

# GRAND LODGE OF OREGON CONDUCTS GOVERNOR TALKS

(Continued from Page One.)

social, political, governmental and civic phases, as well as providing a revealing glimpse of the state's history.

The story of the building itself is included in the form of records and correspondence of the commission. The story of the previous building, which burned in 1935, is told in pictures, documents and relics, including bits of wood and copper from its dome and lead from its windows. A letter from the Salem trades and labor council of Salem tells of the presentation to the city of a first aid car as a memorial to Floyd E. McMullen who lost his life in the fire.

Representative newspapers and periodicals from over the state, contemporary clippings, and publications of organizations are accompanied by press cards of newspaper writers.

Membership cards in patriotic and civic organizations have a place, as do old coins and other historical relics.

The state government is prominently represented by the state seal, reports of state departments, a copy of an opinion handed down by the supreme court, Governor Martin's address to the 39th legislature, the state biennial report and other documents.

A history of the University of Oregon and a program of its 60th anniversary commencement recognize current education.

A letterhead containing historical data on Jefferson county was donated by County Judge William Cook of Madras.

The Masonic order contributed a mass of organization records and costly historical stamps, foreign coins and lodge rosters.

H. S. Bell, Salem, provided a roll of old newspapers from the veterans of Merion and Polk counties.

Miscellaneous items include petrified wood from Bonneville dam site, a copy of the address by the grand master of the Masonic lodge, the Oregon blue book, the Portland city directory and a list of members of the Portland B'Nal B'Rh.

Miss Jane Suedicor, president of the Medford Garden club, recently named committees for the coming year as follows:

Membership — Mesdames Leland Mentzer, F. G. Thayer, M. Leonard, R. Driver, R. Beach and J. A. Perry; program—Mesdames B. Woodford, J. O'Connor, H. Fowler, C. A. Meeker, H. Bowden, H. F. Cope, publicity—S. James Moore Hamilton, W. Bailey, S. Horne, E. Willette, H. A. Stanley, H. N. Butler; plant sales—Mesdames L. Spivder, Olen Arnsperger, H. F. W. Sulver, Olen Schneck, Kettlewell, John Fluhrer, G. Henselman, Barry, Garden center—Mesdames A. S. V. Carpenter, W. W. Aldrich, R. W. Sleeter, T. E. Daniels, L. E. Williams and Miss Mae Carleton; civic—Col. W. H. Paine, Alfred Carpenter and Mesdames T. W. Miles, C. L. Goff, Leonard Carpenter, D. Rosenberg.

Legislative—Mesdames A. E. Reams, A. Burch, E. M. Wilson and Misses Alice Hanley and Annie Kelleher; highways—William Isaac Miss Ann Livingston and Mesdames Bert Lowry, Frank Reum, W. Greenleaf, C. Palm and Paul Janney.

Flower show — Frank Reum and Mesdames L. Salade, H. VanHoevenberg, George Roberts, C. J. Semon, Charles Wing, E. Tunny, Jacobs and Miss Helen Carleton; Junior gardens—Mesdames C. C. Darby, C. L. Gent, Olen Arnsperger, C. Fichtner, E. E. Wilson, L. Mentzer, R. Woodford, M. Ottoman and C. L. Goff.

## Obituary

Mrs. Ellen C. Morgan, 76, passed away this morning at her home, 24 Jeanette avenue. She was the wife of W. P. Morgan.

Mrs. Morgan was born Feb. 13, 1861, at Eugene. She leaves three children, Mrs. Pearl Russell of Medford, Henry Morgan of California and Edward Morgan of Talent; a sister, Mrs. Ida Roberts of The Dalles and a brother, Tom Belcher of Central Point; and nine grandchildren and two great-grandchildren.

Funeral arrangements will be made later by Per's funeral parlors.

# SOCIETY and CLUBS

By Janet Wray Smith

### Club President Names Committees

Returning home this morning were members of P. E. O. chapters in Medford who were delegates to the state convocation held the early part of this week in Prineville.

Mrs. E. A. Moore was elected state recording secretary during sessions of the convocation. She has held the office of corresponding secretary for the past year. Mrs. Katherine Ainsworth of Hood River was named president for the coming year. About 150 delegates were present for the meeting.

Accompanying Mrs. Moore to the gathering were Mrs. Lois Young and Mrs. A. P. Butler, representing chapter AA; and Mrs. Wilson Wait and Gertrude Parker, representing chapter BE, all official delegates, and Mrs. F. J. Pflieger.

### Daughters Gather For Last Session

Members of Crater Lake chapter, Daughters of the American Revolution, met for the last session of the year Monday afternoon at the Girls' Community clubhouse.

The affair was an indoor picnic arranged in observance of Flag Day. A Girl Scout troop and Mrs. Day, Frohman, captain, were special guests.

### Warentfelt-Bierma Rites Set Sunday

Of interest to their many friends in the city is the coming wedding of Miss Roberta Warentfelt, daughter of Mrs. Ethel Warentfelt of this city, and Jack Bierma, Portland, son of Mr. and Mrs. J. R. Bierma of this city.

The ceremony is to be solemnized at the Bierma home Sunday afternoon at 3 o'clock. The quiet service will be read by Dr. Sherman L. Dwyne in the presence of about 35 members of the families and close friends.

### Club to Install Officers Monday

A formal banquet is being arranged by the Medford Business and Professional Women's club for next Monday evening when new officers will be installed.

The affair is to be held at 6:30 o'clock at Valentine's cafe. It will be the last calendar meeting of this year. New officers to be installed are headed by Mrs. M. M. Snider as president, succeeding Mrs. Mabel Mack.

### Chapter Postpones Picnic for Sunday

Mrs. Carl Bennett, president of the past matrons' club of Nevia chapter, O. E. S., has announced that the picnic planned for Sunday has been postponed because of unfavorable weather.

The affair is now scheduled for June 27.

### Delegates Home From Convention

Returning home this morning were members of P. E. O. chapters in Medford who were delegates to the state convocation held the early part of this week in Prineville.

Mrs. E. A. Moore was elected state recording secretary during sessions of the convocation. She has held the office of corresponding secretary for the past year. Mrs. Katherine Ainsworth of Hood River was named president for the coming year. About 150 delegates were present for the meeting.

Accompanying Mrs. Moore to the gathering were Mrs. Lois Young and Mrs. A. P. Butler, representing chapter AA; and Mrs. Wilson Wait and Gertrude Parker, representing chapter BE, all official delegates, and Mrs. F. J. Pflieger.

### Hostesses in Charge of Arrangements

Hostesses in charge of arrangements for the afternoon were Mrs. Frank Newman, Mrs. E. H. Kurl, Mrs. Volney Dixon and Mrs. R. E. Green.

### Visitors Expected To Arrive Today

Horace D. Howard and son William, of Sacramento, Cal., are expected to arrive here today for a visit with relatives and friends. They are to be guests at the home of H. F. Platt and Earl C. Gaddis during their stay.

Miss Jean Platt will return with them for a visit in Sacramento and Pasadena. William Howard was a member of this year's graduating class at the University of California.

### The Garden Club

Medford Garden club held its last regular meeting of the year Thursday evening. Final committee reports for the year showed that the club has done many interesting and worthwhile things during the past year and many more are planned for the coming year. Members are urged to watch the paper during the summer months and to save seeds, shrubs and perennial plants for future use.

### Reports of the five members

Reports given by the five members who attended the state conference were interesting. The Medford club received recognition for having the only garden center in the state, and for its junior garden work. The little town of Freewater, Ore., has been given the national award, the Kellogg medal, for civic achievement. Other clubs in the state are helping to send Mrs. Howard O. Mansfield, Freewater president, to Cleveland, O., to attend the national meeting and receive the medal.

### Perhaps the one thing brought back

by delegates of interest to most people is this advice to all who have dandelion lawns: "Use a solution of copper in the form of crystal to 7 1/2 gallons of water. Spray the lawn about the middle of July and again the middle of August. Select a warm, bright and dry afternoon when there is no wind. The grass will turn a yellowish green for a few days but will quickly recover."

Anyone wishing to join the Garden club may do so by contacting the treasurer, Mrs. Milton Ostom, or the president, Jane Suedicor, or any member of the membership committee. Anyone interested in activities of the club is eligible and dues are small.

Doesn't this club deserve your support?

# TENGWALD TALKS AT REALTY MEET

A new bill being drawn up by the state association of real estate boards to be presented at the next session of the legislature was discussed at the last meeting of the Medford Realty Board by Carl Y. Tengwald, president.

Among features of the new bill, Tengwald pointed out, are the following proposals: A change in the administrative form to an appointive commission regulating only real estate, instead of both real estate and insurance as is now the case; written examinations for real estate brokers; permanent licenses with an annual registration in place of the prevailing system of issuing annual licenses; provision that every licensed real estate broker must be an active member of the state association of real estate boards; establishment of a real estate fund.

The proposed bill is being submitted to real estate boards throughout the state for their approval and endorsement. Tengwald stated that the bill meets with approval from the present state board.

# SIT-DOWN THREAT VOICED IN WAKE MEDIATION PLAN

(Continued from Page One.)

manner. If a sit-down develops, Tom Girdler (chairman of Republic Steel) and Frank Purnell (president of Youngstown Sheet and Tube) can't blame anybody but themselves."

File Charges

Owens charged that leaders of the back-to-work movement were "being paid directly or indirectly by the steel companies."

As moves for peace and a new plan of strategy in the C.I.O. siege of steel broke simultaneously, the general executive board of the United Automobile Workers of America, a C.I.O. affiliate, took steps to "penalize" and discipline leaders of "outlaw" or unorganized strikes.

Homer Martin, U.A.W. president, announced in Detroit that the board would determine methods of ending any such "wildcat" strikes.

The Perkins order said: "The board is further authorized (a) to investigate issues, disputes, facts, practices and activities of employers and employees that are burdening or obstructing or threatening

# BAKER AREA HIGH WIND TAKES TOLL

BAKER, June 7.—(AP)—A miniature cyclone, sweeping in from the southwest, crashed its way across Pine valley 45 miles from Baker, Wednesday and trashed and up-rooted trees, swept chicken houses and barns off their foundations, leveled telephone and electric high poles, ripped shingles from houses and blew out window panes.

The property damage was estimated this morning at \$10,000. No one was injured in the storm, which lasted for seven minutes. The wind storm was followed by a severe rain and hail storm that caused considerable damage in orchards and gardens. The storm was the first cyclone of storm of that nature that pioneers can remember in the history of Halfway, the largest town in the valley.

The greatest damage to any building was caused when the Nazarene church was swept off its foundation. The church was practically demolished.

# BULB MEN FROWN ON LIFTING BAN

GRANTS PASS, June 17.—(AP)—Favoring continuation of the state quarantine on imports of out-of-state gladiolus bulbs, the Grants Pass Gladiolus society at a special meeting last night with Charles A. Cole, state horticultural inspector, opposed a proposal to remove the quarantine.

Cole said Solon T. White, state director of agriculture, proposed removing the quarantine on all but Jackson and Josephine counties, leaving the requirement that Oregon growers fumigate their bulbs to combat trips.

The local society was told northern growers favored the action, but Charles Shaw, secretary treasurer, said the president of the Portland Gladiolus society had written him that they had voted to oppose removal of the quarantine.

The Grants Pass society represents commercial growers in Josephine and Jackson counties and the southern Oregon crop is valued at \$250,000.

### Suit Over Wolf Bite

OKEMAH, Okla. (UP)—As the result of an alleged wolf bite, W. J. B. Weatherford, of Weleetka, is suing for \$5,000 damages. Weatherford in his petition filed in district court here, alleges the wolf owned by a Weleetka resident bit him recently, was infected with rabies and that treatment was necessary.

### Canadian Investors Active

OTTAWA, Ont. (UP)—There is no scarcity of investment money in Canada. The Canadian government recently decided to convert the country's last income tax-free Victory bond issue, totaling \$36,000,000, into short-term bonds. Within one week nearly half of the loan was subscribed.

### A CURE FOR DYSENTERY

Amoebic Dysentery has caused the death of a great many people. One of the famous epidemics of recent years started in a large hotel in Chicago. The source of infection was traced to a chef in the kitchen. This epidemic resulted in the death of many people and the serious illness of many more. There has been no satisfactory remedy until Eli Lilly & Co. introduced the preparation called "Carbarsone." This is inexpensive and has proven very satisfactory, reducing the death rate to a small percentage. It is only sold by doctor's prescription.

These cloudy days require a very fast film to get any results with your picture taking. The Agfa film meets all of these requirements, and it is guaranteed to give results in any weather.

to burden or obstruct the free flow of interstate commerce; (b) to conduct hearings, take testimony under oath, and to make findings of fact and recommendations for settlement; (c) to act as voluntary arbitrator on request of the parties to the dispute and render awards with respect to the subject matter of such disputes as are submitted to it as shall be binding upon the parties to the submission."

Bull's Eye Made Harder

KENT, Ohio (UP)—Kent State university students think Robin Hood was a piker. Student archers are becoming so proficient that they use two-inch metal rings suspended five feet short of the target as a path for arrows sent winging toward the bull's eye.

Trained Dog Travels

DERBY, Eng. (UP)—A dog traveled alone from Swansea to Derby by train. Written on a card attached to a box in which the dog was sent was a poem saying it had "a date at Derby at exactly half-past one. The dog was duly delivered on time."
