10,000.00 per year, would only pay \$90.00 per year and at his death his estate would be forced to accept 3 1/2% of \$3000.00 for each year he had paid in \$90.00 whether he needed it or not?
- That, if you were to invest \$100.00 per year for 15 years with a good insurance company you would receive approximately \$1,780.00? Under the government plan \$1800.00 produces \$1050.00?
- That the following are exempt and will pay no taxes: University Professors, School Teachers, Bankers, Bank Clerks, Farmers, Farm Help, Domestic Help, Policemen, Firemen, Lawyers, Doctors, Dentists.

THE WORKING MAN ALONE PAYS THE TAX!

A Vote for Landon Will Result in a Saner and More Equitable Law

Federal Extravagance Under Roosevelt

The Pledge —

"We advocate an immediate and drastic reduction of governmental expenditures by abolishing useless commissions and offices, consolidating departments and bureaus, and eliminating extravagance, to accomplish a saving of not less than 25% in the cost of Federal Government . . ."

And Here Are the Facts

In the last full fiscal year (1932) of President Hoover's Administration the Federal government spent \$5,153,644,895. The New Deal increased this rate of spending as follows:

In the year ending June 30, 1934, by 38%
In the year ending June 30, 1935, by 43%
In the year ending June 30, 1936, by 72%

The cost of running the United States government in recent years:

1931	4,091,597,000
1932	5,153,644,895
1933	5,142,054,000
1934	7,105,050,000
1935	7,375,825,000
1936	8,879,798,000
