

LOCAL AND PERSONAL

League Meeting—Zion Luther league will meet for regular business and social session tomorrow evening at the home of Earl Fichtner, 824 South Holly street.

Attend Game—Among those from Medford driving to Corvallis over the week-end for the U. of O.-Oregon State football game yesterday were Leonard Mentzer, Russel Acheson and Kenneth Scott Wood, who left Friday afternoon.

Church Meeting—Women of the First Methodist church will meet for home coming in the church parlors at 2 o'clock Tuesday afternoon. All are asked to make a special effort to attend as plans are to be completed for the Christmas bazaar to be held December 4 and 5.

Takes Position Here—V. M. Dinwiddie, graduate pharmacist of Oregon State, arrived here Friday morning from Portland to accept a position at Young's drug store. He has had ten years of experience in prescription work, having been employed recently in Portland.

To Present Program—World Wide guild of the Baptist church will have charge of the missionary program at the church Tuesday evening at 7:30 o'clock. Topic is "Companions Long the Way," devotionals, "Under Constitution," and playlet, "Aunt Elizabeth's Missionary Tea."

With 7th Infantry—Earl R. Hilton, son of Mrs. Charles Hilton, of Phoenix, is now serving with the 7th Infantry at Vancouver Barracks, Wash. He enlisted in the army on January 1924, for service in the Hawaiian department. He completed his foreign service and was returned to the United States to complete his enlistment on August 7.

Visitors Go Fishing—A fisherman who made so many trips to the Rogue river that the fish are practically acquainted with him is Ed Eckland, of Los Angeles, Pacific coast representative of the Dobbs Hat company, who spent several days recently with W. F. Isaacs making his annual catch. Another ardent angler who also reported excellent fishing was S. I. Morton, of New York City, secretary and treasurer of the Dobbs Hat company of South Norwalk, Conn., who accompanied Mr. Isaacs up the river last week.

On Naval Leave—Byron M. Bostwick, son of Bert C. Bostwick, of Grants Pass, is home on a 20-day furlough from his duties as hospital apprentice second class at the Mare Island hospital, Vallejo, Cal. He is in Medford yesterday with Judge F. L. Houville of Jacksonville, member of the Oregon state highway commission, whom he is visiting. Judge Houville took Bostwick on a 1500-mile tour of northern and eastern Oregon with the full state highway commission a few days ago and yesterday the two of them visited Ernest M. West, navy recruiting officer here, at his office in federal building. Bostwick enlisted in the navy here September 17, 1935. After three months of preliminary training at San Diego he was chosen for a 16 weeks' course in the hospital school operated by the navy in the same city. "He's a mighty fine boy," Judge Houville said of him.

To Aid Needy—Everyone imbued with a charitable spirit was invited by Chief Roy Elliott yesterday to attend the firemen's annual charity ball to be held in Oriental Gardens Thanksgiving night, November 26. As in the past, the entire net proceeds of the dance will be used in repairing and repainting discarded toys for distribution to under-privileged children at Christmas. Chief Elliott pointed out that the funds are used for supplies and the firemen do the work gratis, he stressed. Were it not for this charitable work, hundreds of Jackson county children would have a cheerless and unhappy Christmas, the chief said in pleading for support for the ball. Whipple's eight-piece orchestra will provide music for the dance, the stage will be especially decorated for the occasion and maid and valet service will be available in the check rooms, he stated. Tickets may be procured now from professional and volunteer members of the fire department or at the Jackson County Chamber of Commerce.

Lecture Tuesday—Mrs. Walter Clifton will lecture on "What Have I To Be Thankful For" Tuesday evening at 8 o'clock at the Medford Truth Center, 204 North Ivy street.

Fishing in Chetco—Grant Neeley, supervising mechanic of the Rogue river national forest service, is spending the week-end fishing at the mouth of the Chetco river.

On Leave—Jack Gill, in charge of the Rogue river national forest service warehouse on McAndrews road, is on a two weeks' leave of absence. Yesterday he and K. P. McKeon, assistant forester, spent the day fishing on Little Butte and landed a mess of rainbow trout.

Flying Home—Berkeley Brandt, student at the University of Washington, landed at municipal airport yesterday noon in his Fairchild plane. He was en route from Seattle, Wash., to his home in Berkeley, Cal., for the Thanksgiving recess. After having lunch in town, he continued his flight south.

Relative Dies—Mr. and Mrs. W. O. Webster motored to Marshfield Friday afternoon, having been called there by the sudden death of C. J. McKipe, brother-in-law of Mrs. Webster. Mr. McKipe was a frequent visitor in Medford and had numerous friends in the Rogue river valley.

In New Post—Ansl Pearce, protective assistant at the Union Creek CCC camp, has been appointed by the Rogue river national forest service as scaler for the Pelican Bay Lumber company timber sale northeast of Crater lake national park. He will leave for the logging site tomorrow. As scaler he will check the volume of timber cut by the company.

Eight Initiated—Eight new members were initiated by Medford lodge of the Fraternal Order of Eagles at its early weekly meeting in the West Main street lodge hall Friday night as the final week of the membership campaign was begun. It was one of the largest lodge meetings of the year and after the business session the social and its auxiliary united for a social evening of dancing. Refreshments were served.

Hunting Better—The following bulletin was issued yesterday by the Rogue river national forest service: "Duck hunting is somewhat improved on Upper Klamath lake over last week-end. Warmer weather has thawed some of the ice and there is more open water. Geese are quite numerous and are feeding in the swamp around the lake, making shooting very good. The grass and tules in the swamps are still very dry and hunters should be careful about fires. Several fires have already been started in the swamp and in timber around the swamp. One of these burned over about 1000 acres of feeding and nesting grounds for ducks and geese."

Transfers Prisoners—E. G. Narregran, United States deputy marshal, left for Klamath Falls yesterday to transfer two federal prisoners to Portland. He was to continue directly from Klamath Falls to the northern metropolis.

Kiwanis Speaker—Edwin D. Hicks will be the principal speaker at tomorrow's luncheon-meeting of the Kiwanis club in the Hotel Medford. He will speak on "Regulation of Security Issues." Mr. Hicks was formerly assistant United States attorney at Portland and is now associated with A. E. Reames in the practice of law here. Turkey will be served at the club's part in carrying out the Jackson County Chamber of Commerce plan to reduce surplus turkey stocks. The club has also asked its members to help carry out the plan individually. Tomorrow's program was arranged by Al Puchner.

Construction of Eagle Point's new water system was underway yesterday with probability that the job would be completed before expiration of the allotted five months. It was contemplated that major part of the construction would be finished by January 1.

Meantime Eagle Point was still suffering from a shortage of water, it being reported that all but two of the town's wells were dry. The two wells have been utilized generously and some of the citizens have been transporting water in tin containers from Medford.

The water system is being constructed by the Lillebo & Bernhardt company of Reedsport. Tom Lillebo, member of the firm, arrived in Eagle Point Thursday to take charge of the work. Construction is being supervised by A. B. Hicks, assistant resident engineer inspector for the public works administration.

Contract calls for construction of a reservoir and distribution system, including installation of hydrants. The reservoir is to have a capacity of 53,000 gallons, considered enough for three days' normal consumption should a break in the pipe-line or shut-off occur. It is expected that installation of the water system with hydrants will materially reduce fire insurance rates.

The new system is to be linked with the Medford pipe line from Big Butte. Eagle Point will pay Medford for the water consumed at wholesale rates, a meter to register the consumption at the intake, it was stated by Robert A. Duff, superintendent of the water commission here.

The project will cost a total of \$16,563.25. Of this amount the PWA made an outright grant of \$7,364 and the remainder was provided by Eagle Point through a bond issue.

75 PAST MASTERS OF MASONRY HOLD TURKEY BANQUET

About 75 attended the annual past masters' night which was observed Friday evening at the Masonic temple by Medford lodge 103, A. F. and A. M. Dinner was served by members of the Eastern Star, turkey having been chosen for the menu to help carry out the Jackson County Chamber of Commerce plan to aid growers by reducing the surplus stocks of birds.

Present lodge officers were photographed in a group by the Peasley studio. A regular stated communication of Medford lodge was held and past masters of other lodges were called upon for brief talks. Roster of past masters of Medford lodge was read by O. O. Horner, present worshipful master. The lodge, Mr. Horner recalled, was organized under dispensation in 1891 and was chartered in 1892.

Ernest A. Faber of the Central Point lodge was a visiting master. Visiting past masters who made short talks were:

- W. H. Bishop, Portland lodge No. 55.
 - W. J. Kimball, Prince Rupert lodge, Winnipeg.
 - Maynard Bush, Ivanhoe lodge No. 446, Kansas City, Mo.
 - J. B. Coleman, Warren lodge No. 10, Jacksonville.
 - Joe E. Crawford, Warren lodge No. 10, Jacksonville.
 - H. F. W. Spilver, Mansfield lodge, Mansfield, Ill.
 - R. E. Sweeney, Lodge of Peace, Chilhowee, Mo.
 - C. E. Sweeney, Chilhowee, Mo., and Great Falls, Mont.
- Following is the list of past masters of Medford lodge, with the year they held office:
- 1891-1892—N. L. Narregran.
 - 1893-1894—E. P. Geary.
 - 1895-1896—W. I. Vanter.
 - 1897—D. T. Sears.
 - 1898—J. E. Enyart.
 - 1899-1900—N. L. Narregran.
 - 1901—F. K. Deuel.
 - 1902-1903—J. A. Whitman.
 - 1904-1905—M. Purdin.
 - 1906—W. F. Isaacs.
 - 1907—W. H. McGowan.
 - 1908-1909—M. Purdin.
 - 1910—L. B. Haakins.
 - 1911—Elmer Hicks.
 - 1912—J. W. Lawton.
 - 1913-1914—E. E. Gore.
 - 1915—Van R. Pierson.
 - 1916—O. R. Fouts.
 - 1917—J. R. Woodford.
 - 1918—E. J. Fouts.
 - 1919—F. J. Newman.
 - 1920-1921—E. M. Wilson.
 - 1922—F. J. Lawrence.
 - 1923—Glen Fabrick.
 - 1924—R. B. Hammond.
 - 1925—P. B. Rynning.
 - 1926—A. G. Bishop.
 - 1927—F. J. McPherson.

LINDBERGH TAKES DEVALERA ALOFT

DUBLIN, Irish Free State, Nov. 21.—(AP)—Col. Charles A. Lindbergh took President Eamon De Valera on his first flight today.

The American aviator and the Irish chief executive circled aloft for some time, giving De Valera his first aerial glimpse of his island domain.

Later, having completed inspection of possible field terminals for a trans-Atlantic plane service, Lindbergh flew back to his home in Kent, England, today.

J. Trippe, president of Pan-American Airways, and J. C. Coover, vice-president, who conferred with Lindbergh, went to Belfast.

HIGH HOG PRICES TILL MARCH SEEN

WASHINGTON, Nov. 21.—(AP)—Higher prices for hogs from December to March were forecast today by the agriculture department as it reported a large volume of marketing and downward price trends in recent weeks.

The bureau of agricultural economics said 3,500,000 hogs were slaughtered under federal inspection in October, compared with 2,400,000 in September and 2,100,000 in October last year.

The increase was attributed to a larger spring pig crop this year and early marketing because drought sent feed prices soaring.

The average price for hogs at Chicago in October was \$9.55 a hundred pounds, 34 cents lower than September, and 28 cents below October, 1935.

Scarcity and high prices of corn compared with hog prices were said to have caused heavy liquidation of breeding stock. This, the bureau said, would result in smaller hog production next spring.

Buckets used for feeding calves should be cleaned daily, dairy specialists say.

Most of the elements found on the earth, like iron, sodium and copper, are also in the sun, scientists have determined.

The diameter of the sun is 864,100 miles.

Fifty Washington county (N. O.) farmers say they will grow cucumbers for the commercial pickle market next season.

H. W. Taylor, extension swine specialist at North Carolina State college, says sows for spring farrowing should be bred in the early part of November.

The Universal Car Broadens Its Field with New Economy and THE LOWEST PRICE IN YEARS

For more than thirty years Ford has been "The Universal Car." And the name takes on a new meaning for 1937, with the addition of a 60-horsepower V-8 engine to the Ford line.

The new "60" makes possible the lowest Ford price in years, and brings smooth, dependable V-8 performance within the reach of more people than ever before. It means also a choice of two V-type 8-cylinder engine sizes. 85 horsepower for maximum performance. 60 horsepower for maximum economy. Both engines are built into the same big body size.

The "60" is a replica of its brilliant older brother, except in size, weight and power. It was first developed for England and France, where fuel costs are high. Two years in service there have proved that it creates an entirely new standard of modern motoring economy.

If you want a big car for a small budget—a car you can own with pride and drive with pleasure—ask the nearest Ford dealer to show you the new car with the new engine.

BASE PRICES \$480 AND UP—At Dearborn Plant Taxes, Delivery and Handling, Bumpers, Spare Tire and Accessories Additional

\$25 a month, after usual down-payment, buys any model 1937 Ford V-8 Car—frank any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

FEATURES

APPEARANCE—Newly streamlined. Recessed headlamps. Modern lid-type hood. One-piece steel top. Slanting V-type windshield opens in closed models.

BODY—All steel. Top, sides, floor and frame welded into a single steel unit of great strength. Safety Glass all around at no extra charge.

BRAKES—Cable and conduit type. "The safety of steel from pedal to wheel." Easy-Action. About one-third less pedal pressure required to stop car.

COMFORT—Increased by smoother spring-action with new interleaf pressure lubrication. New methods of mounting body and engine for quieter operation.

FORD V-8 for 1937

Luxury!

Piping Hot Water the whole Twenty-Four Hours!

Bath Time is Any Time Now

Time was when the water for baths had to be heated in tea-kettles and big pans on top of the coal-stove. Time was also when the small heater had to be lighted and then one impatiently waited for twenty minutes at least before there was hot water. Then there was only enough for one person's bath. Now the whole family draw on the various faucets of the house at one and the same moment. The shower is in use, there's shaving going on, the laundry is in action, there's dish-washing in the kitchen. Plenty of water for all and every bit is "piping hot"! If that isn't luxury, what is? And at a cost so trivial! Those who haven't enjoyed this modern luxury of instant hot water should telephone at once for a heater to be installed.

Piping hot for laundry suds! Grand hot water for the shower! Just "prime" for shaving lather!
