HOME EXTENSION PROGRAM DRAWN IN ANNUAL MEET

Eighty Delegates From Units of County Gather With Specialists — Four New Members Are Elected

The sixth annual county homemakers day was held at the courthouse May 3, to plan the home economics extension program for the coming year. Eighty delegates representing the 18 home extension units, recreation leaders, and parent education study club groups attended.

Extension staff members from Corvallis were: Azalea Sager, state home demonstration leader; Maude Morse, parent education specialist; Joan Patterson, house furnishings specialist; Isola Jensen, extension specialist in community social organization, and Helen Anne Thomas, home demonstration agent-at-large.

The morning program at which Mrs. O. C. Maust of Central Point, county extension committee member, presided, included discussion of new developments in the state home economics extension program by Mrs. Sager, and a discussion of the county program summary and results of past year by Mabel C. Mack, county home demonstration agent.

Following group discussion each group prepared recommendations for projects to be included in the program for 1937-38.

Luncheon was served at Valentine's Cafe, Mrs. Walter Young of Eagle Point, county extension committee member, presiding. Mrs. Effie Birdseye of Gold Hill was luncheon speaker. Mrs. Birdseye discussed the program of the state home economics extension council, stressing the scholarship fund project and legislative program.

The afternoon session at which Mrs. C. E. Myers of Medford, county extension committee member, presided, included presentation of recommendations from the various discussion groups.

Four new members were elected to the county extension committee: Mrs. G. E. Ousterhout of Eagle Point; to succeed Mrs. Walter Young of Eagle Point; Mrs. Pearl Williams of Talent; to succeed Mrs. Bert Nichols of Ashland; Mrs. Lee Port of Applegate; to succeed Mrs. Herbert Hansen of Jacksonville and Mrs. Walter Ricks of Howard to succeed Mrs. O. C. Maust of Central Point.

The county extension committee will meet Saturday, May 8, with Mrs. Sager and Mrs. Mack, to prepare the county program based upon the recommendations presented at homemakers' day.

TOWNSEND CLUB NO. 2 BEGS DANCERS PARDON

By Geo. Iverson
Townsend club No. 2 of Medford wishes to apologize to its dancing friends for the mixup in dates, many of them coming for a dance last Friday, which was not the No. 2 night.

Club No. 2 meets the first and third Fridays of each month, which makes it every other Friday except where a month has five Fridays, then there will be a meeting and dance either two succeeding Fridays or three weeks apart.

This week Friday belongs to club No. 2, therefore there will be a meeting followed by the usual dance and there is a promise of two orchestras this week so the dance should be interesting.

Some very vital items of Townsend Plan business are on the program and it behooves all Townsendites and their friends to attend.

This is all for Friday night, May 7 at the K. P. hall, corner of Fifth and Grape streets.

SALE OF TIMBER ON ROGUE FOREST TO NET \$300,000

Chiloquin Lumber company of Chiloquin was announced Thursday as the highest bidder for the timber in the Pothole unit sale area of the Rogue River national forest which was recently put up for sale. The area is about 12 miles north of Fort Klamath.

The Chiloquin company bid \$4.65 per thousand board feet for ponderosa, western white and lodgepole pine, \$4.05 for sugar pine and \$1 for all other species. These prices were understood to be somewhat higher than those offered in recent years.

A volume of 87 million board feet of ponderosa, western white and lodgepole pine and an unestimated amount of sugar pine will be sold under the bid, it was stated by Rogue River national forest headquarters here. Bids were opened by the regional forester in Portland, April 30. The highest bid is subject to approval at Washington, D. C., it is understood.

Sale agreement requires the removal of all the advertised timber by December 31, 1938. Receipts from the sale will exceed \$300,000 and will be used to finance acquisition of land along Crater Lake highway near Prospect for the preservation of scenic values, forest headquarters said. An exchange agreement with the Rogue River Timber company, owner of the land to be acquired along the highway is about to be consummated, it was added.

Regarding the sale forest headquarters here stated: "The timber will be cut under a sustained yield plan. Each tree to be cut will be selected and marked by a forest officer. Only mature timber will be removed and a sufficient amount of young growth and mature timber will be left on the ground to insure a future crop to the full capacity of the soil within the area."

"A new plan in marking is to be instituted on this sale. Not over 80 percent of the total volume per acre will be removed, which is a much lighter cut than has been practiced on national forest lands in the past. The purpose of the lighter cutting is to insure reproduction by maintaining climatic conditions within the stand which are changed considerably by heavier cuttings. This plan also makes it possible to cut over wider areas—put these areas under intensive timber management, which is the objective of the forest service for all the timberlands under its administration."

3 TRAFFIC DEATHS WOMAN'S SLAYER IN PORTLAND AREA GIVEN 40 YEARS

PORTLAND, May 7.—(AP)—Traffic accidents in the Portland district brought death to three persons and perhaps fatal injuries to a fourth today.

The deaths of Mrs. H. A. Taylor, 35, and Frank Johnstone sent the city's auto fatality rate to 31 since he police year started on December 1. Mrs. Taylor died early this morning two hours after a crash on Foster road; Johnstone succumbed to injuries not long after an automobile struck him as he attempted to make his way across a downtown intersection.

Another pedestrian, Frank Martinjak, 61, lost his life on a road near Oregon City. The car striking Martinjak also killed the cow he was leading home.

Doctors fear Mrs. Mary Luckenbill, 71, hit as she crossed busy Sandy boulevard, will not survive.

ROGUE RIVER REJECTS NEW CHARTER BY VOTE

GRANTS PASS, May 7.—(AP)—Rogue River rejected the proposal to adopt a new charter Tuesday in its fourth election in five months, not including one postponed, with little excitement.

Only 97 votes were cast, barely more than half that in its recent recall election. Forty-five votes for the change and 52 against.

Klamath Cyclist Killed By Auto

KLAMATH FALLS, May 7.—(AP)—Forrest Manning, 10, died last night of injuries received in a collision four miles west of this city between his bicycle and an automobile driven by W. T. Lee.

Young Manning was coasting downhill when his bicycle suddenly swerved across the road and into the path of Lee's car.

Coroner George H. Adler said evidence indicated Lee, a long-time Klamath resident, and former county assessor, was not at fault.

Tot Is Attacked By Pack Of Dogs

SALEM, May 7.—(AP)—A five-year-old boy, son of Charles Grants of the Sidney district, was brought here for treatment of wounds in the face, shoulder, arm, hand and back received when he was set upon by a pack of dogs.

Paul Marnach, county dog license inspector, said the lad was rescued by Joseph Hughes, owner of the dogs. Five of the pack of 12 on the Hughes place were latter killed by Marnach.

POLICEMEN HEAR INTERESTING PAIR

Capt. Walter Lansing and Lieut. Clyde A. Warren of the Oregon state police addressed the sixth weekly police training school in the council chambers of the city hall Wednesday. Chief of Police Clatous McCredie, chairman of the school sponsored by the League of Oregon Cities and the University of Oregon, stated that the

Oregon is Thick with Pretty Babies!

—and thousands of them start life on this fine milk from Oregon cows

• When your doctor says "evaporated milk," ask him about Borden's—made right here from our own fine Oregon milk.

Babies who drink Borden's Irradiated Evaporated Milk get a double advantage. They get the country's top quality milk, in a form that's extra-easy to digest, and absolutely pure and safe. Borden's Evaporated Milk is irradiated, too—supplying extra sunshine Vitamin D in your baby's diet.

Oregon doctors often specify "Borden's" on evaporated milk feeding formulas—just to make sure their tiny patients are getting a brand that's extra-good for them! Ask for it by name—your grocer carries it.

Borden's IRRADIATED **Milk**

★ PRODUCED AND MADE IN THE NORTHWEST ★

Fine for cooking, too!

Borden's Chocolate Pie

1 cup Borden's Evaporated Milk
1 cup water
1/2 cup granulated sugar
1/4 cup flour
1/4 teaspoon salt

2 squares unsweetened chocolate
2 egg yolks
1 tablespoon butter
1/2 teaspoon vanilla extract
9-inch baked pie shell

Blend Borden's Evaporated Milk and water. Mix 1/2 cup sugar, flour and salt. Add 1 cup cold milk mixture gradually, stirring until smooth. Add chocolate to remainder of milk and heat in top of double boiler until chocolate is melted and milk scalded. Add flour mixture, stir constantly over boiling water until mixture thickens. Cover and cook ten minutes, stirring occasionally. Pour over well-beaten egg yolks. Return to double boiler and cook until egg is set (about 2 minutes). Add butter, and cool. Add vanilla and pour into pie shell.
