Paul Muni In Dramatic Sunday Role

The vivid, emotional situation of two French flyers, their career, almost hysterical abandon behind the lines, their heroic and death-defying combats over no-man's land, and their romances with the women they left behind them, comes to the screen of the New Craterian theater Sunday with the opening of "The Woman I Love," co-starring Paul Muni and Miriam Hopkins, with Louis Hayward heading the featured players.

Drama reaches a peak when the two men, who have become inseparable companions through many harrowing experiences in the air, discover that both are in love with the same woman.

NEW YORK, June 4.—(AP)—Leading stocks switched back on the recovery track in today's market after drifting moderately downward in early proceedings.
The president's press conference remarks left the list cold for a time but, after some study, trading forces apparently found buying fuel in the chief executive's warning to newsmen "not to worry" over the gold situation and in his statement no more messages would be sent congress this session. His assurance the court reform program would be put through without compromise seemingly was in line with expectations.

On top of the gold hint from the White House, Wall street also found heated stimulation in unconfirmed rumors that three principal nations—France, Britain and the United States—would announce over the week-end their willingness to purchase the yellow metal in any amount at around \$35 an ounce.

HIGHWAY WORKERS STAGE A STRIKE

COQUILLE, June 4.—(AP)—D. N. Sage, district maintenance engineer, conferred this morning with 16 striking members of a state highway maintenance crew at Pistol river.

The discharge of John Schlemann, said to be the oldest member of the crew in point of service, was given as the reason for the strike. The workers demanded his reinstatement together with the restoration of "pre-depression wages" and a reduction in working hours.

Sage said he believed no union was concerned in the strike. No pickets were posted.

Circular letters from the state highway officials warning the men that labor organization activities would not be recognized were received Thursday.

SAYS COOKS BORN IN JANUARY BEST

RALEIGH, N. C., June 4.—(AP)—The state employment service has a job for a cook born in January, and has been unable to fill it.

An employer is "insistent in her demands" that the cook be born in the first month, stated R. Mayne Shepherd, director, adding:

"She says that to her certain knowledge from past experience, persons born in January make much better domestic servants and are blessed and tempered with much sweeter dispositions than those who are born during other months."
