COUNCIL FOR VOTE ON STREET BONDS

News Behind The News
 By PAUL MALLON
 Copyright, 1937, by Paul Mallon
 WASHINGTON, May 5.—Late reported unrest in the herd on Capitol Hill is becoming personal—and serious, for President Roosevelt. A stampede among the legislators is not only possible, but probable.

What has held them in check, frankly, is the fact that Mr. Roosevelt has been more popular than they have. Since the 1936 popularity census, however, many a new idea has been born, or delivered to them. Court packing, taxes for next year (their re-election year), a peculiar budget, a government reorganization program which leaves them out.

The members of the house and one-third of the senate (but not Mr. Roosevelt) must submit themselves to the political jury in 1938 on the basis of whatever they do about these reeled problems. As they foresee it, the issue of their re-election campaigns next year will not be Mr. Roosevelt (as it has been in all their past New Deal elections). The question will be what they did about it. They can foresee this issue in the evidence that the Republican organization is inclined to promise backing for candidates on the basis of their record, rather than their party affiliation. Also the inherent rumblings in their mail is ominous. Their noses know.

Congressmen are not much different from other people, as far as human instincts are concerned. They like to get along successfully and quietly, which in their case means they want to be re-elected.

Now, with the situation getting around to the point where their opposition is likely to base a campaign against them on the question of whether they voted their own con- of the Roosevelt organization organ- izations in their districts. Also, as far as they know, he personally, will never run again. Their problem, therefore, gets down to the plain issue minus Mr. Roosevelt.

It may not mean they will topple over the program and establish their own campaign basis. That remains to be seen. But it certainly is the first time in four years that they have been thinking along these lines.

A dinner gathering of statesmen down the historic Virginia peninsula a few days back nearly had a Harlan county ending.

Everything moved smoothly until Dr. Steinholtz of Leipzig university was introduced as the only speaker. The distinguished German professor explained that a site for a vast cloth-

SPECIAL ELECTION ON \$50,000 ISSUE TO DECIDE REPAIR

Committee Report Adopted at Council Meeting—Two-Mill Levy for Five Years Is for Pavement Only

City council last night adopted a committee report suggesting a \$50,000 bond issue for the reconstruction of paved streets and an annual tax levy of two mills for five years to provide a fund for the reconstruction, repair and maintenance of paved streets.

Approval of the report was a prelude to adoption of an ordinance calling for a special election to vote upon the street repair finance program. Upon inquiry by Mayor George W. Porter, City Attorney Frank P. Farrell said the ordinance would be prepared for presentation to the city council at its next regular meeting on May 18.

The report adopted last night was supplemental to one that was laid on the table or further study at the previous council meeting. In the prior report the committee recommended an indefinite revolving fund with not more than \$50,000 of bonds to be outstanding at any one time, authorization being included for the issuance of additional bonds as the original \$50,000 indebtedness was reduced through retirement.

Bond Issue Limited
 The supplemental report specifically limited the bonded indebtedness to \$50,000, the remainder of the street repair program to be stretched over a five-year period on a "pay-as-you-go" basis. The special committee making the report comprised Larry Schade, H. S. Deuel and C. C. Furness.

The committee's supplemental report follows:
 "Since submitting our report at the last meeting of the council we have to submit to you the following suggested modifications of the plan proposed, to-wit:
 "A bond issue in the amount of \$50,000 to care for reconstruction of paved streets where immediate work is necessary, this bond issue to be retired within five or ten years, commencing with 1938 an annual levy of two mills to be made for a period of five years, the proceeds of such levy to be devoted to the maintenance.

Canyonville Step-Mother Admits Beating Child

On Film Studio and Hotel Strike Fronts

More than a thousand members of the Screen Actors' guild met in Hollywood to consider what stand to take in the film studio strike but no action was taken. Guild members attending the meeting are shown above leaving the building. Below: guests at San Francisco's strike-bound hotel had to wait and down long flights of stairs or wait for the occasional elevator operated by managers or guests. Nino Martini, famous tenor, is shown trying his hand as elevator operator to save three pretty girls a tiresome climb. (A. P. Photo.)

DUKE AND WALLIS ARGUE CHOICE OF FUTURE RESIDENCE

Pair Enjoy Walk in Chateau Grounds Under Watchful Eyes of Escort — Police Keep Curious Out

MONTE, France, May 5.—(AP)—Wallis Simpson and her gay duke walked arm in arm—behind a sharp-eyed escort of two—in the grounds of the ancient Chateau de Candé today.

Fifty yards in front of the strolling lovers, an alert British detective paced along with Herman L. Rogers of New York. Mrs. Simpson's friend and spokesman.

Police at the various gates were doubled to keep the curious out, and Rogers said neither the Duke of Windsor nor his betrothed planned to leave the estate today.

In fact, they were reported in mild argument about their choice of a home.

Tomorrow, it was stated, the famous couple may visit some neighboring chateau.

The Chateau de Candé grounds were bathed in a warm sun as Edward and Mrs. Simpson walked and, presumably, made their wedding plans.

The argument about a home, it is really could be called an argument, was this:

Mrs. Simpson was understood to be urging America.

Edward was pictured as wanting to make their home in Austria.

Their trials of five months and one day of separation melted yesterday in a joyful embrace at the chateau. Persons close to the household said Mrs. Simpson suggested that after the wedding they go to the United States, or at least to Canada, to escape the memories and traditions of royalty that still would bind them.

Edward and his dark-eyed bride-to-be were expected to remain at the chateau, guests of Mr. and Mrs. Charles L. Bedaux, during the coronation of George VI, listening to radio broadcasts of a ceremony that might have pivoted about the slim, blonde Edward.

Ex-Husband, Kitty Get Equal Share Woman's Estate

ALBANY, May 5.—(AP)—A former husband and a pet cat rated equally in the will of Mrs. Ada Long, filed for probate here.

It provides a trust fund from which \$40 a month is to be paid to "my divorced husband, W. F. Fletcher, and our family pet cat, Tommy, while they live."

The will of Mrs. Long, who died in Bellingham June 23, 1936, was filed here because of property in Linn county included in the estate.

FATAL INJURIES CAUSED BY BLOWS OF KNIFE HANDLE

20-Year-Old Wife of Barber Takes Full Responsibility for Crime, Her Counsel Says—Disliked Youngster

ROSEBURG, Ore., May 5.—(AP)—Cordeila Hopkins, 20-year-old wife of Leonard Hopkins, Canyonville barber, today assumed full responsibility for the injuries which caused the death, April 17, of Hopkins' four-year-old daughter, Barbara Irene, attorney Ray B. Compton, defense counsel, announced this morning. Mrs. Hopkins, the attorney said, has admitted striking the child over the head with the handle of an ordinary table knife.

Mr. and Mrs. Hopkins were jointly charged here with involuntary manslaughter after a coroner's jury had held one or both of them to be responsible for "external violence" which was given as the cause for the child's death. Physicians who conducted an autopsy told the coroner's jury blows on the head induced a hemorrhage covering the right side of the brain.

Enraged by lies.

Mrs. Hopkins said she was enraged by the child's falsehoods, and that she punished her by striking her on

DENHARDT WAITS VERDICT OF JURY

NEW CASTLE, Ky., May 5.—(AP)—Brig. Gen. Henry H. Denhardt, a prisoner of the commonwealth he served as lieutenant governor and adjutant general, waited today for a farmer-jury to resume its deliberations over the question of his innocence or guilt on a charge of murdering his sweetheart, Mrs. Verna Gary Taylor.

The 61-year-old soldier-politician was confined last night in a cell directly beneath the jury-room while 12 men discussed the evidence for five hours and five minutes.

Circuit Judge Charles C. Marshall ordered the jury sent out today at 11:15 p. m. (CST) they went to continue their deliberations in the morning.

The case went to the jury at 5:25 p. m., after Commonwealth's Attorney H. B. Kinsolving, Jr., asserted his closing argument.

"If you give this man the death penalty, you won't give him any more than he deserves."

The case went to the jury at 5:25 p. m., after Commonwealth's Attorney H. B. Kinsolving, Jr., asserted his closing argument.

"If you give this man the death penalty, you won't give him any more than he deserves."

DISCOVER EIGHTH VICTIM OF CLEVELAND BEHEADER

CLEVELAND, May 5.—(AP)—Coast guards took the lower portion of a woman's torso from Lake Erie today, giving new impetus to the police investigation of Cleveland's series of beheadings.

Coroner Samuel R. Gerber reported to police that the piece of human body found today definitely was the lower part of the torso found in the lake nearly two miles away about two months ago—the eighth victim of the killer, he said.

The portion of the body found today had been cut off below the breasts and at the hips.

The bodies of four male victims were found in Kingsbury Run, a small, dirty stream flowing through the industrial section at the southern rim of the downtown section. Only three of the victims ever have been identified.

The first of the grim discoveries was made September 5, 1934, when the body of a woman was found on the eastern shore of Lake Erie.

Coroner Gerber, who has made a thorough study of the killings, said he believed all were committed by the same person. The cutting in each case was neatly done, apparently by a person acquainted with body structure. Police theories range from a mad butcher to a sex-crazed maniac as the killer.

HOTEL STRIKE HOLDS WITHOUT SINGLE MOVE TOWARD CONCILIATION

SAN FRANCISCO, May 5.—(AP)—San Francisco's hotel strike neared the beginning of its fifth day without apparent hope today of settlement, or even a gesture toward negotiation by either side.

Operators said they would make no move toward negotiations with labor unions, but offered to cooperate at the request of Mayor Angelo J. Rossi or the Central Labor council.

"We can hold out for two months," the president of the joint strike board, Mayor Rossi said he was available to anyone who wanted to negotiate.

In the meantime, ornate lobbies of some of San Francisco's most famed hotels remained dreary, guests burned toast in bedrooms and internationally noted chefs prepared to make sandwiches in a relief kitchen for the benefit of strikers.

Today was payday for the hotel employees, the first since the strike started May 1 at 5 p. m. Arrangements for time worked before the strike became effective.

To make the situation even more complex, the strike advisory committee of the Central Labor council called off a meeting set for 3 p. m. today. The meeting, presumably called to seek a means of opening negotiations with employers, was cancelled because of the funeral of Michael J. "Bloody Mike" Casey, founder of the "feathermen" union here, who died Sunday.

END OF CIVILIZATION HELD HITLER'S GOAL

KANSAS CITY, May 5.—(AP)—Rabbi Stephen S. Wise says he considers Adolf Hitler a "madman" who is "out to destroy civilization."

In an address last night, opening the annual Jewish Welfare Federation here, the New Yorker asserted Jews were "the first victims for Hitler to attack because we are numerically weakest" and that the German speech of last Saturday presages "you of the Catholic church are next."

"And you Protestants who think you are safe should know that you will follow," Rabbi Wise added.

PEACE SEEN SOON IN MOVIE STRIKE

HOLLYWOOD, Calif., May 5.—(AP)—Straggling picket lines of the Federated Motion Pictures crafts were promised reinforcements by longshoremen and the Committee for Industrial Organization today as the labor conciliator for major producers predicted an end of the five-day strike.

Apparently a riotous union clash in the headquarters of the International Alliance of the Theatrical and Stage Employees last night marked a crucial turn in the walkout of 6,000 studio employees.

It was followed by a statement from Pat Casey, labor relations executive of the producers association, that the Los Angeles central labor council had suggested a peace plan to be studied today.

"If all parties find the terms of the proposed agreement satisfactory, I feel justified in asserting that the strike will be called off," he said.

AUTOIST INSISTS ON HIGHWAY NAP

Under what state police termed rather peculiar circumstances, James Ashby Connor, 45, Portland, was lodged in the county jail early this morning and scheduled to appear in justice court today.

State police arrested Connor at 1:45 a. m. on the south Pacific highway after he had allegedly fallen asleep at the wheel of his automobile after parking it almost in the middle of the road. He was awakened by a state police officer, and after being questioned, told to move on but not to park on the highway again.

About 100 yards further down the highway, state police say Connor stopped again, this time directly in the center of the highway, and went to sleep. He acted peculiar, officers said, although he had apparently not been drinking.

OMNIPOTENCE OF GOD SALVATIONISTS TOPIC

"The Omnipotence of God" was the subject of a sermon delivered by Brigadier Francis Howell at the Salvation Army revival campaign last evening. The brigadier will continue speaking nightly at the Salvation Army auditorium, 235 North Bartlett street, at 7:45 o'clock. Tonight his subject will be "Jesus in the midst of human life." All meetings are public in character.

SIDE GLANCES

by TRIBUNE REPORTERS

Booking Commissioner Larry Schade declaring Boxing Commissioner Fred Erickson was becoming a snotter for wanting to bar groin kicks, eye-gouging and arm-breakers at the rascal riots.

The whole city council going on a sort of unprecedented local strike, requiring constant prodding to make the necessary motions and seconds.

Bill Allen receiving a learned discourse from Inspector Charles Austin upon asking the difference in cream grades.

Betty Wilm searching desperately for a map showing the bottom part of Oregon and the top part of California.

A W. Pipes gaining national radio recognition.

DRIVER IS UNINJURED WHEN CAR OVERTURNS

J. E. Hutchinson, of route 4, overturned his car two miles east of here on the Barnett road Monday night when blinded by the lights of an approaching car and went into a ditch, a city police report said today. Although his automobile was damaged considerably, Hutchinson escaped injury.

A car driven by W. T. Wheeler, of 905 North Riverside avenue, received a dented fender and front door when it was hit by one operated by P. B. Baird, of 333 Haven street, yesterday afternoon on West Sixth street, according to a city police report. The Baird car pulled out from the curb, line report stated.

ITALIAN WARSHIP IN BLOCKADE OF BILBAO

BILBAO, Spain, May 5.—(AP)—The Basque government defenders of Bilbao charged today that "an Italian destroyer" and seven "insurgent fighting ships" were massed off this Biscayan port in an attempt to prevent by force the evacuation of 2,800 women, children and old men.

The Basques said they would defy the insurgent fleet and would evacuate the refugees from beleaguered Bilbao tonight under the Red Cross flag, in Spanish ships which will be protected, outside the 3-mile limit, by French and British men of war.

France is the destination of the refugees.

STONE DOUBTS RIGHT TO CONSIDER PENSION

WASHINGTON, May 5.—(AP)—Justice Stone indicated during arguments before the supreme court today on constitutionality of old age pension provisions of the social security act that he held doubts whether the tribunal had jurisdiction to consider the litigation at this time.

Robert H. Jackson, assistant attorney general, who opened argument for the government, explained the department of justice had waived the question of jurisdiction in order to obtain a quick ruling on the law.

Questioned by Stone, who frequently has voted to uphold administrative laws, Jackson said the suit was started by George Davis, a stockholder of the Edison Electric Illuminating Company of Boston, to restrain the company from paying taxes levied under the act.

Martin Has Choice For School Chief

SALEM, May 5.—(AP)—Petitions on behalf of various candidates for the office of state school superintendent will have little effect upon Governor Martin, he let it be known today when he said "I have my mind pretty well made up who the man will be."

The governor refused to divulge whom he had in mind, stating he could take no action until he receives the resignation of Charles A. Howard, expected in the near future. Howard's resignation will become effective September 1, when he takes over the position as president of the Eastern Oregon Normal school.

K. F. Drum Corps To Bridge Fiesta

KLAMATH FALLS, May 5.—(AP)—Klamath Falls will send its state-champion American Legion drum corps to Astoria to head the fiesta of the Golden Gate bridge fiesta parade, directors of the county chamber of commerce decided today.

Theater Man Dies.

SALEM, May 5.—(AP)—O. E. Schmidt, 55, pioneer moving picture theater operator in the northwest, died early today of a heart attack. He came to Salem from Twin Falls, Idaho, seven years ago and purchased the Grand theater which he has operated as an independent exhibitor.

Auto Registration Gains 114 In April

Out-of-state automobile registrations at the local AAA headquarters showed a gain of 114 during April over March, figures released today by Lee Garlock show. During April, 324 cars were registered compared to 210 during March.

Last month also gained over April of last year, according to the records, the same period in 1936 seeing 237 cars receive stickers.

ASHLAND WOMAN IN ATTEMPT AT SUICIDE

Viola Palmer, 38, of Ashland was in a critical condition today in an Ashland hospital from a bullet wound in her head which Chief of Police Charles P. Talent said was evidently self-inflicted. She had apparently become despondent since the death of her mother, Mrs. Charles Boardman, last September, and had attempted to commit suicide.

The bullet was still lodged in her head today, physicians being unable to probe for it because of her serious condition.

Housewives Will Battle Increase in Food Prices

CHICAGO, May 5.—(AP)—Mrs. Wilbur Fribley, president of the Housewives League of America, called upon half a million members today to fight the increase in retail food prices.

The organized housewives, she said will concentrate their efforts on national and state tax legislation affecting food costs.

"We have given up the little petty battles," Mrs. Fribley said after touring league centers, "for a major offensive against widespread increases in taxes on food."

"Our studies show the price rise is due almost entirely to taxation," she asserted, adding: "The agriculture department reported retail food costs seven per cent above last year and the highest in six years."

"We are going to oppose chain store and oleomargarine tax bills and any other legislation in the various states which would affect indirectly the housewife's purse," Mrs. Fribley said.

She said the league will promote an educational program to inform members of tax legislation.

"Wages haven't been boosted sufficiently to warrant the wide price increases."

Shaw Is Re-elected Los Angeles Mayor

LOS ANGELES, May 5.—(AP)—Mayor Frank I. Shaw was re-elected to his second four-year term with a plurality of more than 25,000 votes over Supervisor John Anson Ford, tabulation of the city's final election showed today.

Two pension plans for public employees were approved. A measure to establish a municipal bus system was rejected.

A nearly complete vote gave Mayor Shaw 187,856 votes and Ford 142,172.
