

Selected Stocks Reach New High Levels--Steel Wages Increased

TRADING SLOWED AFTER FAST PACE IN EARLY HOURS

Some Customers Taking Profits — Steels Tilted Downward by Heavy Pay Increase Announcements

NEW YORK, Nov. 6.—(AP)—While selected stock market issues forged into new high territory for the recovery today, selling of the steel and other recent leaders effectively put the brakes on the post-election rally. See-saw trading trends, however, slowed the trading pace after the ticker tape was behind for almost an hour and a half in the morning. Transfers were around 2,700,000 shares.

Although progressive economic developments helped to buoy sentiment, brokers said some of their customers were not loath to cash in at least part of their profits which had piled up in past weeks. The downward tilt in the steel accompanied announcements of wage increases by important companies in this industry.

A less than seasonal decline in last week's freight loadings failed to stimulate the rails, although the majority were not too depressed.

Shares of Loew's were in the lead with a gain of more than 3 points. Others in front included Wright Aeronautical, Amerasia, Dupont, General Railway Signal, Pressed Steel Car, Patino Mines, Chrysler, American Rolling Mill, Columbia Pictures, Schenley, National Distillers, Distillers Corp.-Seagrams, Hiram Walker, American Metal, Gimbel and American Telephone.

Andes Copper dropped 10 points or so. Johns-Manville was off nearly 4. Today's closing prices for 32 selected stocks follow:

PORTLAND RETAILING HOLDS AVERAGE GAIN

PORTLAND, Ore., Nov. 6.—(AP)—Lun & Bradstreet said today retail sales in the Portland area maintained an average gain of 10 to 20 per cent the past week but that "this may be reduced the next week as the unemployment occasioned by the marine strike becomes effective."

The report also said "in wholesale circles some cancellations from rural merchants have been received" and that "the movement of fruits and other perishables is causing concern."

Collections were reported slowing up but still satisfactory.

TURKEY BUYING OPENS AT 18 CENTS POUND

PORTLAND, Ore., Nov. 6.—(AP)—Market sources said today four major buyers began purchase today of Oregon's 1936 turkey crop—the largest on record—at 18 cents a pound for dressed birds. The price is about 4 cents lower than a year ago.

Reason given for the lower price included a possible surplus crop, an abundant Utah yield and the loss of Honolulu and Alaskan holiday markets due to the shipping tie-up. Last year 125,000 pounds went to Honolulu and 50,000 pounds to Alaska.

GENERAL INCREASE GRANTED WORKERS IN STEEL PLANTS

NEW YORK, Nov. 6.—(AP)—A general increase averaging about 10 per cent in steel wages, benefiting chiefly lower paid workers, was announced today by leading units of the industry.

More than 160,000 of the industry's 475,000 hourly wage earners, it was estimated, were in line for pay boosts, effective November 16, as result of the initial announcements by two subsidiaries of the United States Steel Corp., and by Bethlehem Steel.

The American Steel & Wire company a subsidiary of the United States Steel corporation, also announced a wage increase of 10 per cent affecting 5700 employees of its Cleveland plant.

Based on the combined payrolls for 1935 of all U. S. Steel Corp. subsidiaries and those of Bethlehem, today's increase in payrolls was indicated at about \$33,000,000 annually. With increased employment this year, however, and higher wage rolls, workers will receive a greater lift in compensation than these figures indicate.

Bethlehem, in a terse announcement, said the basic labor rate would be raised 5 1/2 cents an hour, "with equitable adjustments in other rates of pay." Carnegie-Illinois, from Pittsburgh, announced a like boost in the basic rate for workers in its McKeesport plant.

The average basic rate for the industry, according to the American Iron & Steel Institute, has been around 47 cents an hour, with variations for districts.

The latest was the third major boost stepping the average basic rate up from about 35 cents in 1933, around the depression depths.

Crater Travel Higher—Tourists at Crater lake national park in October numbered 7,889, an increase of 71 per cent over the number of visitors a year ago, officials announced today. With favorable weather prevailing, tourists continue to visit the resort in large numbers. There is no snow at the park and all roads were said to be in good condition.

LOCALS

Tonsils Removed—Mrs. W. J. Edens of Jacksonville underwent an operation for the removal of her tonsils at the Osteopathic hospital today. Mrs. Emery Butts of Provoit had her tonsils excised yesterday.

Returns to Crater—Berl Sexton, telephone technician at Crater lake national park, was to return this afternoon to the mountain resort after conferring with officials here. He arrived here yesterday.

Bauer in Ashland—Medford residents calling in Ashland recently included Bruce Bauer, who transacted business there Wednesday, and Les Hammarley and C. J. Bralley, who also called Wednesday.

Von der Helgens Have Baby—Announcement has been made of the birth of a daughter to Mr. and Mrs. Donald von der Helgen in Portland October 21. The baby weighing four pounds and six ounces, has been kept in an incubator since birth. The von der Helgens are former residents of the valley and have many friends here who will be interested to hear of the event.

To Union Creek—K. P. McReynolds, assistant United States forester, left this morning for Union Creek where he was to organize a crew of ERA workers who will cut lodgepole in the area about seven miles above Union Creek on the Diamond lake highway. The lodgepole will be thinned to give white pine trees a better chance to develop, the forest service explained.

Dwelling Completed—The five-room dwelling and garage for the forest guard at the Umpqua divide station on the Tiller-Trail highway have been completed and the house is ready for occupancy in the spring. It was announced today by the Rogue river national forest service. Construction will be done by ERA workers under supervision of R. B. Langston of Central Point as foreman. The dwelling is rustic in design, in harmony with its surroundings.

Construction will be done by ERA workers under supervision of R. B. Langston of Central Point.

To Start Construction—Work will start soon on the construction of a dwelling and garage for the warehouseman on the warehouse property owned by the Rogue river national forest service on McAndrews road. It was announced today. Plans are now awaiting approval at the regional office in Portland and construction will start as soon as the blueprints have been passed upon, it was said. The dwelling and garage will be rustic in design. A fenced yard and driveway will also be included in the project.

HEPPNER, Ore., Nov. 6.—(AP)—The Heppner city council voted to appropriate \$8,000 for street improvement providing PWA aid can be obtained for the balance of improvement on 15,000 feet.
