

PHONE PIONEERS HEAR PROGRAM ON NATIONAL HOOKUP

Employees Organization Observes Silver Anniversary in Unique Manner—Toll Wires Link Banquets

Joining with similar groups throughout the United States and Canada, officials and employees of the local Pacific Telephone and Telegraph company office gathered at the long distance office last night to hear a special hook-up broadcast of a program in observance of the silver anniversary of organization of Telephone Pioneers of America.

The program, originating in NBC studios in New York City, was sent out over the telephone wire circuit instead of through radio broadcasting stations and did not come over the air. It was heard only by telephone employees in offices where the hook-up was arranged.

Three Pioneers Here Pioneer members are those who have been with the telephone company for 21 years. Medford members are R. B. Hammond, manager; J. H. Ralston, wire chief; and Jacob A. Gorby, transmission man, who was recently transferred here from California. The association was organized in Boston in 1911.

Graham McNamee acted as master of ceremonies for the broadcasted dramatization of the growth and development of the telephone, presented by the March of Time players. Incidents portrayed in the history of the instrument ranged from Dr. Alexander Graham Bell's first spoken words over the primitive telephone, "Mr. Watson! Come here, I want you!" to descriptions of the myriad services of today's international telephone system.

A feature of the program was the broadcasted telephone conversation from Newark, N. J., to London, England, by officials in commemoration of the event.

Banquets Linked Switches to banquet gatherings in several cities brought addresses by officials throughout the country over the wire. Among those speaking was J. M. Gilpatrick, president of the New York Bell telephone company and president elect of the pioneer group who originated the plans for this celebration, the first of its kind ever arranged. The whole hook-up was to illustrate the unity and ease

Everyday Cooking Miracles

BY VIRGINIA FRANCIS Director Hotpoint Electric Cookery Institute

"Do you like ice cream?" Ninety-nine times out of a hundred the answer is sure to be an emphatic "yes." One might as well ask if people breathe, so truly is ice cream the universal favorite.

"That insulation is certainly a gift of the gods" on a hot day, when you want to bake a cake or cook a roast. You'll find that the electric range will perform other miracles for you, too, such as cooking whole meals while you enjoy yourself at the lake or take Sonny for a walk. The

Even ice cream can be served on the smooth table-top surface of the modern electric range without danger of melting.

we enjoy a dish of some frozen dessert and just "let the rest of the world go by." And, somehow, we'd rather prepare that frozen dessert ourselves than buy it, especially since we've discovered a grand recipe to use. It's for a pineapple marlow which is made with a fluffy melted marshmallow base.

Yes, most ice creams are cooked before going to the refrigerator and the cooking usually requires a double boiler because of the easy-to-scorchness of the ingredients. However, not so with the new automatic electric range. On the low, controlled surface heat units of this miracle range, marshmallow and delicate egg mixtures may be heated in an ordinary saucepan without any danger of burning and a la Amos 'n' Andy, "Ain't That Sumplin'?"

Range Is Cool Sumplin' else, too, is true—you can even "dish up" frozen desserts in sherbet glasses placed on the smooth, convenient working top of the electric range—yes, even if it's been "going." The ice cream won't melt—that is, from the heat given off by the electric oven, because there simply isn't any. That's because the excellent oven insulation of the electric range keeps the heat where it belongs—inside the oven.

of communication prevalent in the world of today.

A stone coffin, believed to be more than 1,000 years old, has been unearthed at Coombe Down, near Bath,

"chef's brain" or timer-clock is the cause of this miracle. It starts food cooking at the time for which you've set it—and it turns the oven heat off for you, as well. But we're speaking about the frozen dessert that we've promised would make you really enjoy the summer heat—you'll be wanting to make it the first chance you get. It's very simple to make—and oh, so "lush."

Pineapple Marlow (Serves 6)

- 2 packages (or 1/2 lb.) marshmallows
2 tablespoons pineapple juice
1 cup crushed pineapple (drained)
1 tablespoon lemon juice
1 cup whipping cream (whipped)

Heat the marshmallows and 2 tablespoons pineapple juice in deep saucepan on the surface unit of the Electric Range. Have switch turned to Low. Stir the mixture constantly, heating only until marshmallows are a little more than half melted. Remove from unit and continue folding until the mixture is smooth. Cool. Add the crushed pineapple and lemon juice. Then fold in the stiffly beaten cream. Place in freezing tray of mechanical refrigerator and freeze without stirring.

England. It is believed to be a relic of the Roman occupation of England.

Careless smokers caused 47,845 fires in the nation in 1935—23 per cent of all forest fires.

ACTIVISTS TO AID SONS TICKET SALE

Ashland Active club today was pledged to assist in the sale of season tickets to Southern Oregon Normal school basketball games to help provide funds for the purchase of construction of portable bleachers to bring seating accommodations up to capacity. The club voted to conduct the selling campaign at its regular meeting Wednesday night.

The club also went on record as favoring installation of lights at the Ashland high school athletic field and voted to give the project further consideration.

Plans were announced for the dinner-dance to be given next Wednesday night at the Chateau under the joint auspices of the Ashland and Medford Active clubs.

Williams Creek

WILLIAMS CREEK, Nov. 20.—(Sp.)—A number of relatives met at the home of Mr. and Mrs. C. W. Roberts Sunday in a family reunion. When the Roberts family of four brothers and two sisters, with their families, moved from Ohio to Missouri in the early seventies, settling in different parts of the state they established a yearly family reunion which was observed as long as they were alive. Now their descendants, quite a number of whom live in southern Oregon, are reviving these reunions. Those present at the C. W. Roberts home Sunday were Mr. and Mrs. John Roberts and daughter Lula, Mr. and Mrs. Charles McClain, Mr. and Mrs. George McClain, Mrs. Maecie Wright of Phoenix, Dr. and Mrs. Frank Roberts and daughter Pauline, and granddaughter Betty Paulk, Mr. and Mrs. Floyd Watkins and two daughters Evelyn Jean and Phyllis, Mrs. Mollie Wilcher of Medford, Mr. and Mrs. Lem Hughes and T. R. Hughes, Mr. and Mrs. Sheldon Bennett, Mr. and Mrs. John Savage of Peru valley, Mr. and Mrs. Henry Bennett and daughter Carol of Williams and the host and hostess, Mr. and Mrs. C. W. Roberts.

Dr. and Mrs. Fryer of Portland were guests at the Glen Hunter home last week. A party of four were up in eastern Oregon during the hunting season. Each one brought back a deer, Dr. Fryer's being the largest, dressing 186 pounds.

A forest fire has been burning in the vicinity of Grayback for more than a week. Low visibility prevented the discovery of the fire until it had been burning four days. Some 225 CCC men from Camps Wimer and Prescott are fighting the flames. There is some merchantable timber. It is estimated between 100 and 200 acres are being burned over. John Kincaid, state fire warden, is directing the fire fighting operations. Port Orford cedar and fir grow in the district.

Mr. and Mrs. Clayton Stone are both ill with pneumonia. Mrs. Stone is in the hospital at Grants Pass. Mr. Stone is at the home of their daughter, Mrs. H. Mote, in Grants Pass.

C. B. Hill who is in the Sacred Heart hospital at Medford remains about the same.

Miss Bertena Elmore who is teaching at Antelope, Ore., is home on a two weeks' vacation. Her school is closed on account of chickenpox.

The Brittan family have purchased the Bert Banks farm and have taken possession. Mr. Hoffman who was living there the last two years, has moved to Medford.

Billy Wilson, Sam and Elmore Parker, local boys, are all working at a chemical works near Mojave desert in California.

Roy Varner visited a few days at the home of his parents, Mr. and Mrs. Joe Varner, before leaving for Los Angeles where he will spend a few days, then go on to Tennessee for an indefinite stay.

Alfred Larrimore is building a new barn. The roof of the Chas. Holland home has been re-shingled and the Oliver Pick home has an addition of a new front porch. Bert Holzhauser is installing a water system with hot and cold water, bath, toilet, sink and lavatory.

Mrs. Bill Lerramon drove the school bus with the boys' and girls' basketball teams to Sams Valley for a game in which both of our teams were defeated.

Long Mountain

LONG MOUNTAIN, Nov. 20.—(Sp.)—Turkey picking is in full swing in this district. It started November 16. Those who do not own turkeys to have picked are out picking for their neighbors.

Mrs. Eva Nichols spent November 8 visiting Mr. and Mrs. Nettwick. Mrs. Homer Brown from Central Point and Mr. and Mrs. W. L. Lawson of Medford had dinner with Mr. and Mrs. George Lawson November 10. A birthday dinner party was given November 7 at the Pearl Stowell home. Those attending were Mr. and Mrs. George Stowell, Mr. and Mrs. Pearl Stowell and granddaughter, Patay, Merrill, Gerald, Harry and Carl Mitchell. Those having birthdays were George Stowell, Pearl Stowell and Merrill Mitchell.

We want to welcome our new neighbors who just moved in our community, Mr. and Mrs. Charley Moomaw from California, who purchased the ranch that formerly belonged to J. E. Stowell, who has recently moved to Suite Falls. Another birthday dinner party was given at the home of Mr. and Mrs. E. L. Stowell November 15. The dinner was given for John Smith, George Stowell, Chester Smith and Irene Stowell. Those attending were Mr. and Mrs. George Stowell, Mr. and Mrs. John Smith, Hazel Chase and Chester Smith.

Those picking turkeys in this district are Mrs. Boren, Mr. and Mrs. Nick Young, Mr. Kline, Mr. and Mrs. P. M. Stowell, Mrs. Ruth Nettwick and Mr. and Mrs. Lawson.

Dramatically Accused

Brig. Gen. Henry H. Denhardt, 60-year-old former officer, is pictured as he sat at the inquest into the death of his socially prominent fiancée, Mrs. Verna Garr Taylor, 40, just before he was unexpectedly arrested and charged with shooting her. Mrs. Taylor's body was found in a roadside ditch with Denhardt's revolver nearby. He was released on \$25,000 bond. (Associated Press Photo)

The Grange

Phoenix Grange. The Booster Night program Tuesday night, at which a large number of local people were entertained by the Grange, was pronounced a huge success with all present enjoying a social time.

A program explaining Grange work was conducted by the lecturer, Olive Floyd. The program included singing led by the music committee, Mildred Ward and Vaughn Quisenberry; talks, "Accomplishments of the Grange," by George Andrews of Bellevue Grange; "The Grange Co-Operative," by Lester Newby of Phoenix Grange; "Grange Insurance," by O. C. Maust of Central Point Grange; "The Grange Purchasing Committee," by Henry Conger of the Jacksonville Grange; "Origin of the Phoenix Grange," by Ray Ward of Phoenix Grange; "The Home Economics Committee," by Mrs. Rickett of Gold Hill; Mr. Gentner of the experiment station gave an interesting talk on "Insects"; musical numbers were also enjoyed.

Following the program a dance was held with Mr. and Mrs. Boone furnishing the music. Refreshments were served by the Home Economics committee. Several new members were secured, and more prospects are in view. Home Economics committee met at the home of Mrs. Olive Floyd all day Wednesday with covered dish lunch.

son at noon. Twelve ladies were present. Mrs. Rickett and Mrs. Fish of Gold Hill Grange were among visitors present.

Among topics considered was the Christmas party for the club, to be held at the home of Mrs. Ray Ward in December. Each member is asked to attend and bring some gift, to be exchanged by some unique method to be worked out by the hostess.

Grange will meet in regular session next Tuesday night.

Committee in charge of refreshments is Mr. and Mrs. Harvey Wright, Alfred Wright, Mrs. Margaret Germer, and Mr. and Mrs. Frank Denzer. A dance will be given by this Grange November 27, the night following Thanksgiving.

ASHLAND ELKS HOLD SMOKER TOMORROW

Plans were completed today for the annual smoker to be held by the Elks lodge in Ashland tomorrow night to raise funds for Christmas charity. Usual entertainment features will be presented, including 19 rounds of boxing. Climax of the event will be a crab feed. Medford Elks and their friends are invited.

Save Oldest Home

CANYON CITY, Ore., Nov. 20.—(AP)—Instead of prying into the rich gravel beneath the structure, this community has put a new coat of paint on the old Lucas home—a frame structure built in 1884 and now revered as the oldest man-made landmark in this area.

Phone 542. We'll haul away your refuse. City Sanitary Service.

Bathing Beach Lost THE DALLES, Ore., Nov. 20.—(AP)—It seems there's always a flaw—The Dalles is welcoming the completion of the \$250,000 dock and water terminal but plans already are under way to procure federal funds

with which to construct a petarium to replace the beach now used in the dock program.
