

LATE TABULATIONS PUT F. R. PLURALITY NEAR TEN MILLION

\$125 RENTAL SET BY CITY COUNCIL FOR UNITED LINES

(Continued from Page One.)

ary 5 remained for the future to disclose. There has been much speculation that congress might set itself to revising the corporation tax act passed at the last session, and to revamping the social security act.

Though millions of votes had not yet been tabulated, the president's popular plurality shot well past the 10,000,000 mark today. It already had set a new American record and was still climbing with indications it would pass 10,000,000.

Total votes cast also had set an all-time record, reaching 41,043,038, with 17,340 voting districts still to be heard from. Of the total Roosevelt had 24,874,771 and Alf M. Landon 15,488,371.

As for electoral votes, there has been no such top-sided victory since the early days of the republic, when George Washington got the full electoral vote of every state voting and James Monroe got all except one vote.

The returns today seemed to clinch the indications of yesterday that the score would read Roosevelt 523, Landon 8, when Congress goes through the formality of counting the votes in January. Landon still had only Maine and Vermont.

Lodge Beats Curley. Among the senators who will swell the Democratic majority are five who wrested seats from Republicans. They are James H. Hughes of Delaware, Francis Brown of Michigan, William F. Smathers of New Jersey, Theodore Francis Green of Rhode Island and H. H. Schwartz of Wyoming.

One satisfaction for the minority was the victory of Henry Cabot Lodge, Jr., who beat Governor James M. Curley, Democrat, for a senate seat from Massachusetts. McNary of Oregon, Republican, won after a race that was in doubt for a time. Dickinson of Iowa trailed.

The Democratic congressional victory, the fourth successive one at the polls, virtually had wiped out the last traces of the famous senatorial "old guard," which once dominated the senate chamber under the chieftainship of such men as Watson, Reed and Esmoot.

Moreover, Tuesday's election made certain that, unless the south breaks up or a reformation of party lines occurs, the Democrats will have control of the senate throughout President Roosevelt's second term, and probably until 1943.

Problems Arise. The size of the Democratic majorities raised problems for leaders who will have to try to weld them into an efficient legislative machine. Party executives have taught that large majorities are prone to split into factions and blocs.

As the tally continued on the governorships, of which 33 were at stake in Tuesday's balloting, Democratic candidates had captured 25 and were battling hard for two of the three chairs still in doubt. Republicans had taken only three. In North Dakota, Governor Walter Wellford, Republican, trailed slightly behind William Langer, Independent.

Governor Philip La Follette, progressive, won decisively in Wisconsin, and Elmer Benson, farmer-labor, in Minnesota.

Candidates, from the party standard-bearers down, began a period of relaxation from the strenuous campaign. President Roosevelt expressed appreciation for an "avalanche" of congratulations he received. Governor Landon, who had exchanged courteous greetings with President Roosevelt, expected to "go duck hunting in a few days."

Full Together Is Word. From many sides came declarations that the strife must be forgotten and all factions pull together. For example, Alfred E. Smith, who had battled so hard and so vainly for Landon, said: "Every real American must put his shoulder to the wheel and stand behind the president."

The stock market experienced a buying wave yesterday, which pushed some securities to a five-year high. Heavy selling concentrated only on public utility shares.

Secretary Hull proclaimed a continuation of America's "good neighbor" policy, which he declared was aimed at peace and neutrality. From French, Italian and Austrian capitals came word that officials were gratified to learn American foreign policy was to continue without interruption.

ago engineering firm, recommending Mr. Clark. Mr. Clark's salary was fixed at \$200 a month.

Mr. Clark was graduated in 1930 with an A. B. in civil engineering by Stanford university, where he specialized in sanitary engineering. He has since been employed by California as assistant state director of mosquito control and as sanitary engineer of division 2 in Alameda county, his record shows.

He was granted a leave of absence from his California post to become assistant sewer designer for Greeley & Hansen, designers and supervisors of the sewage disposal plants in Medford, Talent and Ashland, and last fall he became resident engineer in charge of supervision and construction at the Ashland plant. He comes from San Leandro, Calif., and he and his wife have now taken up residence here.

Hill Is Thanked. Kenneth V. Hill, Greeley & Hansen resident engineer in charge of supervising construction of the Medford sewage disposal plant, submitted a final report to the council and announced he was departing today for Chicago. He stated that the plant was functioning efficiently and that Greeley & Hansen and the city would be proud of it. He said he had enjoyed his stay here and thanked the council for its co-operation.

Upon suggestion of Mayor George W. Porter, the council extended Mr. Hill a vote of appreciation for his interest in the city and his work at the plant.

"We appreciate your report, are proud of the disposal plant and are glad to have had you here to supervise construction," Mayor Porter said. "We thank you for your work in seeing the plant develop into the success it has turned out to be."

Oscar S. Nilsen, physio therapist, asked the council to adopt an ordinance regulating the practice of massage in order to "protect the profession and the public." The matter was referred to the license committee for report at the next meeting.

The council approved leasing of space in the old city hall to Holbrook & Andrews at \$75 a month.

JUNIOR HIGH CARNIVAL FRIDAY EVENING WILL PROVIDE FUN FOR ALL

Medford Junior high school has set aside Friday, November 6, for the biggest activity of the school year, the annual school carnival.

The main program, which begins promptly at 7:30 p. m. in the school gymnasium, will be an interesting and complete one. There will be several dances, including a Russian dance, acrobatic dance, pep dance, and others directed by Miss Marjorie Kelly. There will be a humorous play coached by Miss Bengt. The boys'

and girls' glee clubs and an octet under direction of Miss Piper will give several numbers. An amateur program will also be given by the students of the public speaking class under direction of Mr. Boswell.

Awards to the most popular boy and girl will be presented by Mr. Henderson.

After the main program the many booths and concessions will be open and the rest of the evening spent in fun and merry-making.

As a special feature, there will be a full-length motion picture, with views of the Bandon fire and Oregon beauty spots. There will also be a cartoon.

The public is cordially invited to attend and a good time may be had by all.
