

Wolves Hope to Lay Ancient SONS Jinx In Ashland Tilt Saturday

HOMECOMING DAY TO SEE CLASH OF ANCIENT ENEMIES

Comparisons Give Edge To Invading Monmouthites—Southern Oregonians Expected To Use Air Offense

ASHLAND, Nov. 6.—(Sp.)—Two of Oregon's most bitter football rivals are cocked and primed for their "big" game of the season—the Wolves of Oregon Normal, determined to smash forever the "jinx" that has kept clean the slate of Southern Oregon Normal in all homecoming games, and the SONS just as determined to uphold that tradition along with this mediocre pigskin year into one of the best in many.

The meet in Ashland Saturday, these two grid machines that have provided so many sensational battles in the past, and if there is any edge according to comparative scores against common opponents, it must be handed to the blue-shirted boys of Coach Al Cox.

The Wolves defeated the Oregon Frosh, 7-6. The SONS lost to that same team, 6-26. The Wolves were beaten by the Oregon State Rooks, 0-7. The SONS and the Rooks played a 13-13 tie. Against Albany, the Wolves won, 7-0 with second and third stringers while the SONS defeated Don Faber's team, 21-0.

Eberhart Picks Starters. After a week of furious practice, Coach Jean Eberhart of the SONS has finally decided upon a tentative starting lineup, subject to last minute changes. In the backfield, Ray Vandiver will hold down the blocking quarterback position; Arba Ager and Clyde "Tubby" Dickinson will take care of left and right half, respectively, and Al Esselstrom will be in the fullback slot.

Starting in the forward wall will be Darrell Leavens and Ken Schilling, ends; Justin Carey and Harry Johnson, tackles; Fred Carlson and Everett Sandberg, guards, and Hedrick Baughman, center.

From practice sessions the past week and intimations from Eberhart himself, it is apparent that the SONS will blast at Monmouth via the forward pass. Ager and Bob Dusenberry, the former's understudy, have been pitching to Leavens and Schilling all week.

Wolves Know Game. For color and sound fundamental football, Monmouth is undoubtedly tops in the entire state. In fact, L.

He's 'Automatic'

George Karamatic (above), 190 pound fullback of Gonzaga, has won acclaim as one of the Far West's best backs in the 1936 season. He's so good that Gonzaga fans have dubbed him "Automatic" Karamatic. (Associated Press Photo)

H. Gregory, sports editor of the Oregonian, after seeing the SONS and Monmouth play three years ago, remarked that plenty of coast conference teams could take a lesson from Monmouth on the development of an offense.

The largest crowd to witness a football game in Ashland this year is expected to be on hand. Monmouth won last year, 12-6. The opening kickoff is slated for 2:30 p. m.

Pine Association Business Moves Up

PORTLAND, Nov. 6.—(P)—The Western Pine association, in reports from 110 mills, sold today new business of 74,300,000 feet the past week complicated an increase of 13 percent over the previous six-day period. Shipments totaled 74,283,000 feet, and production 70,741,000 feet. Production for the corresponding week a year ago was 51,795,000 and orders were 41,430,000 feet.

FIRST ROUND IN P. A. T. GOLF TOURNEY OPENS EARLY SATURDAY

FULL HANDICAPS WILL PREVAIL IN 72-HOLE EVENT

Medal Play to Replace Pairing in Annual Fall Classic—Expect to End Tourney Before Thanksgiving Day

First rounds in the P. A. T. fall golf tournament at the Rogue Valley course will move away from the tee tomorrow morning, with the tournament set as a 72-hole medal contest with full handicaps, open to every member of the club. It is believed that the medal, instead of the handicap ratings, will allow the tournament to be over in two weeks instead of the contemplated six, allowing advantage of the fine weather now prevailing.

Winter rates of \$8.30 per month are now in effect, and apply to those who have never belonged to the Rogue Valley club, or who have played only intermittently. The winter rates will be in effect until May 1, and the board of directors has extended a welcome to all valley golfers. The course is now in fine condition, with record golf being turned in regularly.

Glen Jackson, an 18-handicap player, early in the week turned in a gross 77 game over the 18 holes, and Henry Hathaway on election day 1-putted the first seven greens for what is believed to be a course record. Shooting even par for the first nine holes he duplicated Jackson's 77 gross. As a result of the low shooting the handicaps of both have been lowered.

The medal style of play for the always popular P. A. T. tourney was decided upon today because of the late season in getting started. New members are asked to get in touch with Pro Donald MacPherson at the club, so that handicaps may be established for them.

It is thought probable that members will shoot 18 holes this week-end, 18 holes during the week, 18 next week end, and finish their 72 sometime during the following week so that the tournament will be ended by Sunday, November 22, just before Thanksgiving.

Low net, after the full handicap has been deducted, will establish the winner.

DUCKS SCATTERED AS PONDS FREEZE; FEW BEARS TAKEN

The following bulletin was issued today by the Rogue River national forest service: "Duck hunting in Upper Klamath lake is not exceptionally good at present. The smaller ponds and other feeding grounds have frozen over and the birds are scattered to the smaller streams or are staying out in the lake.

"Geese are coming into the marsh land and the shooting has been fair. Last week-end shooting results ranged from limits in two hours to very few birds. Should the weather become warm or should a storm occur this week-end, good shooting could be expected.

"Seven Mile creek west of Fort Klamath has furnished some good hunting this week, particularly after the cold weather froze the feeding ponds. Many ducks have been taken along Rogue river and Bear creek during the past week.

"Forest guards have reported seeing numerous bears around Robinson Butte, Brush mountain, Pelican butte and Lake of the Woods. Very few have been reported killed.

Hunters are now getting equipment together in preparation for elk hunting in northeastern Oregon. "The governor's proclamation, requiring permits to build camp fires and to burn slash in forest and brush land as well as the restriction on smoking while traveling, except on highways, is still in effect."

Sentence Porter To State Prison

Floyd A. Porter, charged with rifling the till of a Jacksonville highway service station, was sentenced to serve an indeterminate term, not to exceed two years, in state prison, by Circuit Judge H. D. Norton yesterday. Porter entered a plea of guilty. He was arrested in San Francisco, and returned here the first of this week. Porter admitted the crime. During the absence of the proprietor he looted the till of \$25.

HUSKIES, TROJANS, BOTH UNDEFEATED, FACE HARD TESTS

Washingtonians Meet Stanford—California Due to Give Troy Real Battle—Uclans to Play Oregon

SAN FRANCISCO, Nov. 6.—(AP)—Washington's Huskies and the Trojans of Southern California, both undefeated in the Pacific coast conference race, face stern tests tomorrow from teams which showed first sparks of power last Saturday.

Stanford, which provided the west's big upset last week end by thumping University of California at Los Angeles, meets Washington at Palo Alto and the Trojans clash with California in the Los Angeles coliseum.

The Indiana struck U. C. L. A. from the conference running, 19 to 6, for their first win of the season. They have practiced in high spirits, determined to knock the Huskies from conference leadership.

Washington, seeking its sixth straight conference victory, is heavily favored. California, which showed a surprisingly powerful attack in losing, 14 to 13, to Washington State, will give the Trojans a high stumbling block before they meet Washington next week end. Southern California with only a scoreless tie with Washington State to mar its record, had an open date last Saturday.

U. C. L. A.'s Bruins will attempt to revive their shattered hopes in a battle at Portland with the rugged University of Oregon Webfeet, who displayed a great defensive power in holding Washington to a 7-10 victory last Saturday and Washington State to a single field goal the week before.

Oregon State, in the conference cellar, tackles the unbeaten Washington State Cougars at Pullman. The Beavers broke their losing streak Saturday by beating Montana, 14 to 7.

In a non-conference skirmish here, the St. Mary's Gaels, back from a disastrous eastern campaign, clash with the Vandals of Idaho, victors over Gonzaga, 18 to 7, last week.

Closing time for Tu. Late to Classify Ads is 1:30 p. m. Use Mail Tribune want ads.

WADDELL, POMEROY TOP OPENING SHOOT

At the first record firing event of the season on the indoor range, Medford Rifle club turned in the following scores: Ivan Waddell 373, Pete Pomeroy 373, C. R. Richmond 372, Otto Howard 356, S. M. Tuttle 356, Mrs. Ivan Waddell 355, Harry Rinsberger 350, Pickwick Tuttle 339, Mrs. S. M. Tuttle 335, R. L. Edwards 372. Sunday morning will see more qualification shooting on the 30 calibre range, followed by a turkey shoot sponsored by Fred Sander at his old place on Crater Lake highway.

FRESNO FAVORED OVER WILLAMETTE GRIDDRERS

FRESNO, Calif., Nov. 6.—(AP)—Fresno State ruled a slight favorite today to defeat the powerful Willamette university team of Salem, Ore. in their inter-sectional football game here tomorrow afternoon. The contest will bring together two conference champions, Fresno State of the far western conference, and the Beavers of their northwest conference.

A bitter battle is anticipated, with a private duel between Eddie Dittenber, 200-pound Fresno fullback, and Dick Weisberger, Willamette's 210-pound line-crashing fullback, the high light of the offering. Both are seeking all-coast honors.

Bean Will Slash Radio Prices For Dollar Day Sale

In observance of Medford merchants' annual Dollar Days sale, C. D. Bean, Inc., has announced that he will feature three models of General Electric radios tomorrow at half price or less. There are many sets in each model to select from, Mr. Bean stated.

The General Electric radios which C. D. Bean, Inc., will offer to his patrons Saturday at sensationally low prices are all new models; every set is first quality and backed by General Electric. This sale will be continued next week, according to Mr. Bean.

26 MILLION WILL FILL OUT FORMS FOR OLD AGE AID

(Continued from Page One.)

plan are farm labor, servants and government workers. The board said the employee's form asks only such questions as name and address of the applicant and his employer, date and place of birth and parents' names. When the worker has filled it out, he may return it without paying postage in any one of five ways: By handing it back to the employer, by handing to any labor organization of which he is a member, to a letter carrier or delivering it to the postoffice, or addressing it to "Postmaster, Local."

Get Pension at 65. In a folder issued by the board, some of the following matter was listed as "information of general interest":

"The federal old age benefit system provides for retirement payments from the federal government to qualified persons, beginning at the age of 65. It was established by the social security act and goes into effect on January 1, 1937. Its purpose is to bring to those persons employed in the board fields of commerce and industry increased assurance of an independent old age. The system is administered by the social security board, Washington, D. C.

"Benefits are based on the wage record of the individual and are of three types: (1) Monthly benefits at 65; (2) lump-sum payments; and (3) death benefits.

"These benefits are based on total wages for work done in this country after December 31, 1936, and before a worker becomes 65 years of age. This includes every kind of work for an employer with a few exceptions.

"Wages of not more than \$8,000 from any one employer will be added together to make up the total wages. Every time the word 'wages' is used in this folder it means wages as explained in this paragraph and not wages generally.

"Get \$10 to \$85 Month. Monthly benefits will range from \$10 to \$85 a month and will begin to be paid on January 1, 1942. To qualify for this type of benefit an individual must be 65 years old, his total wages must be \$2,000 or more, and he must have earned wages for at least one day in each of five different calendar years.

"Lump-sum payments will be made to individuals who reach the age of 65 but do not qualify for monthly benefits. The amount paid them will equal 3 1/2 percent of their total wages.

"Death benefits will be paid to the estates of individuals who die before drawing monthly or lump-sum benefits equal to 3 1/2 percent of their total wages."

FIVE HOUR ROUGHHOUSE STAGED IN FILMING OF LATEST M'LAGLEN EPIC

HOLLYWOOD, Calif., Nov. 5.—(AP)—For more than 20 years the movie industry conceded that the most ferocious fight ever shown on the screen was the one staged by Tom Santschi and William Farnum in "The Spoilers."

There have been thousands of scenic bravas since then, but none was considered equal to the first.

Today, however, film people said the scene in the 1915 picture had been topped by one made yesterday in "Coast Patrol."

Victor McLaglen and Preston Foster, evenly matched in weight and size, battered each other around for five hours without a stop even for luncheon. Both men were given hospital treatment after the fight.

Both of Foster's fists were lacerated. McLaglen complained of badly bruised stomach and chest muscles. Each had a few facial contusions. McLaglen's costume is a coast guard uniform, covered with medals. It was these that cut Foster's fists.

TWO STAR BACKS LOST TO BEAVERS

CORVALLIS, Nov. 6.—(AP)—Optimism retreated hurriedly from the immediate vicinity of the Oregon State football team today along with Halfback Joe Gray and Quarterback Bill Duncan.

These backfield aces, counted upon heavily to bring an upset victory against Washington State at Pullman Saturday, were reported out of the lineup with injuries.

Coach Lou Stiner said the boys were "unfit physically for any football game this week."

Gray has an injured ankle and Duncan a bad knee.

Revanping his first string, Stiner expected to start Holy Holcol min Duncan's job and either Bob Mountain or Ray Woodman for Gray.

PULLMAN, Wash., Nov. 6.—(AP)—Washington State College football stock received another boost today in the announcement. Bob Campbell, tough 200-pound guard, would be back in the lineup for tomorrow's Oregon State game here.

Campbell, a starter in the early games, was injured in the Southern California game three weeks ago.

STOP WEAR LUBRICATION SERVICE

COLD-WEATHER PROTECTION FOR YOUR CAR

GUARD YOUR GEARS BY CHANGING NOW TO UNION FRICTION-PROOF WINTER-WEIGHT GEAR OILS

AUTOMOBILE engineers say "change gear oils every 5000 miles." Now's the best time to make this change because old gear oils become too thick during cold weather. They not only fail to lubricate, but they cause excessive "oil drag" which cuts power, uses extra gasoline, boosts driving costs.

Have a Stop-Wear dealer give your car a thorough winter check-up. Drain differential and transmission and refill with winter-weight Union friction-proof gear oils. These oils will eliminate excessive winter wear, and assure easier shifting, easier starting, extra power, and quicker pick-up.

And besides, this inexpensive change actually pays for itself in a few thousand miles through increased efficiency of your car and gasoline saved.

See your Stop-Wear dealer today.
