Black Widow Not Tough as Painted Student Reveals

PORTLAND, April 25.—(AP)—The black widow spider, common in sections of Oregon several years ago, isn't quite as tough as she's made out to be.
John M. Pierson, Oregon State college student, told 200 young scholars at the third annual Willamette valley student science conference the skin on the palm of the hand is too thick for the spider to pierce. She probably would not bite anyway unless molested, he said.
Pierson, who has studied and experimented with the spider for several seasons, warned not to injure the spider's bulbous abdomen or disturb her web else she will attack instantly.

CHICAGO WHEAT

CHICAGO, April 25.—(AP)—Sensational late downward plunges of breadstuffs prices at Winnipeg today, 5 cents a bushel for wheat and rye, whirled the Chicago wheat market equally lower.

WALL ST. REPORT

NEW YORK, April 25.—(AP)—Stocks plunged downward in today's market as fresh gold rumors and more than an ordinary amount of foreign selling unsettled buying sentiment.
Losses of 1 to 3 points were widely distributed. There were a number of wider declines. New bottoms for 1937 were touched by numerous leaders.
There was some come-back at the start of the final hour, but volume dwindled on the recovery and heavy offerings flooded the ticker tape just before the finish.
The White House denied any statement regarding the gold question was in the offing, but this braced the list only temporarily.
Steels did a bit better for a time when this week's mill operations were estimated at a top since August, 1929, with actual tonnage at a record. They tumbled again later.
The ticker tape was frequently behind. Transfers were around 2,100,000 shares.

ROOSEVELT ACTS TO HALT STRIKE N. Y. RAILROADERS

Electric & Manufacturing Co. was a demand from the United Electric and Radio Workers' union that it be recognized as sole bargaining agency for the company's 47,000 workers throughout the country.
In Washington, the Carnegie-Illinois Steel corporation, largest United States steel subsidiary, notified the national labor relations board it would withdraw all assistance to its employe representation plans, which the steel workers' organizing committee maintained were "company union."
At Sacramento, Calif., Gov. Frank Stewart was scheduled to meet with representatives of striking Stockton cannery workers and the newly-formed cannery workers' union in the hope of ending a 10-day old strike involving 1300 men.

MODEL VILLAGES IN SHANGHAI PLAN TO CLEAR SLUMS

SHANGHAI.—(UP)—Resettlement activities in the United States have their counterpart in Shanghai, where a program to house one thousand families of the city's laborers in four model villages has proved so successful that plans are afoot to accommodate 50,000 additional families through the construction and operation of new villages.
Looking at the 1000 families now living contentedly in the spacious new model houses, officials of Greater Shanghai (Chinese-administered area) are busy studying ways and means to provide funds to give a similar "new deal" to those who comprise the city's lower economic stratum.
The Greater Shanghai labor welfare commission has completed the first survey of a number of poor families living in filthy, disease-laden four model villages. There are about 50,000 of these families, the survey revealed.
Most of them are squatters whose condition does not permit them to move into cleaner, better built houses in the higher-rent categories. If plans materialize, they will be moved into model dwellings constructed by the municipality and rented at minimum rates on a non-profit basis.
The model village plan, however, is more than a housing project. It is a social-welfare program of wide scope. After the completion of the first four model villages, officials are staffing the village administration with capable, well educated functionaries. They tackled the problem of providing for the educational needs of the sons and daughters of the laborers. Later attention was turned to entertainment for adults.

Fernand Gravel; New Star Appears In Craterian Hit

A new film star—handsome, talented, infinitely likeable—flashed across the screen of the New Craterian Theatre yesterday, winning a multitude of friends and admirers in his first American picture.
He is Fernand Gravel, famous continental film star, and the picture is "The King and the Chorus Girl," a delightful humorous romance.
"The King and the Chorus Girl" is glamorous, whimsical comedy at its best. Mr. Gravel plays the role of a wealthy, profligate ex-monarch who becomes a Paris playboy. His titled aunt and uncle try to put his royal feet on the straight and narrow path but "King Alfred" loves the bright lights.
Then he meets Joan Blondell, in the role of an American chorus girl. She is independent, high-spirited, rather impudent, and cares not a whit for royalty. The greater her disdain of her regal suitor, the more impetuous does his high-pressure courtship become.
Humorous complications follow fast and furiously, aided by Edward Everett Horton, Mary Nash, Alan Mowbray, Jane Wymann, Luis Alberni and the other notables in the cast.

Technicolor Film Delights Audience At Rialto Showing

Brought to the screen in all its lifelike beauty of natural technicolor, "Wings of the Morning," the flaming romance of a lovely fugitive fleeing from strife-torn Spain, opened yesterday for a three-day run at the Rialto theatre. Annabella, a new and alluring sensation of the screen, is starred with Henry Fonda and Leslie Banks in the film, which presents the world-famous tenor, John McCormack.
The spectacular changing of the guard at Buckingham Palace, home of the English kings; the most sensational derby ever run, with jockey Steve Donoghue riding his most thrilling race; John McCormack, beloved Irish tenor, singing the songs of Ireland that have made him famous—these are a few of the moments that make "Wings of the Morning" a film at once beautiful and breathtaking.
The Saturday Evening Post comedy hit, "Let's Get Married," featuring Ralph Bellamy, Ida Lupino and Walter Connolly, plays as the added feature with "Wings of the Morning."
