

GROCCERS OF PORTLAND SIGN UNION AGREEMENT ON SALARY AND HOURS

PORTLAND, April 30.—(AP)—Employers and union representatives signed a bargaining agreement today for Portland's chain and independent grocery market clerks.

Some 3000 employees and 1100 stores were affected by the agreement, which was negotiated between the Retail Clerks International Protective association, an affiliate of the American Federation of Labor, and the Food Employers, Inc.

Holiday closing immediately and Sunday closing at the end of six months are provided in the agreement, which also sets up a nine-hour day and six-day week, top wages of \$27.50 weekly and a \$17.50 maximum for apprentices. Women in store bakeries or delicatessens will be paid a minimum of \$20 weekly and apprentices \$14.

Employers will be free to hire at will for six months, at the end of which the union will supply all labor except apprentices. A week's vacation with pay will be given employees after a year's work and any dispute between employers and employees will be submitted to arbitration.

'SWAPPED' WIFE BECOMES MOTHER

PALO ALTO, Cal., April 30.—(AP)—A husky son was born today to one principal of a "wife swapping" between two friendly couples.

Mrs. William M. Werder gave birth to a baby weighing 8 pounds, 4 ounces, at the Palo Alto hospital.

Mrs. Werder formerly was the wife of Roy E. Burnett, Jr., who played baseball at San Jose State college.

Werder, a former track star at Stanford, and Burnett were close friends, and both were employed by oil companies.

Their unusual romances with each other's wives began in November, 1928. Then both wives went to Reno and lived together while establishing residence for divorce.

The husbands batted together meanwhile and the wives were "swapped" after the divorces were obtained.

The baby was Mrs. Werder's first child, although Werder has a young daughter by his former wife.

CARRIER PIGEON SLEEPS ON JOB

SAPULPA, Okla. (AP)—Not all homing pigeons go straight home. Occasionally, says Glenn O. Young, Sapulpa lawyer, a wayward one succumbs to the lure of city life and stays out all night.

His most recent difficulty was with one of a flock that had been flying messages from the bedside of his wife, ill in a Tulsa hospital, to the family home here, a distance of more than 18 miles.

Instead of flying directly home the bird roosted overnight at the pigeon house of J. D. Wild in Tulsa. Wild sent the bird on its way with a note telling where it had been killing time.

Young's three sons began raising the pigeons two years ago as a hobby. When Mrs. Young went to the hospital, Young took a basket of birds along and released them with hourly bulletins on her condition. After learning their route, the pigeons flew regularly from hospital to home roost in 20 minutes.

SPANKING PRINCIPAL QUILTS PORTLAND JOB

PORTLAND, April 30.—(AP)—The office of the county school superintendent said today it had accepted with regret the resignation of Earl E. Reinhart, Holbrook school principal, who was given a suspended fine of \$50 last week by the district court on a charge of assault and battery of an 11-year-old pupil.

Hospital Service Grows

ST. LOUIS (UP)—The St. Louis Medical society's group hospital service has reached a record membership of 10,000 in its first year, according to Ray F. McCarthy, executive director. Members pay 75 cents a month and are entitled to three weeks hospital care each year.

Boys Merge Bicycles

CLEVELAND (UP)—The latest thing in bicycles has been invented by two high school boys, Howard Miller and John Nielson. The front wheel of John's bicycle was broken in an accident, so he coupled the wishbone to the rear of Howard's vehicle. The result was a three-wheeled, double-jointed bike.

WHEN WE STOP GREASY INDIGESTION WE FEEL JUST FINE

Our stomach can't digest grease. Neither can our bowels. Only our pancreatic juice, working with our bile juices, can digest grease.

When we get bad taste, headache and that nasty grouchiness feeling which comes from greasy indigestion, take 1 Carter's Little Liver Pill before each meal and 1 after.

Carter's Little Liver Pills bring a large flow of our pancreatic juice and bile into our bowels. The large flow of these juices digests the grease we have eaten. Then we burst into life and into our work like a joyous skyrocket.

But if you want a glorious relief from greasy indigestion, ask your druggist for Carter's Little Liver Pills by name and stubbornly refuse to buy anything else. 25c.
