BY REQUEST OF THE MILL WORKERS—

THE boys at the mill want us to push the sale of foods packed in wood boxes—want us to get down to brass tacks on the wood box campaign. So here goes.

For our first drive we have selected Golden West Coffee—an Oregon product of high quality packed in wood.

Let's all get behind the boys in this drive. Let's just imagine our jobs to be making boxes and that the support of our neighbors means steady instead of part-time work. Let's accord to the mill workers the consideration we would hope for under like conditions.

So, tomorrow and all through May buy Golden West. You'll get the finest coffee money can buy—get it at a low price—will promote Oregon industry and best of all will promote the lumber industry in which so many of our friends and neighbors are employed.

A lot of fine flavor for doing a little favor.
