CHILD HEALTH DAY IS SET FOR MAY 1; OREGON WILL AID

State Program Is In Charge Of Mrs. Lowell Paget—Protection For Children Is Purpose Of Campaign.

PORTLAND. —(spt.)— May 1 has been designated by congress and by proclamation of the president as "National Child Health Day" and Mrs. Lowell Paget was recently appointed chairman for the Oregon program by Dr. F. D. Stricker, state health officer. The state-wide movement is designed to make possible "health protection for every child."

Mrs. Paget recently said: "When you think of May Day, you remember the thrills of your own childhood. Perhaps there was a Maypole and you circled in and out, helping to weave and unwind the bright streamers. Or, on someone's doorknob you hung a surprise basket of flowers you yourself had found in the woods—violets, spring beauties, hepathcas, gentians, Jack-in-the-pulpit.

"Now that we are grown-ups, we again have a Maypole—a very big one—but visible only to the inner eye. About it are trooping millions of our future citizens. Thousands of these boys and girls are not dancing gaily. Thousands have never played hide-and-seek with wild flowers. In spirit and in body, they are just languidly trudging and stumbling along with the others.

"Thus, in America, we are setting apart the first day of May as national child health day. Together, we are endeavoring to win 'health protection for every child'—so that life will be joyously filled with achievement for all the children around the Maypole of our tiny world.

"The idea of establishing May Day as 'national child health day' was originally conceived by Mrs. Henry Breckinridge, wife of Colonel Breckinridge, close associate of Col. Chas. A. Lindbergh, in connection with her work with the American Child Health association. This annual May Day has developed into an occasion for recapitulation of advances in child welfare throughout the nation during the past years and a beginning of new programs for progress for years to come."

TIMBER IN MODOC TO KLAMATH MILL

KLAMATH FALLS, April 27.—(AP)—The Big Lakes Box company announced today it had completed arrangements to log extensive Walker-Hovey timber holdings in the Canby area of Modoc county, California, 80 miles southeast of Klamath Falls.

About 40,000,000 feet annually of the Modoc county timber will be milled at the Big Lakes plant here, President A. J. Voye said. Another 20,000,000 will be cut at a mill at Canby, leased, along with 13 miles of logging railroad, from the Walker-Hovey interests.

2The Big Lakes logging outfit will be moved from the Klamath Indian reservation to the Canby area this week, and operations at the Canby mill are expected to start within 30 days.

Voye said his company has enough timber in the Canby tract to last seven or eight years.

STENOS UNDERPAID, LABOR CHIEF TOLD

SALEM, April 27.— (AP) —Charles H. Gram, state labor commissioner, said today evidences of violation of the minimum wage law, particularly from Salem, where chief offenders were alleged to be attorneys and real estate men, were being filed with his office.

The complaints, he said, have come in since the supreme court of the United States upheld the Washington minimum wage law, similar to that of Oregon. Most information has been filed by stenographers working for small salaries.

Gram said the minimum wage law will be enforced, if detailed information as to time and payments are brought to the commissioner. Legal steps will be taken, if necessary.

Court Compromise Still Far Distant

WASHINGTON, April 27.—(AP)—Senators who declined to be quoted by name said today an administration spokesman had discussed compromising the supreme court dispute by authorizing four new justices, but had turned down suggestions for only two.

There were no signs of an agreement or modification, however, on the eve of the senate judiciary committee's first closed session on the court bill. The measure would permit appointment of six new justices if members over 70 do not retire.

Strike Mediator

Dr. Dexter M. Keezer (above), president of Reed College in Portland, Ore., has accepted appointment by President Roosevelt to the mediation board in the Southern Pacific railroad's labor dispute. He will meet with other board members in San Francisco.

BURGLAR BUILDS FIRE IN BEDROOM

SALEM, April 27—(AP)—Mrs. Minnie Graham made a hurried call to police headquarters early today when she found a man in one of her spare bedrooms calmly warming himself over a fire he had built in a bucket.

Mrs. Graham, a widow, was awakened by the smell of smoke. Investigating, she found the stranger at his "camp fire" in the bedroom. Later it was learned he had spent the night there. He had entered the house with a key sometime during the night.

At headquarters the man gave his name as Marcelino Gonzales, Mexican, aged 38, and said he was from New Mexico. In justice court he pleaded not guilty to a burglary charge. He was held in jail in lieu of $2500 bail.

Investigation made by police officers showed that Gonzales was discharged from the Oregon state penitentiary April 11 after serving a year for burglary committed in Umatilla county. Prison records show that Gonzales did time in the state prisons of Arizona, Colorado and New Mexico, all for burglary, dating back to 1923.

ILLNESS YIELDS TO NEW MEDICINE

Lost All Interest in Life But Williams S.L.K. Formula Gave Her New Lease on Life

Remarkable Recovery from Steady Decline in Health. Credited to Prescription of Ex-Army Doctor.

Other treatments may have failed to get the cause of your troubles, but you certainly cannot overlook this unusual opportunity to try a medicine that was developed during the World war and has been prescribed by a well-known ex-army doctor, to thousands of sufferers from sluggish stomach, kidneys, liver and bowels. The sensationally successful results obtained by Mrs. Irene Davis are sworn to in her following letter:

"For the past three years I have been terribly run down, half sick all the time. Had no appetite and food seemed to leave me nauseated after meals. During that time I lost eleven pounds! I got to the point where life held no interest at all any more. I was habitually constipated, and getting up at night became a regular habit that ruined my rest.

"I heard of the remarkable results of WILLIAMS S.L.K. FORMULA through a friend. So I bought a bottle to try myself. After the third day I began to get my appetite back and a short while after that I began to gain my old weight back again. I can truthfully say that WILLIAMS S.L.K. FORMULA has given be a new lease on life."—MRS. IRENE DAVIS, 2200 S. Virginia, Reno, Nevada.
