BEER DISPENSERS GIRD FOR BATTLE OVER DELIVERIES

Ultimatum of Distributors Against Deliveries After 6 P. M. Irks — Meeting Called for 7:30 Tonight

Girding themselves for a finish battle, about 50 members of the southern Oregon branch of the Oregon Food and Beverage Dispensers, Inc., will meet in the Hotel Holland tonight at 7:30 to figure ways and means of fighting the recent ultimatum of local distributors that no beer or wine of any kind shall be delivered between the hours of 6 p. m and 9 a. m. P. B. Bigelow, president, will preside.

Representatives of distributors of keg and bottle beer and wine in this territory met recently and served notice following the meeting of the hours during which they would make no deliveries. Local distributors are the Lost River Dairy, Val Fischer, Pacific Fruit, Grover's, Mason-Ehrman, Snider's Dairy and the McDonald Candy company.

Notices Mailed.

According to H. S. Boise, secretary of the southern Oregon branch of the Oregon Food and Beverage Dispensers, Inc., 50 notices of the meeting were sent to members in all parts of southern Oregon.

P. B. Bigelow, president, stated that the new delivery hours were supposed to go into effect last Monday, but that when local dispensers decided on a curtailment of purchase of all products from the distributors until after the meeting tonight, the latter made deliveries during the forbidden hours.

Effect of the delivery hours on many dispensers would be such that they would be without beer late in the evenings, officials of the dispensers stated.

Means Added Expense.

P. B. Bigelow said that many dispensers would not be able to afford installing refrigeration facilities to keep the kegs of beer cold they would be forced to store against the summer-night rush of business. He pointed out that the facilities would cost from $300 to $500, far beyond what many dispensers could afford to install.

Unionization of truck drivers on a 40-hour week and $32.50 per week salary was near in this territory, H. S. Boise stated. He gave that fact, in his opinion, as the principal reason for the delivery-hour decision on the part of the distributors.

Other officials of the southern Oregon branch of the Oregon Food and Beverage Dispensers, Inc., are H. C. Fredette, state trustee, and J. C. Bessonette, vice-president.

Giant Mushroom Found In Orchard

A freak "puffball" mushroom was placed on exhibit today in the Jackson County Chamber of Commerce. The mushroom is the size of a pumpkin. It weighs 5½ pounds and measures 32 inches in circumference. It was found by Harold Corleis on his Phoenix orchard. It is said to be the largest specimen of its kind ever found here.

A 500,000-candlepower beacon throwing a finger of light 19 miles to sea is to be erected on Maui Island, 100 miles southeast of Honolulu.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 Miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 Miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

AFTER THE SITDOWN, A BATH

The first place that Mrs. Genevieve Johnson visited, after police ended her 15-day sitdown strike for alimony, was a tub. Here she is at the home of a friend in Longmort, Colo., sponging away grime.

Wheeler Hi Coach Going To Toledo

TOLEDO, Ore., May 13.—(AP)—Earl Whittaker, coach at Wheeler high school, will direct athletics at Toledo high school next year, A. M. Cannon, county superintendent, said today.

Julia Umstead of Eugene will have charge of the music department and assist in English instruction. Gertrude Schoeler of Corvallis will teach home economics.

A new principal will be named at Waldport high and Helen Hostetler, graduating from Linfield college this year, will be the new music supervisor. Lawrence Rakes, principal at Siletz, has been appointer principal at Newport high. Eleanor Trindle of Salem will teach home economics and Hortense Taylor, also of Salem, will direct music studies.

The tallest known tree in California, a sequoia sempervirens in Humboldt county, towers 364 feet. It has a circumference of 47 feet at the ground.

The boyhood home of John Hay—war-time secretary to Abraham Lincoln—was sold recently at Warsaw, Ill., for taxes. It brought only $30.

A recent survey indicated over half of the farmhouses in Kansas were more than 25 years old and nearly a fifth more than 50 years old.

RESERVATION FOR SCOUT JAMBOREE TO END SATURDAY

(Contributed)

One of the greatest mass movements of youth in the history of the nation will be launched this June, when all types of transportation carriers, bearing 25,000 or more Scouts, will converge on Washington, D. C., for the country's first National Jamboree, June 30 to July 9.

What inspires this great pilgrimage? What values attract this vast throng of eager-eyed youths?

Many Jamboree values are self-evident:

1. Trips to and from the Jamboree camp will be packed with educational travel values. The 10 days spent in the nation's capital will be well worth the trip alone. Individual viewpoints will be widened and history and geography become living subjects.

2. Traveling under superior Scout leaders, the boys will benefit from numerous opportunities provided for character building, leadership and citizenship training—Scouting's three cardinal aims.

3. Lasting friendships will ripe under the warm comradry of the Jamboree contingent. Association with Scouts from other states and foreign countries will break down local prejudices and racial hatreds.

4. There's romance in every mile of the trip and a camping experience of high adventure.

5. Each boy who makes the trip should receive stimulation to advance in Scouting and to become trained eventually to serve as a leader in the movement.

All these values are offered at prices which seem ridiculously low for the potential benefits. Through special low transportation rates, the entire trip can be taken at a price only slightly above the cost of the regular round trip railroad fare.

Every factor of safety will be provided for the contingent. National, regional and local Scout executives, numerous adult leaders, doctors and railroad officials will accompany and camp with each group. Two years ago the Crater Lake Area Council took 35 boys to New York and back without one single mishap marring the trip.

In extending a personal invitation to the Jamboree, President Roosevelt said:

"Our Jamboree, besides being an event long to be remembered by the boys who participate, will afford a practical demonstration of the principle of self-reliance which Scout work is developing in all of you. There will be gathered together a thoroughly representative group, mobilized from all parts of the country. Other countries will send delegates to meet with us. The camp here in Washington will afford an opportunity for us to extend our horizon and enlarge our friendships on the basis of the ideals expressed in the Scout oath and law."

Every Scout troop and every community should have at least one representative take part in this greatest of all national gatherings of youth.

Preliminary reservations must be made immeditely at the local Boy Scout headquarters, 500 East Main street. You may telephone Medford 540 for immediate information. Five dollars of the total necessary amount of $165 is required by Saturday, May 15, at the local council office.

The Chicago library circulated 10,378,000 books, pictures and pieces of music to 5,000,000 readers in 41 states last year at a cost of 41 cents to each taxpayer.

BUS FENDER SMASHED IN BRUSH WITH TRUCK

A southbound Pacific Greyhound stage received a smashed left front fender, headlight and radiator when it attempted to pass a Timber Products Ford truck driven by Ralph Orlando Castanos on North Riverside avenue last midnight, according to a city police report.

Castanos, the report stated, attempted to make a left turn into a driveway just as the stage, driven by H. S. Harbour of Eugene, started to pass it. The bus hit the left rear bed of the truck, which was also traveling south.

Nobody was injured, city police said.
