Visitors Stop En Route South

Mrs. Sam Houser, Mrs. Claude Booth, Barbara and Harry Riggs and Miss Flora Bylske of McMinnville stopped overnight in Medford yesterday. They were the guests of Mrs. Walter Dickey.

The group is en route south to attend the Golden Gate bridge fiesta in San Francisco this week-end. They left this morning to continue south, accompanied by Mrs. Dickey and Mrs. William Wolgamott.

They plan a short stay with relatives and friends in the bay city.

Mrs. Small Is Medford Guest

Among recent visitors in the city was Mrs. Arthur Small of Eugene, Ore., who with her infant son, Jerome Carl, left this morning by train to return to her home.

She has been a guest for the past two weeks of her parents, Mr. and Mrs. Carl J. Brommer, Mrs. Small was formerly Miss Louise Brommer.

Mrs. McKean Is Guest of Parents

Mrs. William McKean of Wasco, Ore., has been spending the past few days as the guest of her parents, Mr. and Mrs. Frank Barber, at their home here.

She is returning to her home in the company of friends, Mrs. McKean was formerly Miss Frances Barber.

UNION TO RESUME HANDBILL DRIVE ON FORD PLANTS

DETROIT, Mich., May 28.—(AP)—Homer Martin, president of the United Automobile Workers, said today the union's "Ford" organizing committee is making plans for another attempt to distribute handbills at the Ford Motor company's Rouge factory.

He said further strategy of the U. A. of A. W. would be discussed at a committee meeting today.

Martin, commenting on a company assertion that rioting last Wednesday at the plant's gates was "staged" to "cover up failure" of the U. A. W. A. to organize Ford workers, replied that such a charge was "nonsense."

The company's statement regarding the disorder in which 18 union members were injured, said unidentified newspapers had demanded a "Ford strike story" for six months.

Only 40 per cent of the Ford employees were working today as a plant began a four-day Memorial Day holiday. A skeleton force will be at work Monday. The plant normally is closed Saturday and Sunday.

"The demonstration Wednesday against Ford workmen on Ford property," the company said, "was staged by newspapers which, for the last six months, have demanded the production of a 'Ford strike story' and by the U. A. W. A., which required some dramatic occurrence to cover up its conspicuous failure to influence Ford employees."

The raiders were accompanied by government men from Washington, whose utmost object in the past months has failed to involve the Ford Motor company in irregularities affecting labor or otherwise.

"An attempt was made to attack a peaceable body of Ford workmen, and was repelled.

"We make this statement reluctantly because in the present state of widely organized misinformation, we have little confidence that the facts can be fully understood until events are further unrolled."

RECIPES TO END CONSTIPATION

Every woman can protect her family from common constipation by careful meal planning. Often the cause of illness from constipation is lack of "bulk" in the diet. Kellogg's ALL-BRAN supplies this "bulk" in generous quantity.

You can use ALL-BRAN in so many delightful ways. As a ready-to-eat cereal with milk or cream, fruits or honey added. Or make delicious bran muffins and breads—put it into griddle cakes, salads or soups, or over other cereals.

Just be sure each member of your family gets two tablespoonfuls every day—and forget the illness caused by constipation. Serve three times daily, in severe cases.

You can also forget pills and drugs that nobody likes to take—and that so often fail unless the dose is constantly increased. Kellogg's ALL-BRAN also supplies vitamin B to help tone the intestines, and iron for the blood. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

NEW MEXICO HIT BY TORRENT, FARM LAND INUNDATED

ALBUQUERQUE, N. M., May 28.—(AP)—Five persons were dead and five others missing today after a torrential 24-hour rain which swept northern and central New Mexico, inundating several thousand acres of farm land and disrupting highway travel.

"Flash" floods, sweeping down ordinarily dry arroyos as the result of rains of cloudburst proportions, caused the deaths in the eastern part of the state.

The body of Charles Polich, 28, a welder at Conchas dam, was recovered today and searchers pressed a hunt for five others who dam workers said were in an automobile with Polich when flood waters overturned it in a gulch near the dam last night. Their names could not be determined immediately.

The bodies of Mr. and Mrs. Silas Miller and their daughters, Norene, 9, and Joy, 8, were recovered from an arroyo near Forrest, in the eastern part of the state. They perished when a "flash" flood swept down upon their stalled car in the ordinarily dry gulch.

At Tucuman and Albuquerque army transport planes were down, both with wrecked landing gear, incurred in forced landings because of severe weather.

The half completed Alamogordo dam at Fort Sumner was under the strain of an eight-foot rise in the Pecos river. U. S. engineers employed on the project said the structure was safe if the river did not rise again.

A score of families fled their homes at Socorro when a cloudburst inundated 500 acres of land in and around the town. Sacks of sand were piled in the streets of Cuervo to keep water out of business establishments.

Traffic was halted on U. S. highway 85 when water spread across the right-of-way.

Hail, which accompanied the rains caused an unestimated but heavy loss to fruit growers and gardeners.
