WHY NO PRICES?
If you knew the conditions in regard to wholesale advance prices, and an expected shortage of fine quality apparel, you would be clamoring at my door when this sale opens Thursday night. Our season has been backward and we have thousands of dollars worth of fine quality merchandise on our racks, which normally, at this time of year, would have been sold. But it hasn't been, and we must face the fact that a sacrifice must be made to turn it. I advise an early selection, as there are feature values that positively cannot be duplicated.

With shelves filled to capacity, Racks heavily loaded and Tables piled high with fine quality apparel, early shoppers are going to get some of the greatest values that have ever been offered in Jackson County. Prices have been cut the limit, and fine quality Men's Suits, Hats, Shirts, Shoes and every other item of men's wear, have been thrown on the Bargain racks and tables, for your unrestricted choice at Bargain Prices. Read the price tags, they tell the Bargain story!

TOGGERY BILL Says:

Because this is not a sale of odds and ends, but a store-wide sale. A real old-fashioned bargain event in which everything in the store, except contract lines, will be sold at drastic price reductions. Besides, we could not quote all the prices in an advertisement twice this size. Former values have been disregarded, future advance prices forgotten, in our effort to make this the greatest Men's Wear Sale that this community has ever seen. The season has been backward, purchases for Fall have been made, so we must unload. If low prices talk, they are shouting to you to buy now.
