Varied Activities Planned For Day

Armistice Day, always a popular holiday, found Medford social activities during the day on the informal side, with many holding open house for friends or spending the day out of town.

Attention this afternoon for those who remain in town will be centered on the football game, with dinners and private gatherings to follow. The evening spotlight is concentrated on the American Legion dance, a number entertaining at home before continuing to the larger affair.

The opening of the San Francisco bay bridge tomorrow is taking several residents south, but a large number have elected to remain at home for the midweek holiday.

Lester Scott Is Married In North.

Valley friends are greeting Mr. and Mrs. Lester Scott of Roseburg, who are the guests of Mr. Scott's parents, Mr. and Mrs. E. E. Scott in Central Point.

The young couple were married in Roseburg, October 20. Mrs. Scott was formerly Miss Ruth Fried of that city.

The visitors arrived in Central Point yesterday and plan to remain over today before returning north.

Mulrheads Leave For San Francisco.

Among the several Medford people attracted to the bay area recently are Mr. and Mrs. W. H. Mulrhead, who left on the Shasta last night for San Francisco.

Mr. and Mrs. Mulrhead are joining the throng of San Francisco visitors for opening ceremonies of the San Francisco bay bridge tomorrow. The event is drawing visitors from all over the United States.

The Other Woman Lives Just Around the Corner

It may seem unreasonable, but most men cannot understand why a woman who is usually happy and loving should have recurring periods when her whole character seems changed. He cannot appreciate the distress, the discomfort that all women must endure. He does not know what it is to do housework with an aching back and falling energy. All he does know is that other women seem more cheerful by comparison.

Are you such a three-quarter wife? Don't let the ordeal that all women face cause you avoidable discomfort or endanger your home. Do as so many wise women have—try Lydia E. Pinkham's Vegetable Compound.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature take up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood, 2. Preparing for motherhood, 3. Approaching "middle age."

Don't be a three-quarter wife; take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go "Smiling Through."

Arrangements are being completed for the initiation and reception of affiliated members of Reames chapter, O. E. S., tomorrow evening. This is to be the last initiation of the year and a large crowd is expected by those in charge. Time is announced as 8 o'clock.

A cordial invitation to attend the ceremonies is extended to all visiting members by Mrs. C. M. Houston, matron, who also urges all members to be present.

MARINE STRIKERS SEEK PROTECTION NEW YORK POLICE

Slashing of Seaman Brings Hint From Leader Violence May Result—Situation Tense in Other Ports

(By the Associated Press.)

Police protection for "striking" maritime pickets was sought in New York today, and the situation likewise remained tense in other blockaded ports.

Joseph Curran, chairman of the seamen's defense committee, which called the New York harbor walkout eight days ago, declared, "We insist we will do our utmost in maintaining peace and order on the waterfront, but if our men do not receive the necessary protection we will be forced to protect ourselves."

Curran's statement followed the slashing of a strike picket.

In San Francisco, where the strike began 13 days ago after a deadlock on "fundamental issues," the maritime commission's investigation was to be resumed tomorrow.

Union leaders claimed 178 ships were strike-bound in Pacific coast and Hawaii ports and declared 247 more were tied up in Atlantic and Gulf ports. Over 800 travelers are marooned in Honolulu.

The Northwest strike committee of the maritime unions at Seattle voted to free "fair" cargo stored in waterfront warehouses but had not decided whether to handle perishable cargo aboard ships.

At San Pedro, Cal., U. S. Marshal Robert Clark abandoned efforts to enforce a federal court order directing him to unload a \$10,000 banana cargo from the steamer California, and 50 members of the Industrial Union of Marine and Shipyard Workers were to vote tonight whether to strike tomorrow.

HOOD RIVER GROWERS SEE BENEFIT IN DROUGHT

HOOD RIVER, Ore., Nov. 11.—(P)—Sometimes even abnormally dry weather has its advantages—although they are usually outweighed by liabilities, fruit growers opined today. In expressing a wish for more rain, the growers said the recent fall weather has been ideal in bringing fruit trees to a state of dormancy, and that there appeared no danger

that early freezes might damage green leaves, as was the case in 1935.
