

# ROBINSON BACKS 10 PERCENT CUT FEDERAL OUTLAY

(Continued from Page One.)

is "adding to the national debt at the rate of \$1,500,000,000 a year. All the gold and silver in the world is flowing in our direction," Vandenberg shouted, assailing the purchase prices established for the two metals.

The Michigan senator asserted the situation "challenges an early definite response respecting the future monetary policies of this country from those in high authority."

Dangerous to stop "I realize, however," Vandenberg added, "it is almost as dangerous to stop it as it is to keep on doing it, but manifestly we can't go on sterilizing one and one half billion dollars of gold every year and come within gunshot of a balanced budget."

"The government's fiscal difficulties cannot possibly be solved without a courageous, rational and realistic realignment of the giddy gold and silver policies under which we play sucker to the world."

On the house side, Edward A. O'Neal, president of the American Farm Bureau federation, told farm bloc leaders farmers "are not going to give up a long-time agricultural program on account of the talk of economy."

## HEATH'S HAVE NEW 'D D' TOOTH BRUSH

We have good news for Fred Allen fans. We have just received a stock of the new "D D" Double Duty Tooth Brusher which Fred Allen recommends for the "Smile of Beauty." It is the modern brush for oral hygiene. It is new in principle, new in shape and new in action. It is scientifically designed, with the aid of 1,000 dentists, to promote the correct massage of the gums as you brush your teeth. It is made in the U. S. A. See it at Heath's.

The Vitamin D concentrate, CON-DOL, which is irradiated Ergosterol in neutral oil, and BRADYATEX YEAST are always in stock at Heath's. Dr. Brady highly recommends both of these products.  
Parke Davis & Co., one of the largest manufacturers of drugs in the world, has recently introduced a new product for the treatment of syphilis. It is the active ingredient of the famous old "606" but the dose is only one-tenth of the former. It has the same power to kill the germ in the human system but it does away with the reactions. MAPHARSAN is the name of the product and it is sold only on a doctor's prescription.  
Heath's are headquarters for INSULIN. 10ccU40 sells for \$1.13.

## Wall St. Report

**NEW YORK, April 29.**—(P)—A late break in U. S. Steel unsettled a rallying stock market today and early advances of fractions to more than three points were reduced substantially or replaced with losses.  
The list got off to a fast recovery start and best improvement of the day was registered in the first hour. Buying faltered afterward. The ticker tape was behind for a time in the morning and again briefly in the final period.  
Retarding the come-back was further unsettled markets abroad, although selling of American securities from that source, credited with seeing one of the principal motivations of the recent relapses, appeared to have dried up considerably.  
The last hour retreat was said to have been partly the result of the selling out of a number of traders who failed to answer brokerage margin calls some price stiffened near the close. Transfers were around 2,000,000 shares.
