

American Ryder Cup Contingent Takes Lead Over Britain's Forces

YANKEES SPRING BIG SURPRISE IN FOURSOME PLAY

Dudley-Nelson and Gulda-Manero Win — Sarazen-Shute Break Even, While Picard and Revolva Lose

SOUTHPORT, Eng., June 29.—(AP)—Led by the teams of Ed Dudley and Byron Nelson and Ralph Gulda and Tony Manero, the United States today gained a 2½ to 1½ lead over Great Britain's team of professional golfers in the Scotch foursomes division of the biennial Ryder Cup play.

The Dudley-Nelson and Gulda-Manero combines won their matches, while Gene Sarazen and Denny Shute finished theirs all even for half a point and Henry Picard and Johnny Revolva lost to Percy Allas and Richard Burton, 2 and 1.

Strengthened hopes. Their showing in the foursomes, considered a British "specialty," strengthened the Americans' hopes of retaining the international trophy tomorrow, when eight singles matches will be played, and at the same time scoring their first victory on a British course.

To date, the series stands 3 to 2 in favor of the United States, each side having won on its own grounds. The day's greatest surprise was the showing made by the veteran Dudley and Nelson, his young ex-Texan partner. In advance of the matches, they had been regarded as sacrificial lambs being offered to be slaughtered by Britain's reputedly strongest duo, Henry Cotton and Alf Padgham, the latter holder of the British open championship.

Play in Gale. But Dudley and Nelson never fitted into that role. One down at the end of nine holes, which they toured in a sweeping gale that chilled the gallery of 4,000, they rallied to finish the morning 18 all even.

They jumped into the driver's seat at the start of the afternoon's play by winning four of the first five holes from their highly-touted rivals, and never again were headed. To cap the climax, they finished off Cotton and Padgham with a birdie 4 on No. 18, 34th hole of the match and considered the most dangerous on the course.

LILLIE NAMED COACH OF GRANT GRID TEAM
PORTLAND, June 29.—(AP)—Jerome Lillie, one-time lineman on the University of Oregon football team under Captain John J. McEwan, returns to Grant high school in the Portland intercollegiate grid league as coach next fall.

Lillie, former coach at Rainier and now head man at Bend, succeeds Ted Bohwer. The school board named Lillie last night after it learned Orville "Red" Bailey, ex-University of Oregon end under Dr. C. W. Spears, refused the post.

CENTRAL POINT
CENTRAL POINT, June 29.—(Sp.)—Elmer Merritt, son of Mr. and Mrs. C. M. Merritt of Central Point, in the employ of the Sperry Flour company of Klamath Falls, is one of the winners of an extended trip sponsored by the company. He left June 15 by train, with first class service, farm San Francisco to New York; thence by boat to Miami, Fla., and Galveston, Texas, being joined at various points by other winners and enjoying an interesting stop at the main plant in Lansing, Mich., where they were shown through the entire working system. Other stopping places included Chicago, Detroit, New York, Miami and Galveston, where travel by rail was resumed to the coast, and northward to the various homes. Mr. Merritt was accompanied by his wife as his companion and guest, and expects to reach home about July 3, thus completing the eighteen days allotted to the journey.

Mrs. A. W. Ayers with her daughter, Miss Ava Ayers, and Miss Ruby Webster, are spending some time in Long Beach and other points in southern California. Mrs. Sarah Limbeck left by stage Saturday for a two weeks' visit with her daughter, Mrs. Ward, of Klamath Falls. Arriving Saturday were Mr. and Mrs. Jesse Wright of Riverside, Calif. Mr. Wright is connected with the Riverside schools and will spend a part of the summer vacation with friends and relatives in the valley, among whom are his sister, Mrs. Frank Cochran, and brothers, Joe, Will and George Wright, and their families. The Wrights visited in the valley three years ago and are enthusiastic over the prospect of fishing in Rogue river.

MERRICK'S POOL SWIM IN DRINKING WATER
Daily: 1 p. m. to 10 p. m.
Sundays: 10:30 a. m. to 10 p. m.

AT WIMBLEDON. Helen Hull Jacobs, American holder of the Wimbledon women's lawn tennis title, is shown walking to the courts as she prepared to defend her title.

POSTPONE SOFTBALL AND BICYCLE RACES AROUND WET FIELD

Because of rain and wet grounds, the softball games and bicycle races scheduled for the high school stadium tonight under the lights have been postponed. Fred Leonard, league manager, announced today. The postponed games will be tackled onto the end of the first half schedule.

In Commercial league battles last night, Fluhrer's lost a 3-4 verdict to Jennings Tire company, and Faber's of Central Point defeated Lamport's 13-9.

A three-run outburst in the fifth inning featuring Luman's home run gave the tire company its win. Lamport, in losing to Faber's, booted the ball 13 times for the sloppy fielding record of the year.

Robert Weisenburger won the boys' bicycle race by coming from behind in the last lap to win by 20 yards. Howard Renner was second and Halbert Deuel finished third. Five boys entered the one-mile dash.

Scores: R. H. E. Jennings Tire 4 11 4 Fluhrer's 3 3 5
Singer and Luman; Bowerman and Acheson.
R. H. E. Faber's 13 11 5 Lamport's 9 12 13
M. Atkins and O'Connor; Schilling, Oliver and Wood.

GRAPPLERS GANG PETE BELCASTRO IN BATTLE ROYAL

In one of the most spine-tingling wrestling cards presented by Promoter Mack Lillard this year, the Black Dragon whipped Frankie Taylor in the main event. Frank Stojack knocked off Monte LaDue in the middle affair, and Pete Belcastro licked Dale Haddock in the opener after the six huskies had hammered themselves into various states of exhaustion in a great battle royal.

Nearly a capacity crowd turned out to see the continuance of the famous Belcastro-Black Dragon feud at the armory last night, and although the two didn't meet in the main tangle, the customers more than got their money's worth in that opening free-for-all.

Belcastro, number one villain of the circuit, was the first to be eliminated, but he went down fighting. In fact, it took the entire company of five other grapplers to send Pete from the ring after Taylor and LaDue with occasional help from the Dragon had rendered him practically helpless. Gregory and weak-kneed Frankie Taylor were the last to be eliminated, but he went down fighting. In fact, it took the entire company of five other grapplers to send Pete from the ring after Taylor and LaDue with occasional help from the Dragon had rendered him practically helpless.

Gregory and weak-kneed Frankie Taylor were the last to be eliminated, but he went down fighting. In fact, it took the entire company of five other grapplers to send Pete from the ring after Taylor and LaDue with occasional help from the Dragon had rendered him practically helpless.

Haddock was the next out, followed by LaDue, who also got the bumps from the mob, and the battle royal was ended when the Dragon pinned Stojack to the carpet, leaving only himself and Taylor remaining. Coming back for the opening event, Belcastro and Haddock staged one of the roughest and most vicious matches ever seen here. Haddock grabbed the first fall with two sensational flying mares. Pete was dirtier than ever before, and finally the Los Angeles grappler got mad. He picked up the villain bodily and slammed him to the canvas, then jumped on him with both feet. Pete came back to procure the next two falls, one with a flying body press and the final with a Boston crab.

Frankie Stojack, the popular ex-Washington State college football player, sent Monte LaDue down to defeat by taking two straight tumbles after another extra tough fifteen minutes. LaDue was at his best, biting, choking, kneeling and pulling hair, but the grider tamed him, first with a thrilling rolling Japanese scissors, and immediately after with a series of shoulder flips that left the ferocious Frenchman befuddled.

In the final main event, the Black Dragon came back with a pair of devastating Boston crab holds to subdue the clean-wrestling Frankie Taylor after the latter had taken the first fall with an Arkansas back breaker. It was the best match of the evening, with both grapplers slugging to the head and body and using the ropes to great advantage. Taylor tried his best to wrestle in the orthodox methods, but the hooded one would have no part in the pood. He it was hopeless. Taylor obliged the Dragon, and the two went to town.

The card was the final until July 12, the boys taking a rest next Monday night because of July 4 celebrations. Promoter Lillard announced last night that Prince Mihalikis, who has been showing in the east, would probably be here on that date.

Billy Hulen Says:

"Be Moderate in Summer Sport" Is Advice to Women

Summer is the time when women, as well as men, go sport crazy. It's golf, swimming, fishing, riding, hiking, tennis and other forms of athletic activity every day in the week and especially on week ends, but for the fair sex, Artie McGovern, the famous trainer, issues a warning to be moderate in their exercises.

Having trained Maureen Orcutt and Babe Diddrickson in addition to many other women athletes, not to mention the men he has put in perfect condition, McGovern certainly should know of which he speaks. Most women, he finds, cram all their exercise into a week end, neglecting their muscles the rest of the week with the result that it does them little good.

Here are some of the hints to women athletic enthusiasts: Go easy on all games; be systematic about exercise; and wear a mild support for the abdominal muscles. It might be added that McGovern looks askance at college girls who tear over soccer, hockey and baseball fields burning up untold amounts of energy in awkward dashes.

Of all the sports engaged in by women during the summer, swimming is considered the most beneficial by health experts. It is the most complete exercise, nearly all the muscles being brought into play to some extent. The fact that swimming is especially recommended for the crippled indicates its value.

Players and coaches are quick to point out the exercise value of golf because it involves lots of walking, but some believe that an 18-hole match, with its five-mile walk, is a little too strenuous for the average woman. It is good for balance, however, because of the necessity for rhythm and perfect timing.

Tennis tops them all for the development of agility and grace, experts say, but it takes stamina. Probably too much for the average woman racket wielder, especially in a tough three-set match under the burning sun. There is a tremendous pull on the heart and lungs, and it is pointed out that women with well-developed calves should remember that the footwork involved in tennis won't reduce leg muscles a bit.

There is a rumor going the rounds of wrestling circles that it won't be long until the muscle-managers will be doing their very best stuff under the stars and arc lights. The situation seems to be that Promoter Mack Lillard and E. H. Hedrick, city school superintendent, both have the idea of erecting the rasilin' ring 'neath the lights on the high school football field, and dispensing with all softball games on Monday nights.

When queried on the possibility, the grappling promoter and the school sune both readily admitted it would be a good, if not excellent, maneuver. All that remains now, apparently, is for the two gentlemen in question to get together and talk turkey.

RUSSIAN AIR HEROES FETED IN WASHINGTON
WASHINGTON, June 29.—(AP)—The trans-polar Soviet fliers—Chkaloff, Baiduff and Belokoff—greeted 600 guests from congressional, diplomatic and official circles last night at a Soviet embassy reception. They were received by President Roosevelt yesterday.

WASHINGTON, June 29.—(AP)—President Roosevelt signed today a bill providing for continuation of the present soil conservation program until 1942.

Halfway Attorney Ordered Disbarred
SALEM, June 29.—(AP)—The supreme court permanently disbarred Charles F. Masie, Halfway, and suspended for six months Gordon S. Wells, Eugene, both for unprofessional conduct in practicing law. The board of governors of the Oregon state bar recommended permanent disbarment for both.

Wells Charged with Defrauding State of \$618 as Attorney in Administration of an Estate, for which the property escheated to the state land board. He paid the money to the state treasurer after the board of governors found him guilty of this and other charges. The court said Wells admitted taking the funds as a loan because he was in financial straits. He denied he intended to defraud. He also will be placed on probation for three years.

First Degree Murder Indictments Written for Slayer of Model
NEW YORK, June 29.—(AP)—Scarce ten minutes after Mrs. Ethel Kuder completed her story of the mad impulse which led Robert Irwin to kill her mother, her sister and a lodger Easter Sunday, a New York county grand jury handed up three indictments today charging the eccentric sculptor with first degree murder.

Still showing signs of fear in which she had lived since the triple killing on Beekman hill, Mrs. Kuder went before the grand jury shortly before noon. Five police officers followed in quick succession and District Attorney William C. Dodge emerged with the indictments. Irwin, stroking his nose and grinning broadly, then was brought before Judge William Allen in general sessions court for arraignment.

Samuel Leibowitz, nationally-known criminal lawyer employed by Irwin, refused to permit his client to plead and won a delay in the arraignment until tomorrow.

Board Unable to Accept Fund T. B. Hospital
SALEM, June 29.—(AP)—The board of control received bids today for construction of the nurses home at eastern Oregon hospital at Pendleton, but deferred action until Wednesday when Dr. W. D. McNary, superintendent of the hospital, and Daniel J. Fry, secretary to the board, will recommend which bids to accept. The \$5,000 offer of S. G. Butler, member of an Ashland realty firm, to be used for construction of a tuberculosis hospital at Ashland, cannot be accepted by the board for lack of authority, the board ruled. However, the board said it would attempt to have the funds used at one of the other institutions.

CRESCENT BOASTS PERFECT RECORD FOR FIRST HALF

Southern Oregon League. (Final first-half standings)

Team	W.	L.	PC.
Crescent City	7	0	1.000
Grants Pass	4	3	.571
Roseburg	4	3	.571
Medford	3	5	.375
Ashland	3	5	.375
Glendale	1	6	.143

All Southern Oregon league ball clubs draw a circuit bye next week-end while they mark time for the opening of the second-half schedule July 11. Several exhibition battles are scheduled, however.

Medford's Craters and the Ashland Lithians, tied for third place, resume their feud in a two-game series at Ashland as feature attractions of the July 4 celebration there. Both games will be exhibition affairs, not counting in the league standings.

In addition to the natural rivalry between the two clubs, the games will see a resumption of the Bob Hardy versus Larry Pepper pitching argument, with the Medford curveballer being one up by virtue of a 4-3 win over the brilliant southpaw here two weeks ago. Hardy and Pepper are expected to face each other in the July 4 game, with Lowell Brown, another Ashland portlander, meeting Ray Erickson in the Monday battle.

Crescent City, walkway champions of the first half, will entertain the powerful Klamath Falls Red Sox, Southern Oregon league pennant winners the last two years, are at present leading the northern California circuit with 6 wins and one loss, the club having entered the sister circuit this season.

Signs Continuation of Soil Saving Act
WASHINGTON, June 29.—(AP)—President Roosevelt signed today a bill providing for continuation of the present soil conservation program until 1942.

Under the law, the agriculture department is authorized to pay benefits to farmers who follow approved soil-conserving practices. Congress yesterday completed action on a bill appropriating \$500,000,000 for such payments in 1938.

The soil conservation act, as originally passed, provided that beginning in 1938 the federal government should make grants to states for carrying out state soil conservation programs, instead of making payments direct to farmers.

Padres Fast Climb Worrying Leaders in Pacific Coast Loop

(By the Associated Press.)

Sacramento and the San Francisco Seals, one-two in the Pacific Coast league baseball standings, eyed the booming San Diego Padres with trepidation today.

San Diego was the only team in the first four to fatten its percentage last week and did it in more ways than one. Six games behind the first-place Solons a week ago, the Padres in third place were only five behind today after taking six out of seven from the Portland Beavers.

The Padres went from fourth place to a three-way tie for team batting honors. Rupert Thompson, one of their most consistent batsmen, replaced Art Garibaldi. Sacramento's slugger Italian, as the league's best individual hitter. Other teams tied with the Padres in hitting were Los Angeles and San Francisco. Each had an average of .299.

San Diego has not lost a series on its home diamond this season, and entertains the Los Angeles aggregation this week as Sacramento invades Portland. An improved Oakland team goes to Seattle where it will try again to win its first series of the season.

San Francisco's pitching staff much in need of rest and reinforcement, opens against the lowly but dangerous and hard-hitting hometown rivals, the Mission Reds, tonight.
