

Heavy Trading Boosts Shares - Utilities Stage Strong Rally

TICKER SWAMPED IN POST-ELECTION MARKET UPSWING

Some Prominent Shares Sell Off Moderately in Uneven Advance - Coppers Remain in Front of List

NEW YORK, Nov. 5. (AP) - Almost unprecedented purchases of government bonds sent those securities upward today in one of the most widespread advances of recent times. Instead of the usual price changes by small fractions, they rose by half points or more, that is, by \$5 to \$10.00 face value. Wall street observers said a flood of investment funds had been lured by banks and insurance companies, convinced by the election results that the new deal's easy money policy would be continued.

NEW YORK, Nov. 5. (AP) - Large buying orders poured into the stock market in early trading today, lifting many issues \$1 to \$5 a share higher in a continuation of the post-election advance.

Dealings were so heavy, the quotation ticker dropped five minutes behind transactions of the stock exchange. The advance was uneven, however, and some prominent shares sold moderately lower, among them United States Steel, American Telephone and Sears Roebuck.

Utility shares rallied to regain part of their losses of yesterday. Consolidated Edison, North American and Public Service of New Jersey were up \$1 or more.

Coppers remained in front of the advance. Roan Antelope jumped \$5 to make its two-day advance more than \$10. Chrysler, American Smelting, Allied Chemical, Anaconda, American Can, Westinghouse and other industrial favorites pushed up a few cents to more than \$2.

Transfers were around 3,600,000 shares, the largest aggregate since February 19, last. Today's closing prices for 32 selected stocks follow:

CHICAGO, Nov. 5. (AP) - Corn took the star role in the grain markets late today, and rose more than 2 1/2 cents a bushel.

Indications that the marine strike may bring to a halt the importation of huge quantities of Argentine corn into this country were largely responsible for the soaring of corn.

POLICE STAND BY ON SAN FRANCISCO WATERFRONT

The San Francisco waterfront remained quiet although maritime pickets took their posts as 37,000 marine workers walked out in a maritime strike. Extra police patrols, however, were ordered to the Embarcadero. Here are two police officers walking their beat, with groups of idling pickets close by. (Associated Press Photo)

FRENCH RIGHTISTS CLAIM PLOT AFOOT TO BRING REVOLT

PARIS, Nov. 5. (AP) - French rightists charged today a plot was afoot to provoke "agitation of a revolutionary nature" in the factory suburbs of Paris and other cities while a fresh wave of "stay in" strikes threatened a split in the government front just as parliament reopened.

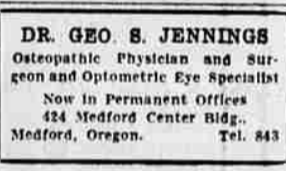

The rightist charge came from Col. Francois de La Rocque's social party, which distributed a communiqué instructing its members to beware of provocation and to keep in close contact with their leaders.

Three new strikes were called as a burst of invective between rightist and leftist deputies forced temporary suspension of today's initial session of the French chamber of deputies, a few minutes after it had been convened.

The communist deputy Ramette shouted "into the Seine with the fascists!" Immediately after Finance Minister Vincent Auriol had moved a discussion of finances. Answering, deputy Pollet-Duplessis cried: "We are not surrendering."

Speaker Edouard Herriot immediately suspended the session for the time being.
