HALLIBURTON TO RECOUNT TRAVELS IN ADDRESS HERE

One of the truly outstanding feature programs of the season is to be presented by Richard Halliburton, a speaker of national fame, who is to appear here Thursday at the Senior high school auditorium under the auspices of the Active club. An incurable romantic, a fearless explorer, one of the most popular of non-fiction writers, Halliburton comes to the lecture platform with the thrilling account of his latest great saga. Recently he turned newspaper cor-

respondent with an assignment to fill an entire page for forty newspapers, every Sunday for 52 Sundays was the order given him—probably the largest order ever given to any author in the history of journalism. Mr. Halliburton has stridden across the map with his seven league boots, visiting more strange places, and encountering more extraordinary adventures than ever before.

His elephant ride over the Alps, his visit to Abyssinia, his death-bed interview with the chief-assassin of the Romanoffs, are only three of the high spots along this latest journey. He also went to Santiago de Cuba to visit the wreck of the Merrimac of Spanish war fame, and the hulks of the Spanish warships driven during the famous naval battle, onto the beach where they are still to be seen. He visited Fort Jefferson, America's Devil's Island, the Civil war sea-fortress sixty miles out in the Gulf of Mexico from Key West. This prison was made famous by the unjust imprisonment of Dr. Samuel Mudd, the doctor who set the broken leg of John Wilkes Booth, after the murder of Lincoln.

Mr. Halliburton spent a winter in Russia. Of life in the Soviet state he

SENIOR PICNIC IS SET FOR MAY 14

Under the supervision of the class advisors, Miss Maurine Carroll and Mr. Leland Mentzer, the graduating class of the Medford high school has planned the annual upper-classmen picnic for May 14. At this time the seniors leave early in the morning for a destination unknown to any save themselves and their advisors. The cars containing the small parties of sen-

iors proceed to the chosen spot in caravan form, arriving there some time in mid-morning. The picnic lunch is eaten after this and the rest of the day and evening is devoted to play and fun, until time to return home again. Money for the proposed frolic was earned through the very successful senior play, presented at the high school last week. Every senior bought two tickets in order to help finance the activity. Senior boys will provide the necessary transportation, and those who do not contribute either transportation or food will be asked to give a definite

amount in order to finance the trip. Dick Woodcock, senior class president, states that every effort is being made to make the day of the spring frolic one memorable to everyone attending.

The Moscow subway system transported 110,000,000 passengers in the last year without an accident. European explorers first observed smoking in Santo Domingo, where it was a habit of the natives.
