

BICYCLISTS HIT BY AUTOS; BOTH ESCAPE INJURIES

Two bicycles and their riders were struck by automobiles yesterday, according to city police reports.

At Oakdale avenue and Main street shortly before 8 p. m., a car driven by Paul B. Newcomb of 406 South Riverside avenue hit a bicycle ridden by John Demmer, 41, of 443 West Holly street. Demmer received a head cut which was treated at Community hospital, he being taken there by Newcomb and thence home following the mishap, according to city police. The report stated that Newcomb, traveling south on Oakdale, stopped at the Main street intersection and then turned left into Main, striking the bicycle moving east on the same street.

Lee Hubler of 559 East Ninth street was fined \$5 in city court for operating a vehicle without a driver's license following an accident in the alley between Riverside avenue and Bartlett street in which he backed into a bicycle ridden by Marjann Johnson, 15, of route 4, according to the city police report.

The bicycle rider was uninjured save for a skinned arm, but the vehicle was badly smashed. The report stated that Hubler, driving a delivery truck owned by John Cupp, backed into the bicycle being ridden from Riverside to Bartlett. Cupp, city police reported, took the bicycle to a repair shop and would stand the repair bill.

The \$5 fine given Hubler was suspended upon his promise to procure a driver's license next Saturday.

SCHOOLS PREPARE FOR END FRIDAY

Teachers and pupils of Medford schools are this week engaged in final examinations preceding closing of the schools for summer holidays. Classes will re-open next September. Students of the junior and senior high schools put away their books this afternoon and faced three months of vacation following final classes of the school year. They are to return Friday for grade reports, teachers spending the intervening time completing records and reports.

Grade school children will be released tomorrow afternoon but will also go back Friday to learn results. Commencement exercises Friday night at the senior high school will end high school careers for 176 members of the graduating class. Many county schools have already closed and others will complete work this week.

4 IN FRONT SEAT BRINGS \$5 FINE

Harry G. Douglas, 27, was fined \$5 and \$1.50 costs in justice of the peace court yesterday for driving a car with four adults in the front seat. He pleaded guilty and paid the assessment imposed by Judge William B. Coleman. He is a musician at the Chateau and resides at Jackson Hot Springs.

James L. O'Conner, 20, of Central Point was fined \$5 and costs for operating a Sonoma cheese company truck without clearance lights. He pleaded guilty and was given 30 days in which to pay the assessment.

Both arrests were made by state police on the Pacific highway.

MASONIC DEGREE FOR SETH BULLIS

Masons of southern Oregon and northern California will assemble at Masonic hall Friday evening to witness the exhumation of the work in the master Mason degree by Medford lodge No. 103, A. F. & A. M., upon one candidate, Seth M. Bullis.

The degree will be conferred in long form by a special degree team composed of employees of the California Oregon Power company, assisted by the officers of Medford lodge.

The meeting will be largely attended by employees of the California Oregon Power organization who are members of the fraternity from the various lodges in southern Oregon and northern California, to witness the conferring of this degree upon their fellow employee, who is division manager here.

Prior to the meeting a no-host banquet will be served at 6:30 in the dining room of the lodge hall.

Cost and Bill Sale Hatley's Ciderella Shop, 44 So. Central.

Antelope Sow Is Producer 20 Pigs In Second Litter

A young sow owned by Elbert M. Bigham of the Antelope district made a bid for barnyard fame last week when she produced 20 pigs in the second litter of her brief career, Bigham reports.

Four were born dead and another was crushed by the over-excited mother. Her first litter, preceding the present one, numbered 15, the owner said.

LABOR RACKETEER PERILS INDUSTRY IN STATE—MARTIN

When completed, the lighting system will be one of the finest in the state. They will be constructed that either side of the field or other end may be turned on or off. In addition to softball, football, night track meets, pageants and other activities may be held on the field.

LIGHTING AWARD FOR HIGH FIELD GIVEN TO COPCO

Contract to install lighting equipment on the high school football field was let to the California-Oregon Power company yesterday, it was announced today by E. H. Hedrick, city school superintendent.

Erected with private funds and with no cost to the school district, the lights will be set 50 feet above the ground on cross arms. There will be eight poles, four on each side of the field and spaced on the seven and 36-yard lines. All told, there will be 40 1500-watt units set in large projectors, with five units, or globes, to the pole.

When completed, the lighting system will be one of the finest in the state. They will be constructed that either side of the field or other end may be turned on or off. In addition to softball, football, night track meets, pageants and other activities may be held on the field.

Find Ideal Couple

Mme. Alexander Roube-Jansky (above), Paris newspaper woman, returning from a trip to China said she finally had found there an ideally married couple, a task to which she had been assigned by the Paris Soir. Their secret, she said, is "one week of silence between husband and wife every three months." She said every three months the couple had never been separated, even for a day, in twenty years of married life and "had never quarreled."

ROTARIANS TOLD SIGNIFICANCE OF CORONATION RITE

The significance of the recent coronation ceremonies in England to an Englishman was the topic of an interesting and enlightening address presented before the Medford Rotary club today by Rev. E. L. Bartram.

The speaker concluded his splendid address with a description of the other essential features of the coronation. The king's oath, the same in spirit, yet changed in content, and his anointment, an age-old ceremony, were explained.

BLIGHT CONTROL WORK COMPLETED

Work of eradicating diseased orchards that had been abandoned or condemned was completed for the season yesterday, the men engaged on the task having been recalled for blaster rust control.

OUTDOOR PARTY TO VISIT JUNE 2

A caravan of Oregon chapter of the North American Wildlife Federation will be here on June 2. Earl L. Janouch, supervisor of the Rogue River national forest, was notified today.

BIRTHS

Born to Mr. and Mrs. H. P. Mackay 1229 Court street, a girl, weighing 8 pounds, at home May 21. Mother and daughter are reported doing nicely.

MOTHERS ARE RESPONSIBLE

The family looks to you to aid your doctor in keeping them well. You can help prevent much illness and poor health by guarding them from common constipation. Most constipation comes from faulty diet — meals low in "bulk." This condition can be corrected so easily and pleasantly. Kellogg's ALL-BRAN provides the safe way to prevent constipation by putting "bulk" back in the diet. Within the body, ALL-BRAN absorbs twice its weight in water, forming a soft mass which gently sponges out the system. Kellogg's ALL-BRAN also furnishes vitamin B and iron. It is so much better for your family than constant dosing with artificial pills and drugs. Two tablespoonfuls daily as a cereal with milk or cream, or in recipes, are enough for the average person. Three times daily in severe cases. Sold at all grocers — and guaranteed by Kellogg in Battle Creek.

EXECUTIVE BACKS COURT PACK PLAN DESPITE VICTORY

(Continued from Page One.)

his request for power to enlarge the court unless justices over 70 retire. Opposition senators have served notice, however, that even a bill for two more justices would be contested for weeks.

Followers on both sides studied the security decisions to bolster their arguments. All agreed that, in the Wagner act and social security cases, especially, the court this term had adopted a constitutional viewpoint in line with Roosevelt philosophy of strong national powers to deal with national problems.

The question, as expressed by advocates of court revision, was whether the court can be expected to continue along that line on other administration legislation.

Justice Cardozo dwelt on that point in the majority opinion sustaining federal pensions for the aged, an opinion accepted in the capital as a liberal construction of the right of congress to legislate for the general welfare.

Justice Cardozo said the border of that authority could not be laid down in advance, but added there is a "middle ground or certainly a peninsula where discretion is at large."

Cardozo, upholding the federal unemployment insurance tax and its abatement feature for employers in states with insurance systems, spoke of another undefined line of federal power. He reminded that the tax was designated specifically to alleviate unemployment, a national problem, and added:

"In such circumstances, if in no other, inducement or persuasion (of states to enact complementary laws) does not go beyond the bounds of power. We do not fix the outermost line... definition more precise must abide the wisdom of the future."

Administration lawyers were inclined to link these conceptions of the general welfare and taxing powers of congress with the supreme court's recent construction of interstate commerce powers as portending an easier time for federal legislation in the courts.

The new wage and hour bill relies heavily on the view of interstate commerce authority sustained in the Wagner decisions.

Similarly, many legislators predicted the farm price stabilization surplus control bill will require, in effect, an overruling of decision against the old AAA if it is to be sustained. The highest court in that case rejected the government's contention that agriculture presented national problems.

Appeal to the state supreme court will be made by Mrs. Ethel Taylor in her damage suit against W. H. Lydard and W. A. Gates, owners of the Groceteria super-food markets, according to a notice on file today at the county clerk's office.

Mrs. Taylor sued for \$15,000, alleging that she was injured in a fall over a sack of flour on the floor of Groceteria No. 2. The defendants contended that the flour was in its proper place and that the alleged accident was due to the plaintiff's own negligence.

A verdict was returned in favor of the defendants and judgment was entered against the plaintiff for \$40 costs and disbursements.

LATEST PICCARD BALLOON GOES UP IN FIERY BLAST

BRUSSELS, May 25. — (AP)—Professor Auguste Piccard's \$35,000 atmospheric balloon was destroyed by fire today as final preparations were being made for a new ascent.

Flame from a gas burner used to heat air for lifting the balloon touched a pocket of fold in the bag just as the ground crew began attaching the basket in which Prof. Piccard was to have explored the stratosphere.

A fiercely burning fire engulfed the 14,000-cubic yard rubber silk bag in a few seconds. It was reduced to a heap of charred wreckage. No one was injured. Both Piccard and Max Cosyns, his young associate, were standing close to the balloon when the lower part of the envelope burst into flame.

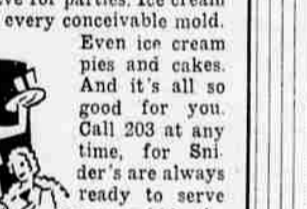

Inefficient protection for the gas burner and a sudden gust of the light southerly breeze which caused a fold in the nearly-filled bag were blamed for the fire by Cosyns.

Tom Enright, 42, of Medford, was fined \$10 in city court this morning charged with being drunk on the streets. He was arrested by city police last night and held in jail over night.

Enright paid \$5 of the fine, according to the authorities, and left his car in lieu of the remainder.

Marie Hammarley is now located at Pearl's Beauty Shop (formerly Roseborough's), 38 S. Central. Tel. 362.
