

BIKE REGULATION MAY BE URGED BY LOCAL 20-30 CLUB

Tentative plans for sponsoring a code regulating bicycle traffic in the city of Medford, similar to those operating in Roseburg and Eugene, were discussed at the regular meeting of the Medford 20-30 club Tuesday night at the Jackson hotel.

A "ladies night" will be held by the club Saturday evening, June 5, according to plans outlined last night. A committee composed of Merritt Hittie, chairman, Howard Hamilton and Al DeLara, was appointed to formulate plans for the affair.

Chuck James was appointed to secure specifications and an estimate on the cost of erecting signs north and south of Medford directing tourists to Crater Lake. The gateway to Crater Lake, according to present plans of the club, signs will also be placed over the intersection of Main street and Riverside avenue, and at the intersection of Main street and Crater Lake highway, pointing out the route to Crater Lake.

Harry Pinneo, deputy district governor of sub-district No. 2, announced a sub-district convention of 20-30 clubs will be held in Marshfield May 20 and 30, and urged members of the local club to attend.

Motion pictures of the outboard motorboat regatta staged May 2 at Emigrant lake, will be shown at a meeting of the club in the near future. The regatta was sponsored by the 20-30 club.

Harold Larson, member of the Medford Active club, appeared at the meeting and spoke in behalf of the Active club's sponsorship of the appearance here Thursday of Richard Halliburton, famed traveler and writer.

Harry Pinneo announced a sub-district membership contest to end September 1 with a handsome trophy to be awarded to the winning club. President Carl Norris presided at the meeting.

RADIO CLUB TO DINE AND MEET FRIDAY

Regular meeting of the Rogue Valley Radio club will be held Friday evening at the airport clubroom. Preceding the meeting members and their friends will enjoy a dinner in the airport cafe at 7:45 P. M.

It is planned to have two amateurs from Portland present with their portable radio equipment, which is used in the fire-weather service. Talks on technical phases of radio will be presented.

ROSEBURG CAFE OWNER SLAYS SELF IN BOOTH

ROSEBURG, Ore., May 13.—(AP)—The body of Waldo H. Young, 44, manager of the Campview cafe, located a short distance north of Roseburg, was found in a littered booth of the cafe this morning. Death, coroner H. C. Stearns reported, was apparently self-inflicted. An automatic pistol, which Young was reported to have carried since a recent holdup at his place of business, was found under the body.

Seattle Girl Becomes 'Miss Western America'

Shirley Joy Ellis (center), 19-year-old Seattle girl, was chosen "Miss Western America" in a contest held in San Francisco by the Golden Gate International Exposition. Genevieve Hansen, "Miss Nevada" (left), won second place and Maurine McKenzie, "Miss Utah" (right), placed third. Miss Ellis will represent the Golden Gate International Exposition at the Paris Exposition of Arts and Crafts. Miss Hansen and Miss McKenzie each will be given a two-week tour of British Columbia.

MILLARD TO CONDUCT EAGLE POINT CHURCH

EAGLE POINT, May 13.—(Spl.)—Arrangements were completed Monday whereby Rev. D. E. Millard will give possession of the old Full Gospel Mission church property in Eagle Point, formerly owned by Mrs. Argyle F. Green, now of Los Angeles. Rev. Millard expects to open the church and begin services with a series of non-sectarian evangelistic meetings, beginning Sunday, May 30. Rev. and Mrs. Millard are well known in the Eagle Point district and their many friends will welcome the opportunity of hearing them, not only in word but also in their attractive musical

Aitchison To Give Graduation Address

EUGENE, May 13.—(P)—The University of Oregon will bring back one of its most distinguished alumni, Clyde B. Aitchison, member of the interstate commerce commission, as speaker for the sixtieth commencement Monday, May 31. It was announced here today by Dr. James H. Gilbert, dean of the college of social science and chairman of the committee in charge of arrangements. Mr. Aitchison received the degree of master of arts from the university here in 1915. Although he has been a member of the I. C. C. since 1917, he still claims Portland as his home and Oregon as his home state.

NOTHING IN DELAWARE FOR CHAMBER EXHIBIT

A slight snag was struck today in preparing a permanent Jackson County Chamber of Commerce gem and mineral exhibit with specimens from every state. Gov. Richard C. McMullen of Delaware wrote that his state had nothing "of this kind suitable for an exhibit." Since the exhibit will include gems or stones and since the state is famous for its peaches, A. H. Banwell, chamber of commerce manager, said he was thinking of asking Gov. McMullen for a Delaware peach-stone.

HINTS ARE GIVEN ON HOW TO CATCH MARSHFIELD BASS

How to angle for striped bass is explained in a bulletin received here today from the Marshfield Elks lodge which is sponsoring the first annual striped bass derby to be held Sunday, May 23, in the Isthmus inlet. The Marshfield Elks were of the belief that the inland fishermen of the Rogue river valley would need some pointers on how to snag salt water fish. Here are the directions: Use line of at least 35-pound test, with either bamboo or steel casting rod. Salt water star drag reel or bait casting reel of 100-yard capacity is preferred. It is not advisable to use less than 100-yard reel.

Plugs are the only lure for trolling. Boats with outboard motors are advisable as strong tide currents make rowing too strenuous. A plug with red head and white body is favored. Jointed plugs are considered best though many use a single plug. Yellow and black or yellow and gold plugs are also good. Some fishing is done with small live bullheads but the red-headed white plug is standard. Use a wire leader at least three feet long as striped bass break a line with their teeth or scales when fighting. The bass roll around the line when caught and make long runs while being played.

Use a spreader between line and leader. A sinker is generally used near spreader to keep the lure close to the bottom. Striped bass are a bottom fish and seldom rise for bait or lure. Striped bass are similar to chinook salmon in their action as they make long runs, sink when caught but seldom break water. They vary in weight from five to 50 pounds, 25 pounds being average.

Entry blanks for the derby may be procured at the Jackson County Chamber of Commerce. Numerous prizes are to be awarded.

High School News by STUDENT REPORTERS

By Geraldine Clemens A Girls' league meeting was held May 10 for nomination of new officers. Campaign speeches were made for the elections May 12.

Those nominated by the Girls' league council and from the floor were: President, Jeannette Field, Muriel Stocks, Helen Latham, vice-president, Geraldine Loomis, Virginia Huns, Helen Thompson, Betty Fowler, secretary, Ruth Garlock, Corinne D'Albini, Huldah Rose, treasurer, Edna Dale, Lela Henderson, Edith Hodgkins.

Following this a general assembly was held to give the students an opportunity to hear a brief skit on the all-pageant presented by Grants Pass schools May 14, at 8 p. m.

The teachers in charge brought about 15 young children to put on some dances and songs from the pageant. "United States the Melting Pot," is a play about life in the old country and in the second part about life in the new country. The pageant is to be held on the open air platform built especially for it.

By Jeanne McKay Assembly was called May 11 to give students an opportunity to see moving pictures of the navy. The films showed recreations and contests of the sailors. Also, the occupations taught, such as carpentry, mechanics and electrical work. The pictures were greatly enjoyed by all the students.

By Barbara Derris During assembly Wednesday, the Girls' league voted on candidates for league officers. Those elected were: President, Muriel Stocks; vice-president, Geraldine Loomis; secretary, Huldah Rose; treasurer, Edna Dale.

By Karl House A Boys' league meeting was called Monday for nomination of officers for the coming year. Nominations were made from the floor. After the nominations, Sam Macardson, president of the league, asked for short speeches from those candidates present. Candidates nominated were: President, Stan Stanley, Billy Holloway; vice-president, Jack Dennison, Don Hathaway; Don Younger; secretary, Jack Hysland, Kenneth Scripter, Kenneth

Raymond; treasurer, Kay Nakagiri, Leonard Smedley, Dick Finch, Robert Reynolds; sergeant at arms, Bryce Houghton.

Closing time for Too Late to Classify Ads is 1:30 p. m.

WILL SURVEY DRY BASIN IN KLAMATH

KLAMATH FALLS, May 13.—(P)—A survey of the lower Klamath lake will be made soon by a party from the bureau of agricultural engineering with a view to possibly reflooding the dry basin, it was learned today.

Senator Charles L. McNary sent the local chamber of commerce a copy of a letter from John C. Page, reclamation commissioner, in which Page said the U. S. biological survey had arranged for a survey party and a subsequent report on the necessary engineering works in connection with reflooding.

Considerable support for reflooding the lower Klamath has been gained here as it is felt that the project would have the combined effect of abating a dual nuisance and relieving the annual flood threat in the Tule lake sump area, consequently providing more land for agriculture.

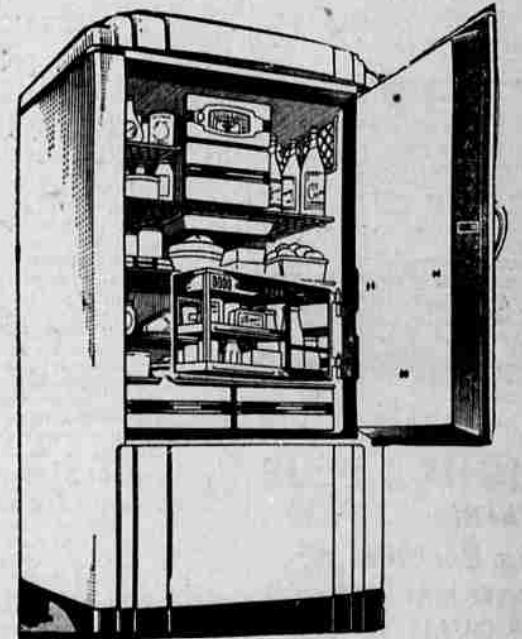

Portland, May 13.—(P)—An automobile knocked down Harry E. Winter, 44, Detroit, Ore., but it was Winter rather than the driver who felt the arm of the law. A traffic investigator arrested him for reckless driving. He suffered scalp lacerations.

Eggs keep better in Nature's own package

That's why we never grind AIRWAY till the moment you buy it

It's common sense! Coffee in the bean... protected by "nature's own package"... stays fresh longer than coffee which has been ground and its flavor cells exposed to the open air!

That's why AIRWAY COFFEE is sold in the bean... ground while you wait. Notice that flavor! How rich and delicious it tastes! How temptingly fragrant it smells. AIRWAY is outstandingly fine coffee... 100% pure Brazilian... superbly blended. It sounds expensive... tastes expensive... but actually costs very little. You can't lose! Buy it... like it... or your money back!

Your grocer grinds AIRWAY exactly the way you want it: for percolator, pot, vacuum or drip.

Complete satisfaction every time you brew AIRWAY coffee that is deep, rich amber in color... smooth, full-bodied in taste! Honestly fresh coffee you can be proud to serve at your smartest dinner or coziest breakfast.

TODAY'S COFFEE CUP—LET 'WILLIAM LIKES THE BEST OF COFFEE!' WILLIAM'S MOTHER TOLD THE BRIDE. SO HE'S GETTING AIRWAY DAILY AND THEY'RE SAVING CASH BESIDES!

Packed in a sensible, moisture-proof, lock-top bag that frankly saves you money.

We think you'll like the bracing satisfying flavor that makes a pure Brazilian blend the popular favorite with millions of choosy coffee drinkers. AIRWAY is the best of this famous crop!
