

# JAPANESE HURRY NEW UNITS INTO NORTH CHINA WAR

## Clashes End Truce Along Yungting — Bitter Warfare Expected Today.

PEIPING, July 11.—(AP)—Troop trains carrying units of Japan's powerful Manchurian army were reported rolling toward the north China trouble zone today as Chinese and Japanese forces resumed their bitter, intermittent warfare.

They clashed again yesterday and last night along the Yungting river about 10 miles west of Peiping, ending a precarious 36-hour truce. Although fighting ceased shortly before midnight it was expected to be resumed at daybreak.

The Japanese asserted they won the opening combat of the renewed conflict, capturing Lungwangmiao (temple of the dragon king) on the east side of the Yungting river about half a mile north of Marco Polo bridge.

It was near this beautiful 900-foot marble span that the original conflict began Wednesday night, when units of Japan's North China garrison on night maneuvers clashed with soldiers of the Chinese 29th army.

The first phase was ended by an armistice Friday, by which the Japanese withdrew to the east of the Yungting and the Chinese to the west.

Japanese declared the Chinese along the Yungting opened fire on them at 7:30 p. m. Saturday. The Japanese took up the challenge and seized Lungwangmiao after two hours' brisk fighting. They said other casualties were heavier than in the earlier phase of the conflict, in which they lost 10 killed and 22 wounded.

Chinese charged the Japanese had broken the truce several hours previously, when they sent 600 soldiers with tanks, machine guns and field pieces from Fengtai to the Yungting area, where they attacked the walled village of Wangpingsten.

# TAMMANY POWER IN GOTHAM EBBS

NEW YORK, July 10.—(UP)—Tammany hall's prestige and power appeared tonight to be sinking to a new low as developments advanced Mayor Fiorello H. La Guardia toward an apparently impregnable position for re-election this fall.

Since 1935, when La Guardia led the first successful fusion reform movement in a generation, Tammany has been fighting to keep its organization intact without the lifeblood of patronage and control of the richest city budget in the world.

"It has been a losing fight. And hardly anyone believes that the venerable Democratic society will be able to withstand another fusion victory with Republicans, anti-Tammany Democrats and independents. Already party workers are deserting and disunion has split Tammany's upper councils.

# MOONEY CHARGES OF ABUSE FALSE

SAN QUENTIN PRISON, Cal., July 10.—(UP)—Charges by the Mooney Molders' defense committee that Thomas J. Mooney, convicted of the San Francisco preparedness day bombing in 1918, received "brutal punishment" and improper treatment in prison were denied today in an official statement issued by the state prison board.

The board said that it thoroughly investigated the situation and found the charges false and that Dr. L. L. Stanley, resident physician at San Quentin, reported that Mooney said he was "satisfied perfectly" with his treatment.

The Molders' defense committee claimed that Mooney as put at hard work recently and that he was not given adequate hospitalization from stomach ulcers.

Mooney has been a prisoner at San Quentin for 21 years.

# PLANE SURPRISES JAP FISH FLEET

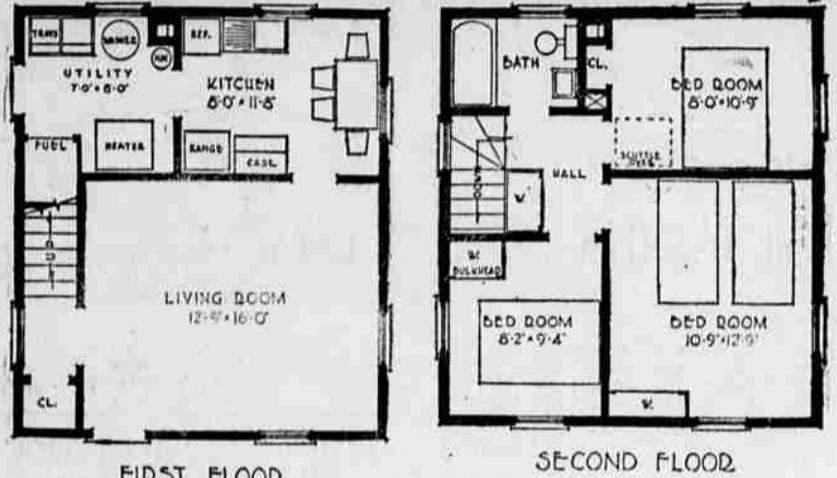

NAKKEK, Alaska (via Kanakak), July 10.—(AP)—H. B. Friele, chairman of the board of the Association of Pacific Fisheries, detailed today how he and other salmon fishermen dropped out of the clouds and surprised a fleet of Japanese fishing boats taking salmon in Alaska waters last Wednesday.

Copies of sworn affidavits from the party are being sent Secretary of State Hull, via Anchorage, accompanied by photographs taken from the airplane.

Friele said the plane party made two previous flights but fog hindered visibility. July 27, however the weather cleared and the party flew with Pilot Jack Elliott, skirting the southern shore of Bristol bay until they sighted four vessels 20 miles offshore and southwest of the mouth of the Ugashik river.

Eighteen men and 13 women were featured in the year in agriculture and home economics at the University of Kentucky college of agriculture.

# Home In Brick

Here is a house of simple lines, combining dignity and charm, with an exterior design that will appeal to everyone. The floor plan has utilized every inch of space from the standpoint of convenience and appearance. The plan shown here is for the house built without a basement. If there is to be a cellar, the kitchen and utility room could be transposed into kitchen and dining-alcove space. This design has been adopted by the Structural Clay Products Institute from House "E" shown in the Federal Housing Administration's Technical Bulletin No. 4. Some slight changes have been made in the design for alternate planning.

# Rattlers Are Friendly, Timid, Forester States

LOS ANGELES — (UP)—Perhaps there's a rattlesnake in the grass! But they're not as dangerous as they are supposed to be, said Spence D. Turner, chief forester of Los Angeles county.

"Rattlesnakes are timid. They are glad to be friends. All they want is to be left alone," said the forester.

"Contrary to common belief, rattlesnakes seldom have been known to dart any more than a third of their length and they will not chase you."

"It is only when a rattler is cornered upon in some exposed place, where he can't make a quick getaway that he will strike in self-defense. He will sound a warning first," Turner said.

When asked what a person should do if bitten, the chief forester said: "If you are attacked, get immediate treatment, but first be sure you have been bitten for he may have missed, or his fangs may have penetrated only your clothing."

# LOCAL AVIATOR LANDS IN FIELD

Max Peirce was featured in an Oregonian story under a seven-column headline yesterday but the Medford insurance broker probably didn't relish the event that landed him into print. Max was in a forced landing and now knows how it feels to drop down into a hay field.

Peirce has been accompanying the Oregon ten-city aerial tour which opened here July 2. He is president of the Oregon Aviation Development Committee, Inc., tour sponsor. He was flying from Salem to Marshfield with Al Lary, aerial clown in the tour's sky show. Engine trouble developed and Lary was forced to make a hasty landing in a hay field near Lebanon. No one was hurt but the plane was damaged slightly.

# BAR DIARY FROM DIVORCE ACTION

SEATTLE, July 10.—(AP)—The privacy of a lady's diary should not be infringed, Superior Judge James T. Swenson, 38 city civil service commission worker, leaped to death from the same spot.

Earlier in the day, Raymond T. Swenson, 38 city civil service commission worker, leaped to death from the same spot.

# M'CARRAN PAINTS PASSAGE AS STEP TO DICTATORSHIP

(Continued from Page One.)

Wish that "Mr. Parley was listening to me." He asked why Parley had not told him during the campaign that "there would be a different viewpoint" when McCarran wanted favors for his state.

Saying that in the closing days of the campaign he had toured the far western states by air at the request of Democratic headquarters, McCarran said: "They didn't say to me then. 'When you ask for something for your state there will be a different viewpoint.'"

Referring again to this remark attributed to Parley, McCarran said: "They only wanted to challenge me. They only wanted to challenge me, neat this thumbs. If only I weren't in this chamber where language might be otherwise, I'd tell them."

McCarran told his colleagues he was delivering his arduous speech "contrary to my doctor's orders," because "I believe the cause in which I have enlisted is worthy of any man's life."

# UNIONISTS DENY LOSS OF STRIKE

CLEVELAND, July 10.—(UP)—As three independent steel companies affected by the Committee for Industrial Organization strike claimed to be nearing normal production tonight unionists renewed assertions that the 46-day walkout "is in excellent condition."

In Pittsburgh, Philip Murray, chairman of the steel workers' organizing committee, C. I. O. affiliate, which called the strike on the sole issue of gaining signed union contracts, attacked William Green, American Federation of Labor president, and asserted production of strike-affected plants was "negligible."

John Owens, C. I. O. Ohio director, said: "We're going to fight until we win this struggle."

# DIRECTORS MEET TO MAP ASHLAND FESTIVAL PLANS

Directors of the newly-formed Oregon Shakespearean Festival Association met Friday evening in the Lithia hotel in Ashland to complete preliminary plans for presentation of this year's Shakespearean festival.

Third annual production of the festival, directed by Angus L. Bowmer, is scheduled for the first week in August in the Ashland Elizabethan theatre.

Honorary memberships in the organization have been extended and accepted by the following: Governor Charles H. Martin; Earl Snell, secretary of state; J. A. Churchill, president of the Oregon normal school; Frederick M. Hunter, Oregon chancellor of education; Willard Marks, president of the state board of higher education; George Peavy, president of Oregon State college; Valentine Boyer, president of the University of Oregon.

Also, Bruce Baxter, president of Willamette university; Charles Howard, state school superintendent; Senators Charles McNary and Frederick W. Steiwer; Herbert C. Hoover, former president of the United States; Joseph Carson, mayor of Portland; and Elam Anderson, president of Linfield college. All wired acceptance of the honorary membership last week.

Governor Martin also accepted honorary presidency of the association. Judge Earl B. Day has been named president. Other officers are: Vice-president and director, Angus L. Bowmer; secretary, Miss Frances Hardy of Ashland; treasurer, J. W. McCoy; and business manager, Walter H. Levereite.

Directors are: Ashland, Mrs. John H. Fuller, Mrs. Kenneth Schilling, Dr. Walter Redford, Mrs. Louis Dodge, J. W. McCoy, George A. Briscoe, Robert E. Dodge, G. S. Butler, Ramsay Benson, Senator George Dunn and Dr. E. A. Woods.

Medford directors, Mrs. Charles Lemery, E. H. Hedrick, Mrs. Ethelwyn B. Hoffmann, Mrs. Porter Neff, Mrs. Alice Egan, Mrs. Margaret Fabrick, Mrs. Mabel C. Mack, Mrs. Harry Prentice, Mrs. Glenn Taylor, the Rev. E. S. Bartman and Lieut. Roy D. Craft.

Appointed as publicity committee are William Eberhart, Lieut. Roy D. Craft, Janet Wray Smith and Frances Hardy.

The dramas to be presented this year are Twelfth Night, Romeo and Juliet and The Taming of the Shrew. Added to the large cast of southern Oregon people appearing in the plays will be several experienced amateurs from Seattle, Pasadena and other drama centers.

Rehearsals now under way indicate a success to exceed that of the two previous summers and an increasing interest has been evidenced by dramatists throughout the country. The production is unique, being the only civic Shakespearean theatre in existence.

Judge Raises Umbrella SYDNEY (UP)—Sydney's law courts are famed for their age, their discomfort and their bad roof. Recently rain, finding an entrance to a court where Judge Swift was hearing a complicated property case, forced the judge to say: "Well, there's nothing for it, gentlemen, but to put up an umbrella." He promptly did so.

To Can Famous Fruit BOMBAY (UP)—India's most famous fruit, the mango, is to be canned in a suburb of Bombay. Machinery is being installed and orders for 1,500,000 tins have been placed in England. Half a million of the tins have arrived at the factory. Plans are being made to market the product in the United Kingdom.

Amateur Magician Coughs Up Dime He Gulped 6 Yrs. Ago

LONDON, Ia., July 10.—(AP)—No holdup man told Sam Kinney to "cough up his cash," but he did it anyhow.

Several years ago Kinney swallowed a ten cent piece while performing a coin trick at a party. He felt no ill effects.

Six years and two months later he suffered a coughing spell and up came the dime.

# Dyer Faces Bar Of Justice

Albert Dyer, confessed slayer of three Inglewood, Calif., girls, is shown here as he appeared in Los Angeles court to plead to the triple murder charge. Time for pleading was postponed, however, and two alienists were appointed to examine him. Left to right: Deputy Sheriff Willard Killian, Dyer, Deputy Paul Mahoney, and Public Defender Frederick Vercoe.

# Tokyo's Morality Sinks During Uplift Campaign

TOKYO (UP)—The Tokyo police, after a year of painstaking effort to improve the moral tone of the city, reported somewhat sorrowfully that the past 12 months brought an increase in the number of geisha, taxi-dancers, waitresses and licensed prostitutes.

All of those types of employments came under police scrutiny during the year. Geishas were prohibited from dancing with patrons, dance halls were closed because of the "immoral" behavior of some of the girls, waitresses were watched because of the suspicion that some were helping foreign spies, and houses of prostitution were rigidly supervised.

Police activity in prohibiting bars from serving students and other regulatory measures was regarded as a partial reason for a sharp decline in the number of bars and cafes. Another reason was the expensiveness of those places in comparison to restaurants and "odenyas" where drinks may be obtained at less cost.

The numbers of restaurants and "odenyas," the latter being places specializing in boiled fish, rice and drinks, increased at the rate of seven or eight a day until there was a total of 28,744 of them in operation when the last report was made.

The number of geisha increased by 419 to a total of 10,902. There were 309 additional waitresses, 47 more taxi-dancers, making a total of 983 dance-hall girls, and an increase of 108 licensed prostitutes for a total of 7,411 in that category.

The statistics indicated a decline in interest in exercise, for there were

decreases in the number of fishing ponds where one might fish upon payment of a fee, of pingpong rooms and indoor tennis courts.

Too Late to Classify 20-ACRE TRACT: an abundance of large shade trees, fair improvements some pears, family orchard, commanding view of the valley.

300-Acre stock ranch, 90 acres alfalfa, fair improvements.

Completely furnished bungalow, close in, very fine property, C. S. BUTTERFIELD Medford Bldg.

# Every Morning at Nine

Baby is put into his tub, and splashes to his heart's content in the warm cleansing water. Through the day hot water keeps his hands and face clean and germ-free, even though he is now at the creeping age. And hot water is available at an instant's notice for tiny cuts or sudden colic, or for keeping his clothes immaculate.

That is, of course, all this is true if you have an Automatic Electric Water Heater. Think of a supply of hot water that never fails... constant both day and night. All the hot water you need or want for every purpose. Plenty for dishes three times a day. Plenty for daily washing out of clothes. Plenty for windows and wood-work. A luxury that has become a necessity... that's continuous hot water. Special very low water heating electric rates cost the average family less than 1/2 cent an hour.

The California Oregon Power Company
