NEW YORK, April 23.—(AP)—A late selling wave hit the stock market today and leading issues tumbled fractionally to 3 or more points before sufficient support arrived to brace the list.

Partly responsible for the renewal of the slide, it was thought, was the marked indifference of stocks to exceptionally bright corporation earnings statements and other favorable industrial news.

Transfers were around 1,200,000 shares. Today's closing prices for 32 selected stocks follow:
