

# LEVERETTE BUYS LOT IN ASHLAND

Announcement was made today that Walter H. Leverette, Medford business organizer, has purchased part of the vacant lot next to the Jordan Electric company in Ashland from G. M. Green.

Mr. Leverette bought the property just before leaving for the east and did not state what his intentions were regarding possible development of the land or the erection of a building thereon.

After buying the land in 1935 Mr. Green improved the lot by excavating it to sidewalk level.

## Table Rock

TABLE ROCK, Nov. 20.—(Sp1)—The long unbroken wave of dry weather is seriously retarding farm operations here and unless rains are coming very soon there will be a small acreage of fall sown grain.

The usual fall pasture also failed to materialize on account of no early rains and some stockmen have already commenced feeding their winter's supply of hay.

Several cans of fat lambs were shipped recently to the San Francisco markets by sheep men in this district.

Mrs. A. L. Seabrooke is making an extended visit with relatives in California.

Mr. and Mrs. M. B. Chase returned recently from a several months' visit with relatives and friends in the New England states.

J. L. Nealon has begun the annual winter feeding of beef cattle.

The regular monthly meeting of the Table Rock Community club will be held at the school house Friday night, November 20. Instead of the usual business meeting and program the evening will be spent by the members in partaking of a bountiful Thanksgiving dinner. The committee in charge of the dinner asks each one to bring table service.

Several local ladies attended the cooking demonstration at Sams Valley last Friday.

"Little Danie" Cupid has been working overtime among Table Rock-

ers, judging from the number of recent marriages concerning people from this community. Weddings during the last month were those of Howard Gault and Edith Sage, Glen Wilson and Jessie Seabrooke and Claude Wilson and Bemo Kimes. Mr. and Mrs. Gault are making their home in Medford, Mr. and Mrs. Glen Wilson are living in Seattle, Wash., and Mr. and Mrs. Claude Wilson will reside in Medford.

At the last regular Community club meeting the following officers were elected: president, Mrs. Margaret Russell; vice-president, Mrs. Leta Kyle, and secretary-treasurer, Miss Avis Ayers.

Several from this community are busily engaged in picking turkeys. Building activities have taken quite a spurt here. E. C. Hamilton is excavating for a new dwelling house. Lloyd Hamlin is hauling lumber for some new buildings on his ranch, while re-roofing and construction of a garage is going ahead at the Nealon ranch.

Thorson Brothers of Beall Lane have finished pulling 17 acres of ap-

ple trees for E. W. Carlton. Mrs. Schaffer has had five or six acres of young pear trees taken out at her orchard.

Mrs. Una Inch visited the school Monday.

Walter W. Rose, of Orlando, Fla., president of the National Association of Real Estate Boards, says today residential properties of the United States are 97 per cent occupied, as nearly as can be estimated.
