

### 250 REGISTERED FOR RED CROSS SWIMMING CLASS

A total of 250 boys, girls and adults have registered so far for the annual Red Cross swimming and life-saving classes being held under the personal supervision of Elmer Holstrom, paid instructor, at the Medford natatorium, it was revealed today. Last day for registration will be tomorrow, it was announced.

Forty-six girls and 30 boys received instruction in the two separate beginners classes this morning; 41 boys and girls were on hand for the combined swimmers class; and 30 boys and girls reported for classes in the junior life-saving group. There were 30 adults last night in adult classes.

Complete program of classes for the duration of the school was announced as follows: 8:30 to 9:00 a. m., girls, beginners; 9:00 to 10:00 a. m., boys, beginners; 10:00 to 10:30 a. m., boys and girls, swimmers; 10:30 a. m. to noon, boys and girls, junior life-saving; 7:00 to 8:00 p. m., adult classes; 8:00 to 9:00 p. m., senior life-saving.

Mr. Holstrom is being assisted in all classes by registered junior and senior lifesavers.

### CHERRY HARVEST AT PEAK VOLUME

Picking and canning of the 1937 cherry crop of the upper and central Rogue river valley, is now in full swing, in the Big and Royal Anne varieties. Canning operations at the Rogue River Canning company started last Wednesday, and will last another week.

Ralph Outelle, cannery manager, said the cherry tonnage was larger than last year, but the cherries were smaller than usual.

Wheat harvesting is expected to start next week, according to County Agent Robert G. Fowler, who said fall sown grain was heading fast in some sections. Fowler said the wheat acreage was about 9,000 acres, the same as last year.

### CAMPS IN FOREST UTILIZED BY 4838

Rogue River national forest recreational areas were utilized Sunday and yesterday by 4,838 campers and picnickers, headquarters here announced today. Resorts on the forest were patronized by 885 overnight guests, a tabulation showed. About 500 persons occupied private cabins at Lake of the Woods over the holiday, the forest office said. Attendance of campers and picnic groups at principal forest campgrounds was given as follows: Willow Springs, 300; Rainbow, 125; Aspen Point, 160; White Pine, 1,075; Fish Lake, 335; Dead Indian Soda Springs, 300; Four-Mile Lake, 100. Also Beaver Dam, 25; North Butte Creek, 35; South Butte Creek, 25; Union Creek, 375; Woodruff Meadows, 60; Natural Bridge, 80; Fairwell Bend, 65; Foster Creek, 45; Beaver Sulphur, 64, and McKee Bridge, 248.

Mrs. Forsta died Sunday at the home of her sister, Mrs. Vinton Hall of Portland. Her parents are members of the University of Oregon faculty.

Surviving include a 10-month-old son, Eric Thacher Forsta.

### FOREST SERVICE TREE PLANTINGS PROTECT PLAINS

WASHINGTON.—(UP)—More than 100,000 trees planted in the great plains shelterbelt are affording effective protection against winds, according to the U. S. forest service.

The shelterbelt, at which many persons scoffed, is a "complete success," Earl W. Tinker, assistant chief of the forest service said. Tinker made a tour of the midwestern area to inspect growth of the trees.

The shelterbelt extends from Texas almost to the Canadian border. It ranges from a few hundred yards to several miles wide. In places there are several strips of "belts." From 700 to 1,000 trees were planted per acre.

The forest service has planted approximately 35,000,000 of these trees. About 30,000,000 were distributed to farmers for woodland and shelterland planting. Not all of the planting has been done in the great plains. CCC enrollees have planted other millions in many states.

Federal and state nurseries have produced an additional 150,000,000 trees for planting. The forest service has distributed more than 30,000,000 trees for private plantings during the past two years.

Tinker said a check of trees planted in the western shelterbelt showed 81 per cent had survived under adverse drought conditions. Their effectiveness will increase as they grow, he said.

"Many thousands of young trees planted during the 1935 season are now 6 feet high and already bringing about a lessening of wind movement within their protective range," Tinker said. "Heights up to 16 feet have been noted in some instances," he said. "I saw fields of cantaloupes and water-melons growing in what were formerly dust fields, protected by rows of newly planted trees."

Tinker said more than 1,281 miles of shelterbelt strips and 6,415 acres of farmsteads have been planted. More than 4,500 farmers participated in tree plantings.

Trees found to have made the best growth were the green ash, cottonwood, Chinese elm, red cedar and Ponderosa pine. The forest service said farmers who had seeded their land in trees valued it at an average of \$1,046 per farm.

"Experience gained thus far in shelterbelt and windbreak planting demonstrates the value of this type of work in the great plains region where an urgent necessity exists for an extensive tree planting program," the forest service said.

**Brewery Burglarized**  
PORTLAND, July 5.—(AP)—Burglars who broke into the Blitzen Brewery early Sunday morning took \$922 from the night depository box, Henry Weisinger, manager, reported to police. The money, in sacks, had been left in the box by drivers making night collections.

**Mobilization Explained.**  
A brief-lived "mystery" over the mobilization of 400 national guardsmen at Akron, O., the big rubber-making center, was dissolved when officers said the troopers were merely being held for duty "anywhere in northeastern Ohio."

The back-to-work movement in Cleveland, breaking the siege which has kept Republic's plants locked since May 26, left independent steel companies in a position to claim that with the exception of a few plants, all mills were operating at least partially throughout the seven-state strike area.

Only a few pickets heckled the workers going back to their jobs.

The Lloyd Manufacturing company closed its plants at Miamoninee, Mich., after a picket had been killed by an automobile.

**BANK CALL ASKS JUNE 30 FIGURES**

WASHINGTON, July 5.—(AP) The comptroller of the currency issued a call today for the condition of all national banks at the close of business Wednesday, June 30.

Coincidental with the national bank call, officials said, the federal deposit insurance corporation and the federal reserve board would issue calls.

In all, about 14,000 banks will make condition reports as on June 30. Included in this figure are about 5,000 national banks which are among the 6,300 member banks of the federal reserve system.

The last national bank call was for condition statements as of March 31. For insured and federal reserve institutions, the last call was for condition statements on December 31.

**SALEM, Ore., July 5.—(AP)—Mark Skinner, superintendent of banks, issued a call today for the condition of all state banks at the close of business Wednesday, June 30.**

### COUNTY DEBT CUT SHOWN IN MONTH

Report of County Treasurer Ralph E. Sweeney, for the month of June, filed with the county court, shows that Jackson county had on hand at the close of business June 30, the sum of \$729,982.84 in cash and securities in banks.

Total outstanding warrant indebtedness was \$213,433.77, a decrease of \$9,451.25 for the same item compared with the month of May.

Road warrants called but not presented, totaled \$5,746.78; general county warrants called but not presented, \$15,810.02; high school tuition warrants called but not presented, \$900.

Road warrants not called amounted to \$13,183.77; general warrants, \$171,538.88; and high school tuition warrants, \$6,454.86.

The monthly report is an innovation introduced by County Treasurer Sweeney.

### SHERIFF BELIEVES PAIR OUT OF AREA

Leo M. Schroeder and Leo F. Hicks, who escaped from the county jail a week ago, while under state prison sentence, have left this section, according to Sheriff Syd I. Brown. Schroeder is under a three years sentence for obtaining money under false pretenses, and Hicks faces a two and one-half year sentence for larceny of a saddle belonging to E. W. Kubil of the Applegate.

The sheriff believes Hicks will be harder to catch than Schroeder, whose penchant for forgery had landed him in jail half a dozen times before his Jackson county violation. "The official believes Hicks will make his way to some isolated eastern Oregon sheep or woodcutters camp, and 'hole up' until winter," Schroeder will cash a spurious check, any day now and be apprehended," the sheriff believes.

The pair escaped by making their way to the county jail roof, and gaining the jail stairs by crawling through an air vent.

### TRIAL OF CANNON GETS UNDER WAY

Trial of Nelson F. Cannon, indicted on a charge of involuntary manslaughter, for the death of Lee Francis Heryford, 16, high school student, when the bicycle he was riding was struck by an auto driven by Cannon, started this morning in circuit court with selection of a jury.

The accident occurred on North Riverside avenue, April 27, about 11 o'clock at night. The state alleges Cannon drove the auto in a negligent manner, striking young Heryford who died of injuries an hour later in the hospital.

Cannon is defended by Attorneys George M. Roberts and W. M. McAllister, who were appointed by the court.

Cannon has been held in the county jail since the accident, but was permitted to leave last week on his own recognizance.
