

BAN ON ARM SNAP GIVES BELCASTRO CHANCE FOR WIN

Alvin Britt and Pete Belcastro meet in the top event of Promoter Mack Lillard's weekly grappling card at the Medford Armory Monday night, and, thanks to the local boxing commission, Pete can feel fairly certain of leaving the ring when the evening's entertainment is over with both arms intact.

It could very easily have been otherwise. If, for instance, the Messrs. Schade, Erickson, Jerome, Bingham and Kresow had been looking out of the window last Monday when Britt well-nigh ripped Toots Estes' flippers from their respective sockets, then Pete would undoubtedly be in for a rough evening. But, as said members of the boxing commission were not gazing elsewhere when Alvin perpetrated his insult to the entire game of wrestling, Belcastro may enter the arena of mortal combat secure in the knowledge that some guy won't grab his arm and break it over the top strand of the ring ropes.

From now on and hereafter, that ungentlemanly maneuver as practiced solely by Britt, who should know better as an ex-junior heavyweight champion of the entire world, will be strictly barred from the local ring. The commission turned thumbs-down on the arm-breaker immediately following Britt's disqualification in his Estes match, and all and sundry are glad of it.

In the middle event, Lillard will present two of the fastest and cleanest grapplers to ever appear in Medford, namely: Toots Estes and Cowboy Billy McEwen. For those who like their wrestling strictly on the up and up, the bout should satisfy

like none other in the past several months. Sailor Dick Trout, a newcomer from San Pedro, Calif., who is reported to be a sensational worker of the orthodox type, will meet an old favorite, George Lagoski, the raging, rampaging, roistering Russian Lion. Lagoski has been missing for quite a spell and will return with many left-handed actions, it is said.

SIX KATBALL TEAMS ENTER SUMMER LOOP; MORE ARE EXPECTED

Six kittenball teams have definitely entered the summer league, and at least four more are expected before actual competition starts in the near future. Sam Jennings announced today, Jennings stated that a meeting of all interested in the softball game would be held at Jennings Tire company next Tuesday evening at 7:30, and urged representatives of all teams and those planning on sponsoring outfits to be present.

Those already signifying their intentions of producing nine are Lamports, The Toggery, Hubbard Bros., Hughes and Underwood, Jennings Tire company, and the Office Boys. Ten teams were entered last season, and as many or more are expected this year.

The meeting Tuesday will be for the purpose of forming the league and discussing the location of games. No field has as yet been selected. Swimming Prodigy Found SYDNEY (UP)—Australia has found in 15-year old Bob Newbligh a boy swimming prodigy who is being groomed for the 1940 Olympics in Tokyo. Within a week he broke the 110 yard Australian junior record four times and the 220 yard record once.

ANGLING BETTER, SURVEY REVEALS; ROADS IMPROVED

Rogue River National forest headquarters today issued the following bulletin:

"With fair weather during the past week, there has been a general improvement in most all of the fishing streams."

"Snow is melting rapidly in the Union Creek area and streams are high but fairly clear. All side roads leading from the highway are closed, except the road east from Prospect which is open to the south fork of Rogue river. This stream is fairly clear and should provide some good bait fishing, although no reports have been received directly from there."

"The Copco dam in the north fork of Rogue river one mile west of Prospect has yielded some very good catches of large rainbow trout during the past week. Best success was had with salmon eggs and angle worms."

"The road up Elk creek to Bitter Lick bridge is in good shape and bait fishing in this stream is reported fair."

"Big Butte creek is almost clear and good catches have been made recently. The best success has been had with angle worms and salmon eggs but some good catches have been made by fly fishing with the red up and California Coachman. This stream is better in the morning than in the afternoon, since melting snow in the afternoon raises the creek and causes it to be more roily."

"Snow has been plowed from the road to the resort and to summer homes at Fish lake. Because of the melting snow and soft road surface, this road will be treacherous this week-end and chains are absolutely necessary. Chains should be put on at the Lake creek junction. Provision has been made only for one-way traffic above the Lake creek junction but several turnouts have been provided. There is plenty of parking space at the Fish lake resort and campground. The lake is clear of ice and boats are available. Excellent success has been had by fishermen at Fish lake during the past week using salmon eggs and angle worms as bait and double spinner with a trailer baited with angle worms."

"Fishing on Little Butte creek is reported as fair. The south fork of Little Butte creek is apt to be too muddy for good fishing this week-end. The road is open to Dead Indian Soda Springs camp ground and is in good condition. Cabins and a limited amount of camping supplies are available and the campgrounds are ready for use."

"The road to Hyatt lake is not open."

"Fishing conditions in the Applegate river and tributaries are poor due to high water from melting snow. There is a small run of steelhead in the Big Applegate and a few have

been caught the last few days on single eggs."

"The road to Squaw lake is in good condition and reports have been received of several good catches of cut-throat trout in the lower lake. Boats are not available at the present time."

"Roads in the Applegate district in the lower elevations are all open for travel but roads leading to the higher elevations are closed on account of snow. There are many wild flowers and flowering shrubs in bloom in this district."

"Reports have been received indicating that salmon fishing is good in the main Rogue river below Medford. The river has been too high for good trout fishing but some fair catches have been reported as being taken above Trail."

TABLE ROCK SEES SIGNS OF SPRING

TABLE ROCK, May 7.—(Sp.)—Orchids and bee-marlinas have returned for the summer and are busy looking over sites for the annual nest-building program. They are the last of the song-birds to return for the season.

Further evidences of warmer weather include bee-swarming and the shearing of sheep.

Hundreds of baby frogs, ranging in size from a penny to a silver dollar, can be seen at the E. O. Hamilton frog pond where breeding stock is imported. The frogs are the kind which provide the legs which are in such demand by gourmets.

It is claimed that some pools along the river are becoming pretty well stocked with frogs of this same breed.

The Dick Richmond cattle are being pastured on the Modoc pasture land.

Named to Senate NASHVILLE, Tenn., May 7.—(AP)—George Leonard Berry, 53, western labor leader and staunch new dealer, held the appointment today as U. S. senator from Tennessee. He was named last night by Governor Gordon Browning to succeed the late Nathan L. Bachman of Chattanooga who died in Washington two weeks ago after four years in the senate.

Clocks in Eclipse DENVER (UP)—Denver jewelry store street clocks are to go the way of the once familiar nickel entrance, horse-drawn vehicles and family beer—into oblivion. Manager of improvements George E. Cranmer, who terminated a match in the Mailbox cafe just before dawn, sped to the spot, and arrested a 23-year-old burglar. The man had been unsuccessful in an attempt to force open a cigarette machine.

Match Betrays Burglar CLEVELAND (UP)—Detectives Matt Flynn and William Hease saw the flicker of a match in the Mailbox cafe just before dawn, sped to the spot, and arrested a 23-year-old burglar. The man had been unsuccessful in an attempt to force open a cigarette machine.

FORD TO OPPOSE FEDERAL TAX ON UNSPENT PROFIT

(Continued from Page One.)

lifting done in this country is done by industry.

Not Aiding People "If the government took every cent of Ford profits and used the money to raise the standards of the people, I'd take my hat off to them. That is what we have been trying to do for 30 years. They are not doing it."

"Do you believe the various government agencies succeeded in 'priming the pump' for industry?" he was asked.

"Government money provides no purchasing power and no market for industry," Ford replied. "And it has not provided employment, either; else, why do we hear of millions of men still unemployed."

"Our government does not understand the primary necessity, which is production. We have not enough of anything, and all the politicians can think of is to make it harder for producers to produce."

"The answer to the unemployment problem is to produce more goods, and that is what we are trying to do."

A question about wage increases brought a reiteration of his recent statement that "there will be higher wages when this strike mess is over." He said there was nothing to add to that.

PIONEER WOMAN TO FINAL REST

ROGUE RIVER, May 7.—(Sp.)—Mrs. M. R. Bliss, pioneer of Jackson county and for years a resident of Medford, passed away at the home of her daughter, Mrs. Myrtle Whipple, at Rogue River, after an illness of four days.

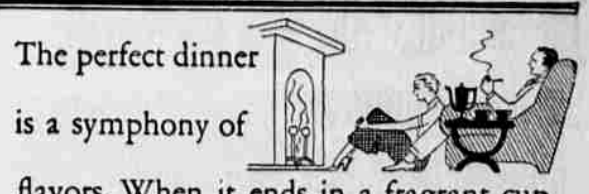

Minerva R. Ladda was born in Harmony, N. Y., February 8, 1851, and was 85 years old at the time of her death.

On October 18, 1869, she was married to Francis A. Bliss, and to the union were born four children. One son passed away in infancy. Three daughters survive, Mrs. Zorah Wiley and Mrs. Myrtle Whipple of Rogue River and Mrs. Hattie Harris of Lewiston, Idaho. All were with her at the passing. Eleven grandchildren and 19 great-grandchildren also survive.

The husband passed away in 1923. The funeral was held at the Presbyterian church Wednesday afternoon at 2 o'clock, Rev. Bancroft officiating. Interment was in Rogue River cemetery.

There is \$1,900,000,000 worth of silver bullion in the United States treasury.

The perfect dinner is a symphony of flavors. When it ends in a fragrant cup of Schilling -- that's the proper finale.
