

BANDIT CAPTURED PORTLAND SNEERS IN DEATH CHAIR

MICHIGAN CITY, Ind., June 10.—(AP)—Derivative and sullen until the last second before high voltage current snuffed out their lives, three former Ohio convicts trudged "the last mile" today in payment for the mutilation murder of Harry L. Miller, retired Cincinnati fire captain.

Only nine persons—prison officials, doctors and ministers—viewed the first triple execution in Indiana state prison's 30-year history.

"Goodbye, boys," yelled William A. Kuhlman, the first to climb into the electric chair, in tones heard several hundred feet away.

Kuhlman was captured in Portland, Ore., last fall in connection with an attempted theater robbery.

He sneered as straps were affixed. At 12:16 a. m., (CST) he was pronounced dead by Dr. P. H. Weeks, prison physician.

Frank Gore Williams and Joseph Poholsky falteringly followed. Their

demeanor coldly showed no remorse for the ruthless hacking a year ago tomorrow.

Dr. Weeks pronounced Williams dead at 12:27 and Poholsky, at 12:38 1/2.

Within earshot was a restless fourth man, Heber L. (Jimmy) Hicks, under sentence to die for the crime. He has appealed to the Indiana supreme court, which will rule on his conviction.

The slayers' appetites at their last meal gave no hint of the ordeal they faced. Poholsky ordered fried chicken, and the others had steak. Other items on the menu were French fried potatoes, green beans, hot rolls and butter, apple pie, coffee, cigars and cigarettes.

They left nothing on their plates.

KLEINS TO TOUR LAND IN TRAILER SHAPED LIKE PEAR

In motorcar and house-trailer painted to attract attention to the Rogue river valley, Edward J. Klein, the tailor, today began a tour across the United States. With him were Mrs. Klein and their three sons, Ralph, Leonard and Vernon.

The silvery, pear-shaped trailer was painted vividly on the sides with a Rogue valley pear and apple to which red arrows pointed. Bright lettering proclaimed that the tourists were from Medford.

Ultimate destination is Jersey City, N. J., where the family will visit Mr. Klein's brother, Gus J. Klein. The two brothers have not seen each other since 1900. En route east a stop will be made in Chicago for a visit with Mr. and Mrs. Klein's son Norman who is with the radio division of the United Air Lines.

The Kleins will follow the northern route going east and the southern route on the return trip. They

'ALL NONSENSE' IS BRIDGES' ANSWER

PORTLAND, June 10.—(AP)—"Nonsense! It's ridiculous!" exploded Harry Bridges, president of west coast longshoremen, today after reading an assertion by Dave Beck, Seattle leader, that Bridges was scheming general strikes on the coast.

"You can't have general strikes without big issues," said Bridges. "There was no general strike in our last marine strike. We kept them working. Beck's talk is nonsense."

"It is tactics of Beck, with his beer squads and generalism that causes general strikes. He makes agreements with employers, guaranteeing them against strikes. By doing this, he lines his own pockets and the workers get nothing."

"This has disgruntled workers and will cause a strike quicker than anything. When we sign an agreement, it is for shorter hours and better wages for the worker."

STRIKE DISORDERS RISE; WASHINGTON AIDE OPENS QUIZ

Gum-dipped cords
PROVIDE THE EXTRA MARGIN OF SAFETY ON THE SPEEDWAY OR THE HIGHWAY

THOUSANDS said that tires could not stand the terrific grind. They said cars had been built with much greater speed, turns in the track had been repaved with granite-like surface, yet Wilbur Shaw drove to victory on Firestone Gum-Dipped Tires setting a new record of 113.58 miles per hour on one of the hottest days in the history of the Indianapolis track.

Think of the terrific impact on these tires as the cars roared into the treacherous turns and out again. Tons of force straining, pulling, and twisting inside the tire, yet not one cord loosened, not one tread separated from the cord body—all because Gum-Dipping, the Firestone patented process, successfully counteracted the internal friction and heat that ordinarily destroy tire life.

You will never drive your car at these record-breaking speeds, but for the safety of yourself and family you need the safest, strongest and most dependable tires. Come in today. Join the Firestone SAVE A LIFE Campaign by equipping your car with a set of new Firestone Gum-Dipped Tires—the safest tires that money can buy.

DON'T RISK YOUR LIFE ON THIN WORN TIRES
No car owner is going to risk his life and the lives of his family knowingly on thin worn tires.
