

# RELIEF NEVER TO CEASE IN AMERICA ROBINSON HOLDS

WASHINGTON, June 11.—(UP)—Senate Majority Leader Joe T. Robinson (D-Ark.) today said it is "unlikely" that the government ever will abandon its new policy of extending aid to sick, crippled, distressed and idle Americans, and he forecast increased expenditures for social welfare in the future.

Simultaneously, the senate unexpectedly passed the Hatch-Murray resolution calling for the first congressional investigation of the problems of unemployment and relief which have cost the government billions of dollars since the depression began. The lack of opposition to the measure came as a surprise in view of President Roosevelt's repeated statements that such a survey was unnecessary. Recently, however, the president was reported to have consented to an investigation.

Under the resolution, the investigating committee will have authority to study, survey and investigate unemployment and relief, including an estimate of the number of persons idle by reason of labor-saving devices mechanical or otherwise. The group will be empowered to hold hearings throughout the country and to subpoena all records needed.

Robinson expressed his views to a delegation of the people's lobby who called at his office to recommend broadening of the tax base, increasing the levies on large personal and corporate incomes and elimination of so-called "nuisance" and consumers' taxes.

Insisting that the government must make haste slowly in extending its social welfare program, Robinson said that "we have already laid out as many reforms as we can carry through this session." Also, he pointed out, budgetary limitations must be considered carefully.

"So far we have been running on borrowed money on the theory that by these expenditures we increase confidence, increase the incomes of the people and increase the general welfare," he said. "The further we go, there is an increased likelihood that expenditures for what we call social welfare will increase. It is unlikely that we ever will go back. The difficulty now is in finding additional revenue."

# GEARY EXPLAINS ANTI-FIXING LAW

PORTLAND, June 11.—(AP)—Charge of alleged violations of the Robinson-Patman anti-price discrimination act show the law was designed to sustain price levels and prevent chiseling, Arthur M. Geary, Portland attorney, said today.

He spoke before the Pacific Coast Association of Nurseriesmen.

He added that the first restraining orders had just been issued and not sufficient time has elapsed to allow for a test before the supreme court.

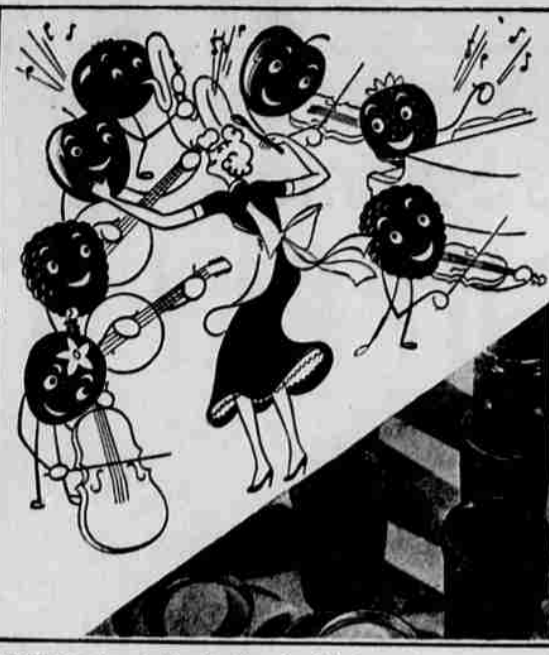

# FEMALE INMATES IN 'PEN' TOTAL 13

SALEM, June 11.—(AP)—The arrival at the state penitentiary late yesterday of Cordelia Hopkins, sentenced at Roseburg to 12 years on charges of involuntary manslaughter, broke the 18 number jinx in the women's ward for a short time only.

Shortly after her arrival a short-term prisoner in that ward was released, placing the number of women back to 13.

Mrs. Hopkins pleaded guilty to accusations she struck her 4-year-old stepdaughter, Barbara Irene, on the head with the handle of a table knife. The child died April 17.

# JAM SESSION — 1937!

SINCE long, long before the days of "swing music," jam sessions have been very important events in the routine of a well-ordered household. And this year is no exception. The whole orchestra of mid-season fruits is ripe—raspberries, cherries, blackberries and currants—and the housewife herself is the maestro who needs only to follow modern recipes to create a whole new symphony for her jelly shelf!

**Banana and Currant Jam**  
4 cups (1 1/2 lbs.) prepared fruit  
4 cups (1 1/2 lbs.) sugar  
1 bottle Certo  
To prepare fruit, stem and pit about 2 1/2 pounds fully ripe sweet cherries. Crush thoroughly or grind. Add 1/4 cup water, bring to a boil, cover, and simmer 15 minutes. (For stronger cherry flavor, add 1/4 teaspoon almond extract before pouring.) Squeeze juice from 2 lemons. Measure sugar and prepared fruit, solidly packed, into a large kettle, filling up last cup with water if necessary. Add lemon juice, mix well, and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 5 minutes. Remove from fire and stir in Certo. Then stir and skim slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 11 glasses (6 fluid ounces each).

**Raspberry and Currant Jam**  
4 cups (1 1/2 lbs.) prepared fruit  
4 cups (1 1/2 lbs.) sugar  
1 box powdered fruit pectin  
To prepare fruit, crush thoroughly or grind about 1 quart fully ripe raspberries. Crush about 1 quart fully ripe red currants; remove seeds and skins by sieving. Combine fruits.  
Measure sugar into dry dish and set aside until needed. Measure prepared fruit into a 5- to 6-quart kettle. Bring up last cup or fraction of cup with water if necessary; place over hottest fire. Add pow-

dered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. (To reduce foaming, 1/4 teaspoon butter may be added.) Continue stirring, bring to a full rolling boil, and boil hard 1 minute. Remove from fire, skim, pour quickly. Paraffin hot jam at once. Makes about 10 glasses (6 fluid ounces each).

**Sweet Cherry Jam**  
4 cups (1 1/2 lbs.) prepared fruit  
4 cups (1 1/2 lbs.) sugar  
1 bottle Certo  
To prepare fruit, stem and pit about 2 1/2 pounds fully ripe sweet cherries. Crush thoroughly or grind. Add 1/4 cup water, bring to a boil, cover, and simmer 15 minutes. (For stronger cherry flavor, add 1/4 teaspoon almond extract before pouring.) Squeeze juice from 2 lemons. Measure sugar and prepared fruit, solidly packed, into a large kettle, filling up last cup with water if necessary. Add lemon juice, mix well, and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 5 minutes. Remove from fire and stir in Certo. Then stir and skim slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 11 glasses (6 fluid ounces each).

# CONG. PIERCE FOR BUYING PINE, NOT BURIAL OF GOLD

WASHINGTON, June 11.—(AP)—Ita better for the government to purchase ponderosa pine at Ochoco, Ore., at \$1.40 a thousand feet than to buy gold bricks at \$35 an ounce and bury them in Kentucky, Congressman Walter M. Pierce of La Grande told the national forest committee today.

The commission said it had no funds to purchase half a billion feet of pine for \$625,000 because the senate has reduced the allotment voted by the house for the purchase of forest lands.

No purchase will be made, the commission reported, unless \$500,000 is restored to the original \$3,000,000.

It was estimated that the Ochoco growth is 30,000,000 feet annually and cutting at that rate would be perpetual.

**A Wanderer Killed**  
KLAMATH FALLS, June 11.—(AP) Authorities found the body of a man along the Oregon, California and Eastern railroad tracks near Squaw Plate yesterday on the Klamath Indian reservation. He apparently slipped beneath the wheels attempting to board a moving train.

# THE STORY OF COFFEE

**Fact No. 7**  
The coffee tree is scientifically known as *Coffea Arabica*. *Coffea Arabica* is the original species indigenous to Abyssinia and Arabia, and for many years it was known as "Java" when it came from Java and "Mocha" when it came from Arabia.  
The Arabica Seed planted in different soils and climates takes on local characteristics, thereby giving it a variance in quality of coffee produced in Brazil, Colombia, Mexico, Salvador, Nicaragua, etc.  
Coffee Arabica is a shrub with evergreen leaves and reaches a height of 14 to 20 feet when full grown. It is cultivated mostly for its berries. The Coffee flower is snow white and very fragrant, having a delicate characteristic odor. The Coffee berry develops into a bright red color about the size of an ordinary cherry, and when they are in this state on the tree, it makes a very beautiful picture.

# STEVEDORE UNION PLANS OWN VOTE ON JOINING C. I. O.

PORTLAND, Ore., June 11.—(AP)—President Harry Bridges and his Pacific Coast International Longshoremen's association out convention red tape today and prepared for an independent referendum on the dominant issue of affiliation with the Committee for Industrial Organization.

Longshore delegates to the Maritime Federation of the Pacific convention, sitting separately as a district board of the I. L. A., came out of a caucus with plans to complete balloting among their 20,000 members within the next three weeks.

Bridges' C. I. O. resolution at the convention received no immediate consideration because of a tangle of parliamentary procedure, credentials and challenges over voting rights.

His press committee revealed a race between Harry Lundeberg, president of the Sailors Union of the Pacific, and Joe Curran, leader of the east coast sailors, for the No. 1 charter under John L. Lewis. Reliable sources said Lundeberg has already been balloted to quit the American Federation of Labor.

"The strategy of Lundeberg," the longshore press spokesman said, "is to have his west coast group declared the only official C. I. O. union. This is objected to by the east coast seamen and Joe Curran, who has pointed out their organization represents some 38,000 sailors while Lundeberg's represents 6800."

Curran received a telegram from C. I. O. executives saying his group will be accepted following approval of the action at a convention. He proposed the east and west divisions hold a joint convocation and merge into a national maritime federation.

Lundeberg also offered a C. I. O. resolution to the convention, but opposition delayed on his resolution drew the wrath of William Fischer of Portland, Maritime Federation president. He accused the longshore chieftain of leading a "minority" which is attempting to control the convention.

"I took the stand," he said, "that there were two ways open: One to establish credentials and a voting rights and really set up a convention, the other was to adjourn." Bridges replied that so far as membership was concerned, the longshoremen represented half the federation.

# MARY O. CAREY IS AUTHOR OF HYMN

A hymn composed by Mary O. Carey of Eden precinct is receiving favorable attention in California. A postal received by Mrs. Carey today from Edgar Wright, choir director, said her composition was played recently in the First Methodist Episcopal church of Ontario, Cal.

"We used three violins, cornet and piano and the piece was very effective," Mr. Wright said. "We plan to play it again in one of the other churches."

**City Manager Quits**  
LA GRANDE, June 11.—(AP) Angus McAllister, city manager, has tendered his resignation to join the Union Pacific railroad company as an examiner. He headed the city government for nearly four years.

# MAINLINERS STOP FOR JULY 2 SHOW

Arrangements were completed today for brief stops at municipal airport of two of the new Mainliners of the United Air Lines during Medford's aerial show on July 2. The show here will be the start of a 10-city air tour through Oregon.

The Mainliners to call here will be flying on regular passenger schedules. The southbound plane from Seattle is due to arrive here about 11 a. m., and the northbound from San Francisco about 4:20 p. m. The Mainliner is equipped with two 1150-horsepower engines and cruises with a full load at 190 miles an hour, top speed being 212 miles. It has a wing span of 95 feet, overall length of 64 1/2 feet and overall height of 18 feet. It has a cruising range of 1500 miles.

# PENN SENDS MEN TO RETURN MEYER

HARRISBURG, Pa., June 11.—(AP)—Major Lynn C. Adams, superintendent of the Pennsylvania state police, said two state troopers left by plane yesterday for Salem, Ore., to return William Meyers, wanted for questioning in a double slaying 16 years ago.

They were Corporal Joseph Santilli and Private David R. Gies, of the Wyoming barracks. Major Adams said he understood Meyers had waived extradition.

Meyers is accused of killing two farmers near Coatsburg, Pa., in 1921 while they allegedly sought to protect his wife from his attack.

**Indifferent Hubby.**  
BEDFORD, England, June 11.—(UP)—A coroner's jury criticized Richard Percy Wilsher today because he failed to make "strenuous efforts" to save his wife when she drowned in two feet of river water. Wilsher explained that his doctor had forbidden him to bathe because of his catarrh.

# AMERICANS URGED TO RESENT SCORN FOR AMERICANISM

SALEM, June 11.—(AP)—Harry W. Colmery, national commander of the American Legion, issued a call for preaching of a political religion of faith in order to "make democracy click" in his address here last night, his last appearance in Oregon.

Speaking before Willamette Valley Legionnaires, the quiet-spoken, congenial executive of world war veterans stated the Legion hopes to see this religion once again taught "on the streets, in the schools, and maybe in the pulpit."

Attacking ultra-pacifists and a citizenry apathetic to attacks on the American principles of freedom, Colmery declared "the average citizen flower pot in a storm cellar. With Americans being held up to scorn, very few people have the courage to stand up and tell those who do so what they really are. We should make reverence and respect for law and authority more profound and sincere instead of less so."
