Three resolutions were passed at the business session of the U. S. W. V. in the armory this morning. The veterans went on record as endorsing a universal conservation of property and wealth as well as men in time of war.

It was also advocated that property be received by donation if possible, for a national cemetery in each state.

A resolution was passed extending the thanks of all delegates to the people of Medford for their fine reception of the veterans and auxiliary.

Retiring Department Commander Hugh S. Rogers, who presided at all sessions, time and again expressed his thanks to the city for the wonderful reception delegates received, and for the hospitality extended the visitors. It was generally agreed that the encampment was one of the finest ever held by the department and auxiliary.

Following Capt. Overmyer in the lengthy march came the brilliant drum corps of Col. Scott Young number two of Portland. Cavemen Parade. Welding their huge clubs and roaring their pre-historic battle-cries came the Grants Pass Cavemen. They were dressed in their famous animal skins, and were scattered at different points in the parade. The Ashland Kiltie band was next in line, followed by the American Legion and auxiliary, the 40 & 8 "train," the Grants Pass Eagles band, and lastly, the Medford Eagle lodge drill team.

The colorful parade ended the official program for Tuesday.

Sloane moved, and claimed he accidentally took the quilt he thought was his own.

RELIEF COMMITTEE CONFERS HERE WITH GOUDY, STATE CHIEF

The Jackson county relief committee, composed of the county court, and State Senator George Dunn of Ashland, Dr. R. E. Green, John C. Mann and Alfred S. V. Carpenter, conferred today with Elmer B. Goudy, state relief administrator.

Principal business was slated to be the appointment of a new supervisor and executive secretary, to take the place of Miss Otis Brown, who recently resigned, and providing funds under the new law for the care of dependent children. It is estimated the law will entail the expenditure of between \$7500 and \$10,000 per year in this county.

There is also the matter of a medical aide for county relief work. The post was abolished July 1, and was formerly held by Dr. W. W. P. Holt.

"The past two or three months there has been a decline in relief expenditures amounting to about \$1000 per month," County Judge Earl B. Day said. "This is due to seasonal labor, and improved conditions. There has also been less call for hospitalization and drugs for the needy, over the same period."
