American Legion Auxiliary

(By Grace Holmes)
The welfare chairman of the Roseburg welfare center asks that we send toys for distribution to the children of veterans. The Roseburg welfare center has a big problem on their hands. Each member of southern Oregon American Legion auxiliaries is asked to donate one toy for this good cause. Boxes will be left in two downtown stores for this contribution. Notice will be in next week's edition as to the time and places of collection of toys.

The American chairman of Medford unit of the American Legion auxiliary, Mrs. Wm. Holloway, has contributed this article for this week:

"As Americanism chairman of the American Legion auxiliary I am writing this hoping that throughout this year and the years to come we will give careful thought to matters pertaining to our government, and the betterment of our people.

"Our country was founded upon solid principles of integrity and a heritage of courage and daring was left us by those Pilgrim fathers who dared every hardship that they might cherish and maintain those principles.

"Americanism is a matter of growth. The American government like all sound government, is based upon a careful analysis of the political principles and governmental experiments of the past. Only those ideas which safeguard the rights of all and which are otherwise peculiarly adaptable to our lives as a people, are embodied in our constitution. It represents the accumulated political wisdom of the ages, and not the weird, untried economic theory of some particular group or class; who may have been instructed (as many are) to destroy first the ideals of the American.

"Let us be alert to the many enemies within our midst, enemies of our government and of those ideals for which our forefathers fought and died.

"May those ideals be the torch that each generation of Americans will carry to keep alight the fires
