RECORD NUMBER PLAN TO ATTEND HEALTH MEETING

Record attendance for the annual meeting of the Jackson County Public Health association on May 25 was indicated this week when various groups expressed the wish to greet Mrs. Sadie Orr Dunbar of Portland on this occasion. Mrs. Dunbar, recently named candidate for president of the General Federation of Women's Clubs, with no competitors to date, will undoubtedly become a national figure when elections are held in 1938. This may be her last public appearance in Medford for some time.

She will direct the round table discussion at 8 o'clock and appear again as main speaker on the evening's program. The public is cordially invited to both sessions, which will be held in the county court house auditorium with covered dish supper dividing the program.

Miss Mildred Carlton, president of the health association, has urged all persons interested in Jackson county's health record, to save the afternoon and evening of May 25. In addition to hearing one of Oregon's outstanding women, known for years as executive secretary of the Oregon Tuberculosis association, they will be given an opportunity to learn just what Jackson county has done in the field of health and what is going to be done.

EDWARD AND WALLIS POSE HAND-IN-HAND FOR PHOTOGRAPHERS

MONTS. France, May 7.—(AP)—Edward of Windsor and Wallis Warfield Simpson, hand-in-hand and beaming, posed for photographers today beneath a chestnut tree on the lawn of the chateau de Candé.

Inside, invitations were being prepared for the select circle that will witness the former monarch's marriage to Mrs. Simpson on a still secret wedding day.

"We are very happy. We always are very happy," the duke said, smiling. The woman for whose love he renounced a throne nodded her emphatic approval.

The chestnut tree, in full bloom on the lush, spacious grounds of the chateau, provided an almost theatrical background.

The bride-to-be's trousseau, including a wedding gown in "Wallis blue," is virtually complete.

On the day she becomes her royal highness, the Duchess of Windsor, Mrs. Simpson will wear a long afternoon dress, part of an ensemble with a jacket to match in soft silk.

"It will be one of the new blues—"

EX-CONVICT SHOT DURING BURGLARY

LA GRANDE, Ore., May 7.—(AP)—Ector Worden, 27, ex-convict, was in a hospital here today seriously wounded and facing the filing of felony charges if he recovers, according to Police Chief W. F. Blanchett.

George Spears, proprietor of the Old Town grocery store here, had been sleeping nights at his store since it was entered April 3. Last night, he related to city and state police, he was awakened by a noise, and going to investigate, saw a man behind the counter. He challenged him, Spears said, and when no reply came, fired a shot from his revolver. The man hurled the glass top of a counter scales at Spears, who fired again as the intruder dodged through the door.

Spears called the officers who said they followed a trail of blood a block and a half before finding Worden unconscious in an alley, shot through the left arm and right leg.

Officers said Worden served 18 months in the Oregon penitentiary several years ago on a charge of entering the Blue Mountain creamery here.

White King Company Uses Boxes Of Wood For Shipping Soaps

Citizens of this community and Jackson county enthusiastically received the announcement made today by Leonard Fish, representative in southern Oregon for the White King Soap company, that this firm has been and will continue to ship products in wooden boxes. The Los Angeles company adopted this policy some time ago because of the superiority of wooden shipping containers for shipping White King soap and kindred products and as a move to encourage the lumber industry of the northwest.

"Our company heartily endorses the program of retailers in this section of the country to encourage the use of wooden boxes," Leonard Fish said today. "The lumber industry needs and deserves this support from merchants, and the public as a whole should favor the products of manufacturers who buy box shuck and ship in wood. There is a definite advantage in using wooden boxes for shipping purposes in that products are more protected and come to the retailer and consumer in better condition."

32nd Traffic Death

PORTLAND, May 7.—(AP)—William D. Janney, 48, died of injuries received in an automobile accident December 2, 1933, and sent Portland's traffic deaths to 32 for the first five months of the police year.

S.P. FREIGHT BRAKEMAN KILLED AT OREGON CITY

OREGON CITY, May 7.—(AP)—Charles Elmer Staley, 47, brakeman on a Southern Pacific freight train met death instantly this morning when he was struck by the No. 7 southbound passenger.

Deputy Sheriff H. W. Koehler said the victim apparently stepped from the freight into the path of the fast traveling passenger train. The engineer of the passenger was unaware of the accident and did not stop.

Staley's home was at Roseburg. The body was taken to the coroner's office here.

VANCOUVER, Wash., May 7.—(AP)—The swift north fork of the Lewis river claimed Tom Tusk, 40, of La Center when a barge on which Tusk and Allen Proctor were crossing the stream overturned. Proctor saved himself by grasping the cable on which the barge operated. The body was not recovered.

New rules drawn up for Ottawa county, Okla., jails require that prisoners "take a bath at least twice a week."

DRIP, PERK OR SILEX

Taste one cup of supreme Coffee of our fresh-roast blend. Prepare it your favorite way—drip-fashion, silex or percolator.
