DOMINIONS GIVE BRITAIN PLEDGE OF AID FOR WAR

LONDON, Eng., June 15.—(AP)—Great Britain can count on the support of the dominions if she is attacked but, informed political sources said today, if her continental commitments embroil her in another European war she cannot be so sure of that aid.

The sources said they understood that the question of aid was one of the chief points of agreement by delegates to the imperial conference.

Prime Minister Neville Chamberlain emphasized the empire's desire for world peace but said unilateral disarmament now would "invite disaster."

The official summary of the conference deliberations stressed the need for co-operation within the empire in defense, but added:

"At the same time the conference recognizes that it is the sole responsibility of the several parliaments of the British commonwealth to decide the nature and scope of their own defense policies."

"The forebodings of those who felt that constitutional developments of the past few years might lead to destruction of the empire were without foundation," Prime Minister Jos. A. Lyons of Australia declared.

"We have again demonstrated the common sense genius for self-government of the British peoples."

Chamberlain moved and MacKenzie King, Canadian prime minister, seconded a loyal address to King George VI.

PILKINGTON, OSC., EDUCATOR PASSES

CORVALLIS, June 15. — (AP) — Private funeral services will be held here today for Bert Pilkington, 57, a member of the chemistry department of Oregon State college, who died Saturday when stricken by a heart attack while working in his flower garden.

He had been in poor health since an attack of influenza last winter.

Pilkington, who was graduated from the state college school of pharmacy in 1905, was well known as an athlete, having captained the school's football teams of 1904 and 1905. After graduation he served as agricultural chemist at the state college, leaving to enter private business.

Surviving are his widow, a daughter, Agnes, of Corvallis and a son, Bert, Jr., of Memphis, Tenn.

INCREASE SOUGHT FOR HOP TARIFF

WASHINGTON, June 15.—(AP)—Senator Frederick Steiwer of Oregon appealed today to the tariff commission asking an increased duty on hops, of which he said Oregon growers would produce at least 100,000 bales their year.

"I hope the government will see fit to exclude hops from the list of commodities which will be the basis for negotiations of a trdae agreement with Czechoslovakia," he wrote.

American growers, he asserted, "are able to supply the demand for hops in this country with a quality of domestic hops as good or better than foreign hops."
