

FINE YEAR BOOK IS DISTRIBUTED AT MEDFORD HIGH

Judging from comments of the students, the Crater magazine was heartily accepted at Medford high school Friday. Success of the magazine was due to the various departments overseen by the competent heads.

Mary Morrissey, editor-in-chief, filled her important position admirably and with the advice of Kenneth Scott Wood and Laura Phillips made the edition one of the best ever published. Financially, the magazine was a success under the management of Don Younger, business manager. It was through the co-operation of the loyal members that the book was financed and the sales went over most successfully. Mary Lou Mann, circulation manager, supervised the popularity contest as well as the sales. Results of the contest were kept secret until the Crater was published, thereby adding interest. It was announced Friday that Ardo Stocks, student body proxy, carried off the honors by being elected the most popular boy in school. Della Mae Dale, Girls' league president, was elected the most popular girl.

Barham Hampton, as assistant editor, speeded up progress of the Crater, immeasurably by helping with the features, news and sundry assignments.

Dale Roberts, editor of the Hi-Times, commented on the Crater magazine as follows: "A very fine magazine. The features and pictures were unusually good. Mary Bean as feature editor did an admirable job." All the graduating seniors' photographs were included in the senior edition and various activities of which each was a member were listed. At the side of each picture was an appropriate verse about the senior, serving as an explanation of his or her personality. The Crater consisted of 72 pages with almost every school activity included and in addition an autograph page, two cartoon pages done by the cartoon department headed by Ruth Garlock and her assistants, Joyce Freed and Bryce Houghton. There is also a picture of Crater Lake on the frontispiece and a few mountain and outdoor scenes.

Adding to the comedy of the Crater there is the senior class with an class phopsey and comic snapshots. Two pages highly appreciated were the faculty pages consisting of two group pictures of teachers and a story combined.

Walker and Waner Head Major Hitters

NEW YORK, May 1.—(AP)—They have been laughing at Gerry Walker's antics for so long, that folks just can't believe the Detroit Tiger outfielder is leading the big league batting parade. But there it is in black and white. Gerry, the "gag man" of Mickey Cochrane's troupe, is hitting a neat .593 today after the first half dozen games, 13 points in front of his nearest American league rival, Rick Ferrell of the Boston Red Sox.

He has clubbed out 16 hits in 27 times at bat, more safe blows than any other big league player at the moment.

Over in the National league, Pittsburgh's Paul Waner, the 1936 champion, is picking up where he left off last year. Through the first seven games he has collected 14 hits in 29 chances for a .483 mark to set the pace, with Frank Demaree of the Cubs chasing him, 13 points away.

CORVALLIS, Ore., May 1.—(AP)—Douglas Whipple of Mosalia shouted his way to the golf calling championship at the annual state Future Farmers of America convention today.

HIGH PRICE FOR EGGS PREDICTED

STEPHENVILLE, Tex., May 1.—(AP)—A. H. Demke, executive director of the International Baby Chick association, said today that prices of eggs stand a good chance to approach the all-time high price level by next fall.

A national survey showed the poultry crop in the United States was the smallest in 20 years, he said. He blamed it largely on the high price of feed. Demke, for many years a national figure in the chicken business, said the promised extremely high price would "injure the poultry industry for years." He urged poultrymen to guard against such a possibility, saying, "this is the year to raise chicks. Hatch them under a hen, in your own incubator or buy them from a hatchery."

HITLER ATTACKS CHURCH AND JEWS

BERLIN, May 1.—(AP)—Adolf Hitler stood amid May day throngs today to denounce clerical "interference" and the Jews, and to tell the third Reich's workers that the time for higher wages has not yet come for Germany.

There was varying applause for these pronouncements. Fifty thousand Berlin workers massed before der fuhrer in the Lustgarten square, often the scene of monster Nazi demonstrations. Earlier 180,000 boys and girls packed into the Olympic stadium heard the first of two apparent warnings to Catholics. His allusion to Jews brought uproarious applause, but only moderate cheering followed his appeal to workers and employers to increase production without demanding higher wages or increased prices.

SPRING HANDICAP MATCHES STARTED

First-round matches in the Rogue Valley Golf club's annual spring handicap tournament were played yesterday afternoon and will continue this morning and afternoon. Ken Scott, club pro, stated last night. There is no definite starting time for any of the pairings, Scott said, the golfers arranging between themselves the tee-off. All but a few first-round matches will be completed this afternoon, and the results posted tomorrow. A total of 96 divot-diggers are entered in the huge handicap affair, with handsome trophies to be awarded flight winners and runners-up. Each flight consists of 16 golfers, with the first 32 beaten in the championship flight composing the first flight.

Boy Scout Honor Court Monday Night

The May Boy Scout court of honor will be held in the Jackson county courthouse auditorium tomorrow evening at 8 o'clock. It was announced yesterday by Don Newberry, court of honor chairman. Awards from second class to life rank will be made. All parents and members of the 11 Boy Scout troops in Medford are urged to be present. Kansas soils have lost about 1,000 pounds of organic matter an acre each year since they were broken from sod.

MARTIN REPORTS SMOOTH SAILING FOR BONNEVILLE

(Continued from Page One.)

everyone." He added, "I just want to add there is no alarm about Bonneville. My concern is to keep everyone together and stop any attempt to build up a political issue where none should exist." He described the federal retraining program with these words: "Why right now the clerks in the war department offices have to give a receipt for every pencil they used to get 'em by the handfuls."

SEATTLE, May 1.—(AP)—Washington and Oregon state Granges announced support today of a move to prevent restriction of Bonneville dam power for heavy industrial purposes near the damsite. Ervin E. King, master of the Washington state Grange, said the grangers at an executive session in Portland, had voted to ask appointment of an administrator with complete control of production and sale of electrical energy from generators to point of delivery. Under the plan the administration would have the right to construct transmission lines. "Aluminum reduction works and other heavy industry would seek to get the output of Bonneville dam on long-term contracts for their exclusive use and they would contribute very little to the betterment of a community," King said.

He said such industries' payrolls were small, and that the benefits of extremely low rates for them would rest almost entirely to their stockholders rather than to the general public. King said the two Granges had learned from data prepared by U. S. army engineers that under preferential rates to areas adjacent to the dam, Portland would pay 3.64 mills, Oregon City, 4.34 mills and eastern Oregon points such as Bend, 12.52 mills. Contrasted with the rate fixing done by the Tennessee Valley authority, the grangers said T. V. rates as applied to Bonneville would make Burns, Ore., pay only 7.24 mills compared with 42.48, Bend 6.02 mills and Oregon City and Portland, 5.14 mills.

THOUSANDS MARCH ON RED MAY DAY

(By the Associated Press) Millions of workers throughout the world paraded, sang and shouted yesterday (Saturday) in celebration of labor's international holiday. Bombs in Poland and Puerto Rico killed one person and injured three. One in Warsaw was thrown at Jewish socialists; one in San Juan damaged a newspaper building and shook the city. Cossacks by the thousands thundered through Moscow's red square, where a million persons massed in a monster demonstration. Eight hundred war planes zoomed overhead as Joseph Stalin reviewed the assemblage. A half million more persons jammed Paris streets to the resounding strains of the Communist Internationale, the day's theme song at leftist centers everywhere.

Honor Founding Methodism

CHICAGO, May 1.—(AP)—Senior Bishop Edwin Holt Hughes of the Methodist church gave the signal today for the opening of a year long celebration of the 200th anniversary of the founding of the church.

GRANTS PASS, Ore., May 1.—(AP)—Many Josephine county rural schools will hold joint eighth grade exercises this year. They are slated at a theater here on May 15. Dr. Walter Redford, president of the Ashland Normal school, will speak.

SUN NOT SO HOT SCIENTISTS SAY

WASHINGTON, May 1.—(AP)—The American Physical society received new evidence today that the surface of the sun is 1,500 degrees cooler than the temperature estimated in the past.

Dr. Robert B. King of the Massachusetts Institute of Technology and Dr. Arthur S. King of Mt. Wilson observatory announced that recent experiments with an electric furnace and comparison of the results with observations of the sun had determined that its temperature is only about 4,500 degrees instead of 6,000.

Beagle

BEAGLE, May 1.—(Sp.)—We failed to mention in our last week 4-H wrap-up that biscuits made by members of the club were judged at the pie social. Judges were Mrs. Grant, Mrs. Conrad and Mrs. Reinking. Emma Frink got first prize, Ernest Sanderson second and Ina Pearl Lucas third.

Mrs. Theima Martin and little Donnie and Mrs. Chas. Sanderson spent Tuesday afternoon of last week visiting at the home of Mr. and Mrs. Harvey Deltrich of Medford.

Buster Case left Medford for Prospect, where he will have work for the summer with the lumber mill.

Several of the school children attended the music festival at Ashland Thursday. Mrs. Reinking and Mr. Luosa furnished transportation for them.

Mr. and Mrs. Eldred Williams and baby, Eldora, and Mr. and Mrs. Lawrence Sanderson of Medford visited Sunday with Mr. and Mrs. Melvin Martin and family and Sunday evening all three families visited at the Sanderson home.

The Antioch Sunday school has been invited to attend a Mother's day gathering at Rogue Dale. A basket lunch will be served in the park along the river at noon and a Mother's day sermon in the afternoon by Rev. Millard. Several other schools are asked also.

Mrs. Charles Sanderson returned Monday evening from a several days' visit with relatives, Mr. and Mrs. J. Ashworth and Mr. and Mrs. Lester Ashworth of Umpqua, Ore. Mrs. Sanderson made the trip with Mr. and Mrs. M. F. Young and daughter, who visited in Cottage Grove during the time.

A party was given at the home of Mr. and Mrs. Jess Walker for the young folks of the community. The evening was spent in playing games. The occasion was to celebrate Loretta Walker's birthday. Refreshments were served to end the jolly good time.

The dances given at the Hull community hall by the Sams Valley Grange have been well attended.

Pearl Cummings of Medford spent the week end visiting with Mr. and Mrs. Arthur Pote and son.

Held for Food Theft. Joseph Nolan, 69, was arrested by city police about 7:30 last night, after allegedly stealing food in Groceries number 1. He will be held until Monday when charges will be preferred against him, police said.

Nolan is an ex-convict, city police stated, and has been living in the "jungle" here for some time. He gave his home as New York.

Obituary

Fred M. Cornutt, a resident of Gold Hill for nearly his lifetime, passed away in a local hospital early Saturday evening at the age of 81 years. The body is at the Conger funeral parlors where funeral services are being arranged. A complete obituary will appear in Monday evening's paper.

Rip Van Winkle is DEAD!

BUT!

some of the old kitchen ranges still in use in a few homes make one think they probably should have passed with him. The cook stove that was a bright and shining joy to the hard working woman in Rip Van Winkle's day is as outdated, as obsolete, as inefficient in comparison with the modern Westinghouse electric range now on sale as old Rip would be with his rags, corncob pipe and bare feet in a modern business office.

This beautiful modern electric range in your kitchen will open up a new standard of living for the entire family. Now we will allow \$30. on your present wood or coal burning kitchen stove in trade on one of these new 1937 Westinghouse ranges.

ARE YOUR car payments or other installments too large for your income? If so, let us remodel them to fit your present financial circumstances. Often payments may be reduced as much as one-half. We'll arrange ready cash in addition, if you need it. You can get most any amount you require here on your auto, furniture or other personal security and signature. Alert, efficient and considerate service. We invite you to step in for a get-acquainted chat. Our financial counsel and our complete money credit facilities are always at your service.
