BANK BANDITS TAKEN IN WILD CHASE

By H. E. BAURHAGE
(Copyright, 1937, by North American Newspaper Alliance, Inc.)
WASHINGTON, July 15.—Death stepped in just at the moment when Senator Joseph T. Robinson was secretly working on a plan which might have gone a long way to heal the widening breach in the Democratic party. Paradoxically, that interruption, tragic and awesome as it was, may serve the same end.
It has been carefully concealed, but Senator Robinson was negotiating a compromise with the opponents of the court bill. It involved a face-saving withdrawal of the measure and its replacement by a proposed constitutional amendment to be submitted to the people.
For strategic reasons, proponents would not admit that such a step was contemplated. Opponents strongly insisted that they would fight the bill itself to defeat. But it is known that the senator was satisfied that he was making progress on the new compromise.
Incidentally, on the day before Mr. Robinson's death, the president refused to comment on a report that he was willing to withdraw his court bill. A few weeks ago when the same question was posed, he promptly replied that the people wanted the senate to vote on the measure.
True, the hand of the administration's master negotiator is stilled, but the very nature of his death may serve to carry on the spirit of conciliation. Many who followed Senator Robinson's leadership feel that the sacrifice he made was too great. They now feel that party solidarity is too high a price to pay for the passage of the court bill.
A compromise could, at this moment, they feel, be honorably entered into.
One hitherto unreported conversation that took place when a few senators were gathered to discuss the court bill a short time ago is worth repeating now.
"Henry," said Senator Robinson to the silver-tongued Senator Ashurst, "when are you going to make a speech on the bill?"
"I have just come from my doctor," Senator Ashurst answered, "and he told me that I must stop smoking, drinking and making speeches." Then he paused, and in a second, went on.
"Joe, I wish you'd go to see my doctor."

ONE MAN KILLED IN AUTO WRECK DURING GETAWAY

State Troopers Pursue Pair Into Washington—Claim Confession to John Day Bank Robbery of Monday

ARLINGTON, Ore., July 15.—(AP)—The wild western tale of bank robbery, gun fights and death reached its final chapter today with the capture of two men near Bickleton, Wash., and the information a companion lay dead in the hills near John Day.
State police officers, who pursued two suspects across the Columbia river into Washington, held men giving their names as Pat Bushman, 28, Umattila Indian, and Floyd Russell, 20, Columbus, Ohio.
Confession Claimed
State Trooper Willard Tubbs said the men confessed robbing the Grant County bank at John Day Monday night. They said their companion, a man known as Jack David, about 35, died as the result of injuries suffered when their car overturned. The injured man died soon after they dragged him from the highway into the timber near John Day. The men said they were confused and could not remember the exact spot.
Tubbs, with Officer Coopman, sighted the fugitives near here last night. They were riding in the green car (Chevrolet) stolen after they wrecked their own auto.
Fired On Police
One of the men sat in the rumble seat and opened fire on the pursuing police, disabling the patrol car by shooting out the tires.
Mistaken for one of the bandits, Reginald Bass, 23-year-old transient from Michigan, was hit in the jaw and side by a state officer about midnight. He was taken to a hospital at Hermiston where his condition is reported serious. With Charles Hubbard, 21, of Craven, Calif., Bass was en route to Walla Walla in a car similar to the one used by the bandits.
"We heard a noise behind us and thought it was the backfire of a car," Hubbard said. "We did not stop and the next thing we knew there were more shots, five entering the car, some hitting the tender, wheel, cab and gasoline tank."
Hubbard had picked up Bass near Roseburg and they were bound for the harvest fields.
Took to Sailboat
The two fugitives abandoned their car after the brush with police and stole a sailboat, crossing to the Washington side. Oregon police, aided by Washington officers, learned the men got a ride from a farmer. They followed the truck, catching up with it five miles south of Bickleton.
Tubbs said Russell and Bushman offered no resistance. They will be taken to Pendleton, he said.
Three men raided the Grant County bank Monday night, beating the cashier as they forced him to leave his home and open the safe. They obtained about \$3500 in cash and currency but lost all but about \$421 when their car overturned.
When a farmer came to offer help at the wreck, they shot him in the back and then stole an automobile from a John Day couple.
Just before the bank was entered, a barn containing considerable farm equipment and hardware was set on fire. Officers believed the men started the blaze to deflect attention from the bank.
In trying to stop the fugitives last night, the police had the radiator of their automobile riddled in the exchange of shots. They returned to Astington and obtained another car.
SALEM, July 15.—(AP)—Pat Bushman, 28, Umattila Indian and one of two men captured near Bickleton, Wash., in connection with the John Day bank robbery, was released from the Oregon state penitentiary in May this year after serving a term for larceny in a dwelling.
He was received November 16, 1933. Bushman was a "three-time" loser, being sentenced the first time in July, 1928, for larceny and again in November, 1930, for forgery.
The penitentiary has no record of a Jack David, the third member of the alleged bandit crew, who was said to have been left dead.
Boy Stock Expert Mysteriously Shot
BELLEFLOWER, Calif., July 15.—(AP)—Wayne D. Williamson, 18, youthful prize livestock exhibitor, was found shot to death under mysterious circumstances here today.
The Los Angeles sheriff's office said investigation led them to believe young Williamson returning home late, had surprised a prowler on the premises of his father's home and was killed when he sought to investigate.
His body was found, face down, in the barnyard, two gaping shotgun wounds in his left shoulder.
It is estimated that about 100,000 persons in the United States are studying to be nurses.

Soviet Plane at End of Record Flight

The big single-motored plane in which three Soviet aviators set a world's distance record by flying over the polar regions from Moscow is shown at top in a pasture near San Jacinto, where it came to earth yesterday after more than 62 hours in the air. Below are the three Russians as they posed for photographers after being taken to March field. Left to right: Pilot Mikhail Gromoff, Co-pilot Andrei Yumoshoff and Navigator Serge Danilin. (Associated Press Photos by Air Mail to Mail Tribune.)

RUSSIA WARNS FOES THEIR CAPITALS LIE IN EASY AIR RANGE

MOSCOW, July 15.—(AP)—The Communist party newspaper Pravda warned Soviet Russia's "enemies" today that their capitals lie within easy range of Soviet war planes.
The warning, which pointed out the "significance" of the two Soviet non-stop flights from Moscow to the American Pacific coast, was believed by foreign observers to be addressed to Berlin and Tokyo.
Both the Japanese and German capitals lie within 800 miles of Soviet air bases.
"Our industry can produce a many planes as the country needs," Pravda said. "Let this be kept in mind by foreign enemies threatening war."
"Let them remember the distance between here and their capitals is much less than the distance to Portland, Ore., and to San Jacinto, Calif." (The second non-stop expedition landed near San Jacinto yesterday.)
A similar tone was taken by other Soviet newspapers.
Women held every elective office in Spencer county, Indiana.

ORCHARD SOILS SUFFER FROM SPRAY RESIDUES SCIENTISTS INFORMED

CORVALLIS, July 15.—(AP)—Poleonina spray residues, successfully eliminated from fruit before it reaches markets, are becoming increasingly important in old orchard soils, retarding and sometimes preventing cover crop growth, scientists were told today at the 20th annual meeting of the Oregon Agricultural Experiment Station.

Law Catches Up With Bigamist

WINNEPEG, Man., July 15.—(Canadian Press)—George Roediger, 35-year-old meat packer, who police said, married nine wives in New York and Canada in the last 12 years, started a ninth bigamy and theft sentence today.
The trip to the altar which led to his conviction was his marriage to Mrs. Julius Regetnik of McTavish, Man., widow and mother of seven children. Roediger acknowledged the bigamous marriage and theft of \$900 from her.
The reservation is this: A situation may develop by 1940 (Continued on Page Five)

SIDE GLANCES

by TRIBUNE REPORTERS
Postmaster Frank DeSouza telling of his birth and childhood in San Jacinto and recalling the times no lay in the very pasture wherein the Russian birdmen landed yesterday and dreamed of the time when giant machines would soar through the air.
Admiral Ernie West explaining the various navy knots he has on display at his recruiting office in the post office building, emphasizing the supremacy of bluejacket knot-tiers.
Earl York dreamily planning a voyage to the tip of Alaska and hoping the ship has not been booked to capacity.
Max Pierce finally emerging from the obscurity to which he retreated for an undisturbed rest from his arduous traipsing around the state with the Oregon air tour of which he was chief generalissimo.

FAR EAST BREAK HOLDS ROOSEVELT IN WHITE HOUSE

Plans for Weekend Cruise Are Abandoned—Situation in Europe Also Causes Executive Some Anxiety

WASHINGTON, July 15.—(AP)—White House aides said today that President Roosevelt was so concerned over the far eastern situation that he had given up plans for his usual week-end cruise and would remain in the White House.
The situation developing in Europe over the proposed non-intervention patrol of Spanish waters was said to have caused the president some anxiety.
He summoned three diplomatic advisers for conferences on international conditions immediately after lunch. They were John Van A. MacMurray, now ambassador to Turkey but one of the state department's foremost experts on affairs of China, where he was minister for many years; Norman Davis, American "ambassador at large," and Sumner Welles, undersecretary of state.
(By the Associated Press)
Armies of China and Japan were poised today for action in north China if the crisis there developed into widespread conflict.
There had been no serious fighting in the area surrounding Peiping for 48 hours, but:
The Chinese government's foreign office spokesman in Nanking said the government had ordered reinforcements to north China to support the 29th army, which has been fighting Japanese troops for the past week.
The spokesman said six divisions (about 80,000 men) were standing by "somewhere in north China."
The Japanese war office announced in Tokyo that troops will be dispatched from Japan proper to north China to aid Japanese troops regularly garrisoned there and units of the Japanese army in Manchuria rushed to the battle area last week.

MAY RESUBMIT KELLAHER CASE

SALEM, July 15.—(AP)—District Attorney Lyle J. Page said today the case of Dan Kellaher, Portland, ex-state parole officer charged with offering to accept a bribe, may be resubmitted to a grand jury because of new evidence.
If the case is not resubmitted, it will be tried soon, page said.
Kellaher was indicted almost two years ago and is free on bail. He was accused of entering into a contract with L. A. Banks under which Kellaher was to receive compensation for his influence in obtaining a pardon for Banks, who is serving a life term for murder in Jackson county. Banks is in the state penitentiary.

GIRLS ESCAPE FLAMING DEATH

ROSEBURG, Ore., July 15.—(AP)—Eleanor Leonard and Betty Coombs, both of Hubbard, Ore., escaped last night from a horrible death, after they were trapped in an overturned, flaming automobile. A man whose name was not learned and Harold Harbour, Greyhound stage driver, arrived on the scene in time to drag the girls from the wreckage before they were burned. The blaze was extinguished by Harbour.
The car, registered to Lester C. Lawson of Hubbard and Los Angeles, skidded off a turn on the Pacific highway at Deady, about 10 miles north of Roseburg. A passing motorist and the stage driver reached the wreck within a few seconds and dragged the terrified, screaming girls from the wreck, which had broken into flames. Harbour stopped the blaze with a chemical extinguisher from his stage.
Miss Leonard and Miss Coombs, who suffered only minor injuries, returned to Hubbard this morning.

20 MINERS KILLED IN BLAST, FIRE

SULLIVAN, Ind., July 15.—(AP)—Twenty men were killed today by explosion and fire in the Glendora coal company's Baker mine, north-east of here, Jack Ogilvie, safety engineer of the Indiana Coal Operators' association, said this afternoon.
Three bodies have been recovered and 17 additional bodies are piled in a corner of the mine shaft according to Ogilvie. He said the 17 bodies could not be brought out until carbon monoxide gas cleared from the shaft.
Harry Keenan, mine superintendent, said 203 men were in the mine when the explosion occurred and that all except 20 came out alive. Three of those carried out alive were critically injured. Keenan said, and six suffered slight wounds.

California Grabs Lemon Carried by Russian Birdmen

SAN JACINTO, Calif., July 15.—(AP)—California welcomed the Russian fliers, but not the sack of fruit they carried over the top of the world.
The proud Soviet monoplane had hardly landed in a cow pasture here when a state agricultural department inspector appeared.
He entered the cramped control cabin. He spied the suspicious sack.
Gingerly, he extracted half of a thoroughly sucked lemon and confiscated it under the state quarantine act.
"I'm through with it," chuckled pilot Mikhail Gromoff in Russian.

ROUND OF SIGHTSEEING PLANNED BY RUSSIANS BEFORE RETURN HOME

SAN DIEGO, Calif., July 15.—(AP)—The newest flying heroes of the Soviet union, a non-stop record of more than 6,780 miles from Moscow to San Jacinto, Calif., to their credit, started out today to inspect American airplane factories and the world's movie capital, Hollywood.
The Russian conquerors of time and space, Pilot Mikhail Gromoff, Co-pilot Andrei Yumoshoff and Navigator Serge Danilin, motored here last night from March field, U. S. army base to which they were taken after landing in a cow pasture.
The fliers were to attend a civic luncheon today, then motor to Los Angeles for a welcome from officials of the army and navy, representatives of the aircraft industries and city authorities.
Tentative plans called for one or two days in Los Angeles, then an overnight train ride for a day's visit in San Francisco. From there the aviators plan to fly a commercial transport plane to Washington, thence to New York, where they probably will sail for Russia, July 23.

AGREE TO DELAY CLIFTON HEARING

Clair Enos Clifton, bookkeeper, charged with a serious statutory offense against his own 10-year-old daughter, was arraigned in justice court late yesterday, and by stipulation between the district attorney and Attorney George A. Coddling, counsel for Clifton, it was agreed to defer the matter of a preliminary hearing for a few days.
Clifton is held in the county jail. The complaint was filed by his wife, Miss Dennis, in private life the wife of J. Von Herberg, Seattle theatre magnate, said Miss Enari's husband, George Putnam, had appealed to her in a series of long distance telephone conversations and sent her a pair of Miss Enari's stockings and a handkerchief of Miss Enari's navigator, Frederick J. Noonan, to aid her psychic efforts.

FAST FREIGHT SERVICE INAUGURATED OVER S.P.

SAN FRANCISCO, July 15.—(AP)—The Southern Pacific company announced inauguration today of a fast freight overnight service between San Francisco and southern Oregon points, cutting 21 hours from the previous schedule on deliveries in Klamath Falls.
Freight collected in San Francisco and Sacramento in the evening will arrive in Ashland at 8:45 a. m. the next day, in Medford at 10:45 and in Grants Pass at noon.

Newton D. Baker Has Brain Clot

SARATOGA SPRINGS, N. Y., July 15.—(AP)—Newton D. Baker, Cleveland, Ohio, lawyer and secretary of war under President Wilson, is suffering from a "slight cerebral thrombosis," an attending physician said today.
The condition, also described by the physician as "a vascular accident," was said to be "clearing up rapidly."

ROBINSON'S DEATH STARTS FIGHT FOR POWER IN SENATE

Leaderless Democrats Divide Into Two Factions—Administration Supporters Will Push Court Plan

WASHINGTON, July 15.—(AP)—Four first term Democratic senators discussed the administration court bill with President Roosevelt as the White House today and immediately afterward foes of the measure hinted at a major break in the court fight. The four senators—Gillette, of Iowa; Andrews, of Florida; Johnson, of Colorado, and Brown, of Michigan—refused to say anything more than that they had discussed the court bill with the president.
Reports quickly spread among their colleagues, however, that they had urged the chief executive to withdraw the bill and at least three of them told him flatly they were against it.
WASHINGTON, July 15.—(AP)—Senate Democrats, leaderless and confused, divided today into two factions fighting for control of the party machinery and the legislative program.
The unexpected death of Senator Joseph T. Robinson of Arkansas, for 15 years the party leader, left administration supporters determined to push through the court bill and such other Roosevelt proposals as the wage and hour and housing bills. Democrats opposed to the court measure and some who previously had been critical of the Roosevelt program urged speedy adjournment of congress.
The actual opening of hostilities was postponed until after burial of the beloved leader.
Leaders of both parties conferred today on arrangements for the service here—the 14th of its kind in 70 years—in the gold and marble senate chambers.
Forty-five senators and 23 representatives (Continued on Page Three.)

AMELIA ALIVE SAYS PSYCHIC FRIEND OF MISSING AIRWOMAN

SEATTLE, July 15.—(AP)—Gene Dennis, internationally noted Seattle psychic, said today her girlhood cross-street neighbor, Amelia Earhart, is alive and safe on a South seas island and will be rescued "possibly this week-end."
Miss Dennis, in private life the wife of J. Von Herberg, Seattle theatre magnate, said Miss Earhart's husband, George Putnam, had appealed to her in a series of long distance telephone conversations and sent her a pair of Miss Earhart's stockings and a handkerchief of Miss Earhart's navigator, Frederick J. Noonan, to aid her psychic efforts.

CONVICT RAPIST FOR THIRD TIME

DECATUR, Ala., July 15.—(AP)—A verdict of guilty with the death penalty against Clarence Norris was returned today by the ninth jury to sit in judgment of the "Scottsboro case" involving an alleged gang attack of two white women by nine negroes.
Norris twice previously was condemned to the electric chair, but each time the United States supreme court saved him.
The panel of 12 white men took the case at 10:30 a. m., deliberating four hours after a demand from prosecutors that Norris be sent to the electric chair as "a warning to other rapists."
There was no demonstration in the court room.
Judge W. W. Callahan announced he would sentence Norris next week, probably Thursday, when the case of Charlie Weems is scheduled for trial.
Samuel S. Leibowitz, New York attorney and chief of defense counsel, said he would "appeal the sentence to hell and back."
