STORM-DRIVEN RAIN DELUGES OREGON

News Behind The News

By PAUL MALLON
Copyright, 1937, by Paul Mallon

WASHINGTON, Apr. 13.—The plowman in Iowa may not have heard about it, but the financial world was leaning on its ear a few days back, listening to gold rumors. Markets trembled; money men were somewhat panicky.

Paul Mallon

The White House insisted nothing was to be done about gold, but this did not stop the rumors. They continued coming from London, Amsterdam and all reliable financial capitals of the world. President Roosevelt reached for his old reliable whipping pillow, the foreign press, and flailed it lustily. This he succeeded in convincing the world the rumors were untrue, even though the well informed smirked at his suggestion that the foreign press was really responsible for imagining such things.

That pillow has been whipped too often.

One inside version is that the treasury is again exited about inflowing gold, and has recently been planning further technical action to restrain imports. It has had in mind, they say, something like imposition of a service or minting charge for newly mined gold to prevent this country from becoming a dumping ground for the mining companies of South Africa, Canada and Russia. That would not involve any change in the dollar.

Then Mr. Roosevelt has been talking strangely of prices lately, and it has become generally known to speculators that he has a price program in mind. The best of authorities have been saying it does not involve a monetary or financial change, and, in fact, it is expected to be somewhat insipid.

Foreign editors smart enough to put these two things together to corner the world are wasting their time working for a living. They could make their salary in a day of speculating.

One of the few speculators—beg pardon—investors—smart enough to do it happens to be a good New York friend of this government and happens just now to be in London, where the rumors started.

Those who know their way around in the financial world give him more credit than the foreign press.

Note—A year ago, the stock market

Eugene Slashes Electric Rates

EUGENE, April 13.—(AP)—Reduction in the minimum rates for power in Eugene was effected by the Eugene water board in a new simplified schedule, announced at the board meeting last night.

The minimum rate for a residence where an electric range is in use was cut from $1.50 to 75 cents. The commercial minimum rate, formerly based on average load, was set at 75 cents. Minimum rate for water heaters was cut in half, placing it at 50 cents.

SON MURDERS FATHER WITH HANDLE OF PICK

OROVILLE, Cal., April 13.—(UP)—A quarrel between father and son led to the slaying today of Maxwell Bryant, 49—the fourth patricide in northern California in three months.

Held on an open charge was the son, William Bryant, 21, who admitted striking his father with a pick axe handle but said he did so in self-defense when the elder Bryant tried to break in a door with a rock.

"I only wanted to quiet him," the son said. "I thought I could knock him unconscious."

SIDE GLANCES

by TRIBUNE REPORTERS

Earl H. York tantalizingly declining to reveal the kind of refreshments and entertainment to be dished up at the coming 40 et 8 shindig.

Bill Coy having to get an early start on his sleep each night on account of being aroused very early by the bleating of a neighborly goat.

Gene Riebe very learnedly expounding on hot and cold spark plugs, his listener becoming more confounded by the complexity of modern mechanics the longer Gene expounded.

Ed Kirtley and Harry Hinman courteously declining Smirky Smolinsky's challenge to enter the armory arena for mortal combat.

PROPERTY, ROADS SUFFER DAMAGE IN SPRING SQUALL

Streams at Dangerous Level — Portland Apartment Settles Into Rain-Soaked Earth — Many Slides

By the Associated Press.

Driving spring rains damaged property, sent rocks and dirt rushing over highways and boosted stream levels dangerously in Oregon today.

The storm swept in from the sea, reaching its peak in western Oregon, but maintaining sufficient force to spill sheets of water over the central and eastern sections.

Seven persons, one a three-weeks old child, escaped injury at Portland when the rain-soaked earth shifted and caused a two-story frame apartment house to settle and buckle. Workmen stemmed escaping gas from four lines and a policeman quenched two wood-stove fires before they had a chance to spread. Mrs. Thomas Danforth and five of her nine children and Mrs. Lulu Young fled from the home when the timbers crackled and the living room floor sagged.

Many Slides.

Earth and rock slides harassed motorists on several Portland streets and highways. Numerous slides led to minor congestions on the Columbia river route. Water covered a section of the highway between Sheridan and McMinnville.

The downpour in the Portland area, resulting in 2.03 inches since Sunday, disrupted airplane travel and hampered telephone and power service. The storm caused a short circuit and burned out three blocks of trolley lines.

Southwest winds reached a peak of 65 miles an hour on the Coos Bay bar last night. The Norwegian steamer Evanger left the mouth of the Columbia about noon Monday and traveled but 10 miles in six hours.

Basements Flooded.

A 24-hour rainfall at Salem brought 2.21 inches and flooded base-

(Continued on Page Five.)

HALF-INCH RAINFALL REDUCES DEFICIENCY IN MEDFORD REGION

A blustering southeast wind swept Medford last night in gusts, bringing with it a heavy downpour of over half an inch. The rain continued throughout the night and was still falling lightly this morning. Both wind and rain had lessened somewhat by early today.

No damage was reported from the wind, which reached a velocity of between 20 and 30 miles an hour in various parts of the valley. Citizens report considerable interference with radio reception, particularly early last evening.

With last night's .54 of an inch precipitation, the rainfall deficiency here dropped to the lowest point since November 19, 1936, weather officials reported today.

The seasonal deficiency recorded this morning was 2.78 as compared with 2.75 Nov. 19. Highest deficiency this year was set at 5.80 January 26. The record dry fall has kept the average of rainfall over 3 inches below normal during most of the winter season, despite recent rains.

April rainfall is so far 1.39 inches above normal.

Forecast for tonight and tomorrow was showers tonight and Wednesday and slightly cooler tonight. Yesterday's high was 64 degrees and the minimum 30.

Lebanon Cannery Adding Equipment

LEBANON, April 13.—(AP)—With assurance of a 50 percent increase in volume over last season and a market contracted to take the entire output, the Spencer Packing company is preparing for the heaviest canning and packing activity ever experienced in this community. In order to care for this increase, $20,000 is being spent in repair and new equipment, including a new 2,000-can cooker.

C. B. Spencer, president and manager of the concern, said more than 150,000 cases of canned berries, fruits and vegetables will come out of the local plant this year. "Cold pack" products will total 2,000 barrels.

Portland Has Blaze

PORTLAND, April 13.—(AP)—Fire of unknown cause resulted in $7000 damage at the four-story Weinstein building on Northwest Fifth Avenue last night. The major loss occurred on the second floor where the N. and S. Weinstein company had $20,000 of men's clothing.

Denied Annulment

Judith Allen, film actress, was denied an annulment of her marriage in 1935 to Jack Doyle, Irish heavyweight boxer. A Los Angeles superior court judge held the Mexico marriage was legal. (Associated Press Photo)

FATHER DIVINE SUED FOR FAILURE TO MAKE WIDOW WOMAN ANGEL

NEW YORK, April 13.—(UP)—An indignant, middle-aged housewife today heaped new troubles on the bald head of Father Divine, Harlem's negro "god," by suing him for $2,315 which she said she gave him as a fee for making her an "angel."

The widow, Mrs. Barbara Jones, white and slightly buxom, said Father Divine not only failed to make her an angel, but proved he wasn't one by seducing her in his "heaven" at Sayville, N. Y.

Mrs. Jones said she was lured to Father Divine's "heaven" in September, 1928, on his promise to "bless her," give her everlasting life and make her one of his principal "angels."

She had been there only a few weeks, she said, when he came into her room one night, supposedly to "bless" her.

"He made advances to me," she explained.

At first Mrs. Jones said she refused to listen, saying, "Father, I didn't come here for this." Later on, she said, Father Divine pointed out she could not become an angel unless she submitted to him, so she gave in.

She said a year ago she became convinced Father Divine was not going to make her an angel, so she quit his flock and asked for her money back.

TAX IS PROPOSED FOR BROADCAST STATIONS

WASHINGTON, April 13.—(AP)—George Henry Payne, a member of the communicati'ns commission, today proposed a tax of '3 a watt for all radio broadcasting stations authorized to use in excess of 10,000 watts.

He also proposed a tax of $1 a watt for each watt to 1000, and a tax of $2 a watt for those between 1000 and 10,000.

His recommendations were made in a letter to Representative Boylan (D., N. Y.)

K F. BUSINESS SITES BOUGHT BY S. F. MAN

KLAMATH FALLS, April 13.—(AP)—Purchase of two important business sites here by Fred Benioff, San Francisco fur store operator, was revealed today as one of the largest real estate transactions of recent months.

Both pieces of property are located in the center of the business district. One, with a 34-foot frontage on Main street is already occupied by a shoe store. The other is vacant.

Benioff had made no announcement of building plans.

Medford Couple To Wed In Reno

RENO, Nev., April 13.—(AP)—Marriage licenses issued here today included:

Francis N. Boileau, 26, and Jean Lyon, 19, both of Medford, Ore.

Ex-Banker Suicides.

ARLINGTON, Tex., April 13.—(AP)—Funeral services were expected to be set for today for Thomas Spraunce, 41, president of the closed First State bank of Arlington, who was found shot to death late yesterday about seven miles south of Grand Prairie, a pistol clutched in his hand.

New Pay, Hour Standards May Be Sought As Result Of Wagner Act Validation

Predictions Conflict as to Effect on Plan For Reorganization of Supreme Court Congress Expects F. R. Message

By the Associated Press

WASHINGTON, April 13.—(AP)—Campaigns to enact wage and hour standards and to outlaw sit-down strikes appeared imminent today in the turbulent congressional aftermath to the supreme court's validation of the Wagner labor relations act.

Conflicting predictions of the effect of the historic decisions on the judiciary reorganization bill also sustained suspense at the capitol.

President Roosevelt, it was widely predicted, will re-survey the legislative situation in the light of the five to four decisions. His only comment was that yesterday was "a pretty good day for all of us."

F. R. To Go Ahead

An informed administration official who declined to be quoted by name said Mr. Roosevelt would go ahead with his judiciary reorganization program.

This official added there was no indication of a compromise on the court plan.

The reference was made to the split decisions. The official said this was no guarantee that future administration proposals, such as minimum wages and maximum hours, would be upheld in the light of the broadened interpretation of the interstate commerce clause.

Speaker Bankhead told reporters he would not be surprised to see soon a presidential message on minimum wages, maximum hours and working conditions.

Committees in congress may take up the question even before the message is received. Administration officials said recently they were having difficulty drafting such legislation because of the narrow scope given the interstate commerce clause of the constitution in the NRA and other decisions.

Power Broadened

Some of Mr. Roosevelt's supporters said the Wagner decisions, however, had broadened federal power over interstate commerce, and in the words of Senator Thomas (D., Utah), "removed a no-man's land of uncertainty."

His "no man's land" reference recalled the president's position, before the highest court recently reversed itself on state minimum wage legislation for women, that some decisions on similar questions raised barriers against either state or federal

(Continued on Page Two.)

CIRCUIT COURT TO OPEN ON MONDAY

Circuit court jury will be recalled for service next Monday, Judge H. D. Norton, holding court this week in Josephine county, expects to return here Thursday or Friday, and will hear routine matters.

The damage suit of John Cota against O. L. Lindley and H. Von Hoevenberg, as the result of an auto accident in the Sams valley district a year ago, is set for Monday. Lindley was driver of a Von Hoevenberg car. A companion suit, filed by Josecar. A companions uit, filed by osephine Coat, has been set for Friday.

The damage suit of Jeanne R. Wood against Harvey E. Miller and Louise Bates is scheduled to start Wednesday. The complaint alleges that Louise Bates, as an attendant for Miller, in his practice, negligently permitted an electric pad to remain too long, causing abdominal burns and bodily pain.

ROOSEVELT URGES CURB ON SPENDING

WASHINGTON, April 13.—(AP)—President Roosevelt told federal department heads today the government deficit for this fiscal year would be "far greater than was anticipated unless there is an immediate curtailment of expenditures."

In a letter to heads of executive departments, independent establishments, and other government agencies, the president asked the officials to survey expenditure requirements for the remainder of the fiscal year ending June 30.

Such a survey, he added, should be undertaken with a view to "making a substantial saving by eliminating or deferring all expenditures which are not absolutely necessary at this time."

NEW YORK, April 13.—(AP)—Morris Watson, reinstated as a reporter for the Associated Press by a 5 to 4 decision of the United States supreme court, reported for work in the New York office today.

ROBINSON UNAPPEASED BY COURT DECISIONS; IS STILL FOR CHANGE

WASHINGTON, April 13.—(AP)—Senator Robinson, Democratic leader, said today the necessity for judiciary reorganization "cannot be suspended by the variableness of the opinion of a single justice" of the supreme court.

In a carefully prepared statement on yesterday's Wagner act decisions, the Arkansas Democrat said that "a change in the view point of one judge has made legislation 'constitutional' which was 'unconstitutional' before he changed his opinion."

"What will happen should that judge change again or some other judge change?" Robinson asked.

"These considerations emphasize the difficulties under which the country labors because judicial troubles have actually, if subconsciously, exercised legislative powers, that is assumed in the interpretation of statutes to pass upon questions of public policy."

Robinson forecast the new minimum wage and maximum hour legislation would be given consideration as a result of the court's decisions, but added:

"It is difficult for even a lawyer to determine the true status as to the constitutionality of either state or federal laws because of changes in the rulings of the supreme court."

The Democratic leader would not discuss what form wage and hour legislation might take.

ROGUE SENT BOOMING BY HEAVY DOWNPOUR; FISH PIERS ARE LOST

GRANTS PASS, April 13.—(AP)—Swollen by the downpour of rain last night which brought one-tenth of an inch an hour for 17 and one-half hours, the Rogue river rose six feet by noon from yesterday's stage. It was nine feet above summer low and the highest point of the entire season. The rainfall was the greatest ever recorded here for a day in April.

Salmon fishermen sadly watched scares of piers floating down the river.

Although Grants Pass is above nearly all mining operations, the turbulent waters were full of mud, measuring 500 parts per million at the city pumping station, turbidity measure.

The Illinois valley reported flood conditions along the Redwood highway. At Kerby, the Illinois river was within 44 inches of the Finch bridge, two feet of the rough and ready bridge, and the span over the east fork was 54 inches above the rising water. Water was almost over the road between Elk valley and the California quarantine station. At Del Rio forest camp, there were no warm lunches. Water completely buried the stores.

Jewish Meetings Under German Ban

BERLIN, April 13.—(AP)—The German police today placed an absolute 60-day ban on Jewish meetings of any sort, with the exception of worship at synagogues.

No explanation was offered. Police declined to divulge the reason for the action even to the leaders of Jewish organizations.

For the next 60 days Jewish societies, athletic clubs and musical groups must refrain from assembling, as must any Jewish organization of any sort.

Britain Launches New Plane Carrier

BIRKHEAD, Eng., April 13.—(AP)—The Ark Royal, Britain's new $15,000,000 aircraft carrier, was launched today before 30,000 spectators.

Lady Hoare, wife of First Lord of the Admiralty Sir Samuel Hoare, flung a bottle of champagne against the vessel four times before it broke in official christening ceremonies.

The Ark Royal, of 22,000 tons, is Britain's seventh aircraft carrier. Two others are under construction.

RULING BY COURT WILL FORCE FORD TO DEAL IS VIEW

Union President Says Government Will Make Auto Magnate Recognize Labor Group Without Strike

Standard Policy

DETROIT, April 13. — (AP) — Henry Ford said today that the provisions of the Wagner labor act "have been standard policies of the Ford Motor company for years," but added that its terms "might have been dictated by Wall street."

He said that "of course the Ford company" is subject to the terms of the law when told that Chairman Madden of the national labor relations board had made that assertion after the supreme court had upheld the Wagner act.

Ford said he did not intend to "put anything in the way of our men joining any union, any church or any lodge they like."

DETROIT, April 13.—(AP)—Homer Martin, president of the United Automobile Workers of America, predicted today that the federal government would "force" the Ford Motor company to deal with the union under the Wagner labor relations act.

Jubilant over the supreme court decision upholding the Wagner act, he declared that "a strike to force Henry Ford to recognize the U. A. W. A. will not be necessary now."

Union officials announced that an intensive membership campaign abong Ford workers would be begun immediately. One method of operation, Ed. Hall, second vice-president said, will be to broadcast appeals to Ford employes from an airplane flying over the Ford Rouge plant.

No comment was forthcoming from the Ford company or from Henry Ford, who announced recently from his winter homt at Ways, Ga., that his company would inaugurate the highest wages in history "as soon as this labor mess is over."

He made that statement shortly after reports were published that the Ford company planned a $10 minimum wage, far in excess of union demands, to combat the U. A. W. A. membership drive.

Martin said the U. A. W. A. would seek immediate reinstatement by the Fruehauf Trailer Co. of seven employes allegedly discharged for union activities, with payment of wages dating back to the summer of 1935 when they were dismissed. The Fruehauf company was one of five defendants in cases decided by the supreme court.

12 NAVY PLANES REACH HONOLULU

HONOLULU, April 13. — (AP) — Twelve great United States navy planes bearing 78 officers and men arrived here at 12:15 p. m., PST, today from San Diego, Calif., after an overwater flight of 2553 miles.

The seaplanes took off from San Diego bay at 2:50 p. m., yesterday and made the long flight in 21 hours, 25 minutes.

Under command of Lieutenant Commander L. A. Pope, the squadron flew over six surface boats stationed along the course, and reported all well throughout the day and night.

Loyalists Tighten Bilbao Blockade

By the Associated Press

Spanish insurgents tightened rings of steel around the port of Bilbao, Basque capital in northern Spain today, trying to force surrender by "starving out" government troops and civilians.

The city's hungry population has risen above the 300,000 mark with the influx of refugees.

The Basque government, admitting the food situation was "grave," offered protection of government ships within 10 miles of the coast to any vessel that would run the insurgent blockade and bring in food.

P.-T. A. Registering For State Meeting

PORTLAND, April 13.— (AP) — Hundreds of parent-teacher members al over the state registered today for the biennial convention of the Oregon congress of parents and teachers. About 1000 are expected for the four-day gathering.

Officially the session opens at 8 p. m. Various exhibits were being placed today and state committees were getting together to organize their work.

Hoover Says U. S. Should Be Glad Of Court Rulings

NEW YORK, April 13. — (AP) — Former President Herbert Hoover today issued this statement on yesterday's supreme court decisions on the Wagner act.

"The whole country should be grateful for these decisions.

"Everyone who has dealt with these problems had long recognized we have developed business activities beyond the reach of the states over which regulatory power must be lodged somewhere.

"Whether we wholy agree or not with the merits of the specific regulation, we have had a great step in clarification of the twilight zone which now opens the way for constructive solution of many problems."

TWO NEGROES BURNED AT STAKE BY MOB IN MISSISSIPPI VILLAGE

GRENADA, Miss., April 13.—(AP)—Deputy Sheriff G. W. Frazier said late today he was informed a mob had lynched two negroes at the scene of the killing of a merchant for whose death they were under arrest.

Frazier said he was told Roosevelt (Red) Townes, 26-year-old Grenada negro, and another known to him as "Black Jack" were lynched by a mob east of Duck Hill near the scene of the slaying, December 30, 1936, of George Sam Windham, a white merchant.

The two negroes were taken from sheriff's officers at Winona, Miss., about an hour before the lynching, following their arraignment in connection with the merchant's death.

H. A. Curtis, deputy sheriff at Winona, said he and other officers were overpowered by the mob.

The Jackson Daily News was informed by its correspondent that the two negroes were burned at the stake and that the mob was seeking a third whom its leaders believed to have been implicated in the killing.

S. P. BROTHERHOOD PLANS FOR STRIKE

SAN FRANCISCO, April 13.—(AP)—Twenty-five members of a strike committee gathered today to issue directions for a walkout of 9,000 Southern Pacific employes, which strike leaders said would be called unless President Franklin D. Roosevelt intervenes.

Presidential intervention would mean appointment of a federal ebergency board to mediate between the employes, represented by the Brotherhood of Railway Trainmen, and the Brotherhood of Locomotive Firemen and Enginemen.

Southern Pacific company officials have expressed the opinion that machinery set up in the railroad mediation act would prevent a walkout.

DEAN OF RAILROAD PRESIDENTS QUITS

OMAHA, Neb., April 13. — (AP) — The dean of American railroad executives, Carl R. Gray, will retire from the presidency of the Union Pacific system October 1, three days after his 70th birthday.

He will remain in the company's service, however, becoming vice-chairman of the board of directors, at New York.

William M. Jeffers, 61, executive vice-president, who started with the railroad at the age of 14 as a call boy, will succeed Gray. He will be realizing a life's ambition.

"I would rather be president of the Union Pacific than president of the United States," he said today.

In New York, W. A. Harriman, board chairman, explained Gray, now in the northwest fulfilling speaking engagements, wishes to comply with the company rule of retirement at age of 70. He has been president 17 years.

Hawks Burns Air In 1304 Mile Hop

MIAMI, Fla., April 13.—(AP)—Lieut. Comm. Frank Hawks landed today at 1:29 p. m. (EST) after a flight from East Hartford, Conn. He winged the 1,304 miles in four hours, 55 minutes.

This time surpassed the New York-Miami record of five hours, one and a half minutes made by the late Jimmy Weddell of Louisiana in November, 1933.

Hawks planned to fly north again on a 1,196-mile flight to Newark after lunch.

TOLE DEATH DUE TO LIVER INJURY, AUTOPSY FINDING

Auto Passed Over Body En-route From Applegate Dance Is Revealed in Investigation by Officers

An autopsy over the body of Joe Tole, 51, Applegate district hopyard worker, killed in a fall from an auto driven by Howard Gibson last Saturday revealed that Tole had sustained four broken ribs and a ruptured kidney, besides bruises on the face and head. The autopsy was conducted by County Physician C. I. Drummond. The liver injury was listed as cause of death.

Tole was a passenger in the coupe driven by Gibson, along with Gibson's wife and his brother Earl, the latter occupying the "turtle back." The Gibsons and Tole were occupants of the front seat.

Sheriff Syd I. Brown said in vestigation of the accident indicates that Tole had entered the car at the Applegate dance hall. A short distance up the Missouri Flat road the auto had swerved into the ditch, throwing Tole out. His body struck the rear wheel and was dragged about 30 feet before the car was stopped, in the meantime passing over the lower part of Tole's body. Evidence of this was found on the rear wheel the sheriff said.

Deputy sheriffs and members of the state police went to the scene of the accident this morning to take photographs.

Sheriff Brown and District Attorney Frank J. Newman said the Gibsons had admitted "considerable drinking" during the evening and that they had purchased beer, wine and whiskey. In their first statements the Gibsons, the authorities said, were hazy on many points of the mishap, which they assisted in straightening out yesterday. The Gibsons voluntarily appeared at the district attorney's office yesterday for questioning.

District Attorney Newman said today there were a number of angles of the case he desired to clear up before taking formal action, if any.

REALTY MEET HEARS TALK BY M'ALLISTER; NEARLY 100 PRESENT

ASHLAND, April 13.—(Spl)—Close to 100 persons attended the regional dinner-meeting of realtors in the Lithia Springs hotel last night. William L. Graham, state deputy real estate commissioner, presided and speakers included Hugh H. Earle, state commissioner of real estate and insurance.

Delegates were present from Medford, Grants Pass, Klamath Falls, Marshfield, North Bend, Cave City, Eugene, Salem and Portland.

William M. McAllister, Medford attorney and state representative was one of the principal speakers, presenting the legal aspects of real estate listings. Carl Y. Tengwald, president of the Medford realty board, gave a brief talk. Prof. Irving Vining of Ashland gave an inspirational address.

Others from Medford included Clinton Spencer, George H. Yeo, J. T. Fowler, L. J. Upp, Mark Goldy, Syd Blood, William J. Roberts, J. H. Fletcher, Charles Butterfield, Walter H. Jones, Louis D. Jones and Walter H. Leverette.

VROMAN SUIT PENDING AGAINST LOUIS J. UPP

Through an oversight, it was stated yesterday that C. D. Vroman had a damage suit pending against Judd Doty, when it should have read, against Louis J. Upp. Doty filed a damage suit against Upp and was awarded "no damages" by a circuit court jury. The suit was based on an auto accident last December at North Central avenue and Fourth street. The pending Vroman suit against Upp grew out of the same accident.

GOOD SAMARITAN FINDS KINDNESS DOESN'T PAY

NEWARK, N. J., April 13.—(UP)—Leonard Tedesco said today he never would play good Samaritan again. He told of finding Fred Hopes lying in a doryway and of leaning over to help him. Then Tedesco said, Hopes stabbed him with a long upholsterer's tool.
