Lift Her Load with the Modern Electrical Servant --His Wages are so Very Low!

Do you think housework is easy? Have you ever stayed home for a day and followed your wife through her sched-ule? Cooking, cleaning, scrub-bing, attending to the thousand and one wants and difficulties of the children—it's a wonder housewives and Mothers hold out as long as they do—that is of course those who are still trying to get along without the help of modern electrical servants. Electricity won't tend the baby, but it will keep his milk pure and unspoiled and heat the water for washing his clothes. It will also cook his food and the family's more appetizingly than is possible in any other way.

U. S. PUBLIC WORKS ADMINISTRATION

awards Westinghouse largest single refrigerator order in history!

The U. S. Public Works Administration Housing Division is buying 16,697 Westinghouse Refrigerators for its slum-clear-ance, low-rent housing projects. Side by side, one against the other, they would make a line of refrigerators six miles long! **Lowest operating costs** enabled Westinghouse to win this order. Other makes quoted low prices—but the decision was based on price PLUS operating cost for ten years—and Westinghouse won.

Let us show you the money-saving advantages of the new Westinghouse Kitchen-Proved Refrigerator

Be sure to investigate its famous Economizer Unit, Super-sealed Insulation, fast-freezing Sanalloy Froster, Built-in Watchman protection, and other features. If Westinghouse can save money for the United States Government, it can save money for you.
