KLAMATH FALLS, April 14.—(P)—Mrs. Pearl Duncan, 55, died here late Monday as a result of injuries received in an automobile accident south of Tulelake, Calif. She suffered a broken collarbone and several fractured ribs.

The accident occurred when Mrs. Duncan stepped out of a truck she was driving to wipe off the windshield. A car driven by a Tulelake CCC attaché hit the truck from behind, knocking Mrs. Duncan down and dragging her for some distance, according to reports received here.

Predicts Depression, War

PORTLAND, April 14.—(P)—Another depression in five years; war with Japan within a decade—such were the predictions of Charles C. Webber, New York, executive of the Methodist federation for social service. Conflicts between workers and owners are the seeds of an international war, he said, and only a fundamental change in the capitalist economic system can prevent both depression and war.

JACKSONVILLE YOUTH HURT IN AUTO SMASH ON SISKIYOU HIGHWAY

The condition of Russell Ayers, 16, of Jacksonville, a state highway worker, injured in an automobile accident on the Pacific highway south of Ashland Monday evening, was reported by attendants of Ashland Community hospital as "apparently not serious." He is suffering from a back injury and numerous bruises and scratches, they reported.

The accident involved a car driven by Tom Culbertson, manager of the Medford airport, and one owned by Frances Smith of Los Angeles, a city police report stated today.

According to the report, Culbertson, driving north, skidded on a curve one mile south of the Klamath Falls junction about 8 p. m. Monday, left the highway and smashed into the Smith machine, which had slipped off the road a short time before and become stuck in a ditch.

Ayers, who with other state highway employes, had stopped to try and help the California woman out of the ditch, was hit by Culbertson's machine as he was getting out of the former car after trying to drive it from the ditch. It was reported that he was dragged about 50 feet.

The Smith car, undamaged when it skidded into the ditch, was reported to be badly smashed from the impact. Culbertson's auto received minor damage, it was said.

LEGION, AUXILIARY ENJOY JOINT MEET IN NEW QUARTERS

Members of Medford Post No. 15 of the American Legion and auxiliary held an enjoyable get-together meeting and housewarming in their new quarters at the Medford armory last night. The affair opened with a covered dish supper in charge of Mrs. Edw. Leach, of the auxiliary, after which each organization held its usual semi-monthly business meeting.

During these sessions it was decided to change the present schedule of meeting on the 2nd and 4th Tuesdays to the 1st and 3rd Tuesdays in order not to conflict with the Disabled War Veterans, who now meet the same night as the Legion. Many of the local veterans belong to both organizations and the change will enable them to attend all future meetings, starting May 4th, when the new schedule will go into effect.

Following business sessions the Legion and Auxiliary assembled for a program of entertainment arranged by the auxiliary. The program which proved most enjoyable, follows:

1. Accordion solos, Miss Rose Gillette.
2. Skit, "The Old Poty-Graft Album," presented by ladies of the auxiliary.
3. Group of choral numbers, Madrigal club.
4. Vocal and instrumental numbers, Val Estrelo and Ambrose Puentes of the Camp Prescott C.C.C.
5. Presentation of forestry plaque to Legion by Edythe Martin of the auxiliary.

At the close of the program Commander J. F. Fliegel expressed appreciation of the post members for the excellent supper and entertainment and commented at length upon the new quarters, which promise to prove a big advantage to the members of both the Legion and auxiliary.

Next meeting of Medford Post No. 15 will be held April 27, with a special program presented by a committee of post commanders headed by H. S. Deuel as chairman. Commander Fliegel urges all Legionnaires to plan now to attend.

LOWER TAX TAKE FORCES CURB ON FEDERAL SPENDING

Conditions of states to determine whether they could take over a larger portion of the relief load next year.

Would Trim Relief

In his original budget estimates, the president said receipts would match outlays in the fiscal year beginning July 1 if relief spending could be held to \$1,537,000,000.

Since then, there have been recommendations from state and municipal spokesmen that this figure be lifted.

Mr. Roosevelt gave no indication of what relief appropriation he would request.

The chief executive has taken the position the federal fiscal situation calls for a progressive scaling down of relief outlays.

Mr. Roosevelt, reviewing revenue conditions, told his press conference that receipts from such taxes as those on gifts and railroads and their employees had dropped far under estimates and that income tax collections also were below expectations.

Through April 10, the treasury had collected \$1,532,645,000 from income taxes, or \$54,000,000 less than the original estimate for the entire year. At \$700,272,000, March collections fell about \$140,000,000 under informal estimates.

HAY NEARLY GONE AS NEW GRASS APPEARS

The 1937 hay crop of the Rogue river valley is practically exhausted, due to the heavy feeding of the past winter, County Agent Robert G. Fowler said today. The same conclusion was reached at a Grange committee meeting at the courthouse Monday evening.

Grass is now growing rapidly on the lower range, and prospects are for the best grazing in several years. Many stockmen have already turned out their range cattle.

DON'T LOOK NOW... BUT there's that TRIANGLE 'JOLLY MILLER' AGAIN!

WHY has the Jolly Miller such a happy, contented look? Because he mills Triangle's triple treats! There's Rolled Wheat, with individual kernels full of flavor; Rolled Oats, with toasted nourishing grains; Pancake and Waffle Flour, that satisfies appetites keyed to bright spring weather.

Don't look now, but where did the Jolly Miller get those healthy-looking cherry-red cheeks? From Triangle cereals, of course! That big smile, why, where did the Jolly Miller get that to his happiness at seeing little boys and girls (and big boys and girls, too) zestfully eat large bowls of Triangle cereals.

There's a selfish reason, too, for the Jolly Miller's rosy cheeks. Every morning he, also, sits down at his table to enjoy a Triangle breakfast, and—don't look now, Emily Post—but the Jolly Miller will soon be smacking his lips over Triangle Rolled Oats. Forgive him, Miss Post, for we venture, boldly enough, to say you, too, will do the same when that first appetizing wisp of steaming hot Triangle Oats curls up to your nose to tantalize a faded late-winter appetite.

Don't look now—but there's your grocer replenishing his stock of Triangle. He just can't seem to keep those Triangle cereals in their places—always popping into somebody's market basket.

Try letting one pop into your basket, tomorrow—and you'll be responsible for the smiles your family will give you every morning, as you serve Triangle cereals or Triangle Pancakes and Waffles.

ASK YOUR GROCER for TRIANGLE Pancake and Waffle Flour. They are so easy to prepare—so fluffy and tender. Triangle's new self-rising Buckwheat Flour has a good old-fashioned flavor that makes it a morning habit. Remember, there is a money-back guarantee on all Triangle products if you are not satisfied. Get a box of these delicious foods and try them tomorrow.
