SEIZURE INSURES LANDING SPOT FOR 35,000 SOLDIERS
Four Troop Transports Expected Thursday—Extensive New Japanese Troop Movements Are Reported

WASHINGTON, July 20.—(AP)—Some days ahead of his schedule, Vice-President Garner returns to the Washington scene to knit the administration's raveled sleeve of care, as this column said he would.

Mr. Garner would have come back under his own power within a fortnight even if the situation arising out of Senator Robinson's death had not developed. He had already begun to receive the barrage of letters from Washington, a part of the direct-by-mail campaign which was mentioned along with the same advice that predicted his return.

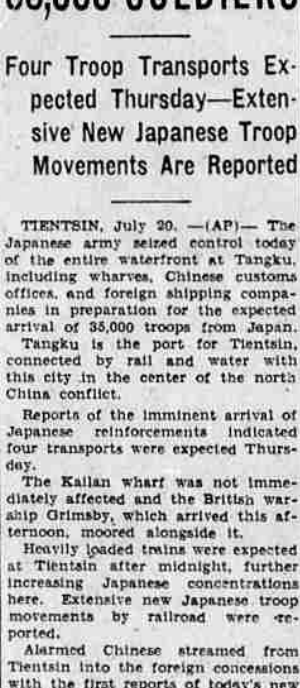

Long before he reached the banks of the Potomac, the vice-president learned the painful details of the situation on Pennsylvania avenue (both ends) first hand from the president's personal representatives Postmaster-General Farley, Under-Secretary of the Interior West and the assistant to the attorney-general, Keenan.

When he talked to this carefully selected trio at Little Rock, he was told two things:

That it would be nice if Senator Barkley, closely associated with the White House in the court fight, were elected majority leader of the senate, but that this desire was not to be

Broun Terms Wm. Green Main Obstacle of Labor

NEW YORK, July 20.—(AP)—William Green, president of the American Federation of Labor, was described here by Roywood Broun, president of the American Newspaper Guild, as the "greatest single obstacle in the path of the labor movement."

The New York newspaper columnist made the statement yesterday in a counter attack against the federation head, who had asserted Broun was a "communist stooge" in a verbal volley he fired at the guild's switch from the federation to the C. I. O.

Broun said he favored an immediate referendum vote of the "rank and file membership" of the guild on whether the organization should remain with the C. I. O.

The switch to the C. I. O. was voted by delegates at the national guild convention in St. Louis recently. The convention also endorsed the Spanish loyalist cause.

Broun expressed personal approval of the Spanish resolution because "I feel that trade unionists cannot afford to remain indifferent to the fate of trade unionists in other parts of the world."

"However," the statement added, "we must remember our main objective, and that is to stay in the C. I. O."

Replying to Green's accusation that he was selling newspapermen "down the river," the party columnist said: "I would like to thank him (Green) for clarifying the questions on which the American newspaper guild is about to vote. He has stated the issue correctly—it is Green or the guild."

SHUTDOWN DELAYED

Meanwhile, on Capitol Hill senate court bill opponents abandoned their plan for an immediate showdown on the court bill.

After an hour's conference with a score of leaders of the opposition, Senator Wheeler (D., Mont.) announced it had been decided that when the bill comes up in the senate again "we are going to continue to discuss the measure."

The developments at the White House and the capitol came almost simultaneously when administration and opposition leaders returned to work after their journey to the funeral of the late Majority Leader Robinson in Arkansas. They returned here last night.

Yesterday, some of the opposition leaders had said there was strong likelihood that they would move when the senate convened today, to send the court bill back to the judiciary committee.

JUNE EARHART IS KIN TO MISSING AVIATRIX

Miss June Earhart, anesthetist and member of a pioneer family of this city and county, is related to Amelia Earhart Putnam, famed aviatrix officially recorded as lost in the south seas, the local woman revealed today.

Miss June Earhart's father and Amelia Earhart's grandfather were brothers. The former does not know what the relationship is. The two women never met.

TOM DELZELL IN DAM CHIEF RACE

WASHINGTON, July 20.—(AP)—Congressman Walter M. Pierce of La Grande, Ore., demanded elimination of "petty jealousies between states" today in the consideration of candidates for administrator at Bonneville dam.

The former Oregon governor, now representative of the second congressional district, said reports from Oregon that he favored the appointment of J. D. Ross of Seattle prompted him to make the statement.

He received a telegram from Claude Kemp of the Oregon Jackson club asking "which state do you represent, Oregon or Washington?" The congressman remarked that although he felt Ross was well-qualified he had made no commitments.

Mrs. Honeyman said she had received scores of letters supporting three Portland men—C. C. Hockley, state FWA administrator and engineer; Z. G. Robinson, engineer, and Tom Delzell, formerly of the Oregon-California Power and Light company of Klamath Falls and Medford.

ADMINISTRATION SPOKESMAN SAYS PLAN IN WIND TO WIN SUPPORT OF FOES OF PRES-ENT MEASURE IN SENATE

WASHINGTON, July 20.—(AP)—An administration spokesman said today that a new compromise court bill possibly would be offered to win the support of opponents of the measure now before the senate.

The official, who would not be quoted by name, said there was very decided belief all around that the bitter contest over court reorganization in the senate would "work out surprisingly satisfactory to all concerned."

He expressed these opinions after Vice-President Garner had spent more than an hour at the White House with President Roosevelt.

HEART PARALYSIS ENDS CAREER OF MARCONI IN MIDST OF EXPERIMENTS

ROME, July 20.—(AP)—The Marquis Guglielmo Marconi, who invented wireless telegraphy when he was only 21 years old, died unexpectedly at 3:45 a. m. today (9:45 p. m., Monday EST) at the ancient palace in downtown Rome where he lived and worked.

The 63-year-old conqueror of the ether died quietly of heart paralysis. His widow, the Countess Cristina Bevilacqua, was at his bedside. She had been called back from the seaside resort of Viareggio when he began to feel ill yesterday morning.

His daughter, Elettra Elena, whose godmother is Queen Elena of Italy, will return to Rome for the state funeral. Today is her eighth birthday.

Condolence from Duce. Premier Mussolini, whose ardent supporter Marconi had been, was notified of the death immediately. He dispatched a telegram of condolences and later went to Marconi's home in the Via Condotti and paid his respects beside the body.

Mr. Duce approached the bed, which was lighted at the four corners by tall candles. He paused, then bent down and kissed the dead man on the forehead.

The first intimation that Marconi was not feeling well came yesterday afternoon when he was forced to cancel an appointment with Mr. Duce.

Pope Pius XI, with whom the inventor had had a long audience Saturday concerning the new radio station he was building for the Vatican, was notified by telephone at his summer residence at Castel Gandolfo. He sent a special blessing to the inventor.

Close to Pope. Marconi had been closely associated with the pontiff. He installed the first radio station at the Vatican and when it was inaugurated in 1931 it was Marconi who introduced Pius, the first pope ever to speak over the radio.

CHICAGO OFFICERS ARE EXONERATED BY CORONER JURY

CHICAGO, July 20.—(AP)—A coroner's jury returned a verdict of a "justifiable homicide" today in reporting on the deaths of 10 persons slain in the Memorial Day steel strike in South Chicago.

The jury, comprising six unemployed members of the American Legion, deliberated slightly less than an hour. Presentation of evidence required six days.

In each of the 10 fatalities the jurors found the "decease came to his death from bullet wounds inflicted by an unknown police officer."

"We believe that the death of (name) was justifiable homicide," the jury announced in each case.

Group Armed. The jurors said they found that the victims came to their deaths while marching with a large body of "well armed" persons attempting to "force their way" through police lines to reach the plant of the Republic Steel corporation.

During the inquest several policemen testified to having been clubbed and struck by stones, and other witnesses testified the first shot was fired from the marchers' ranks.

Four attorneys represented the steel workers' organizing committee during the inquest conducted by Coroner Frank J. Walsh with Assistant State's Attorney Mal Coghlan and Chief Deputy Coroner James Whalen questioning most of the witnesses.

Neither the union attorneys nor the prosecutor made any immediate comment on the verdict. The inquest had been adjourned since shortly after the battle until the last session began July 14.

Pictures a Feature. The ten killed in the battle in which more than 100 were injured were Sam Popovich, Earl Handley, Otis Jones, Joseph Rothmund, Kenneth Reed, Anthony Taglieri, Leo Francisco, Leo Tisdale, Hilding Anderson and Albert Kauey.

Officials said the adjournments were taken so the inquest sessions would coincide with the investigation conducted in Washington by the La Follette liberties committee and the state's attorney here.

A high point in both the inquest and the senate committee hearings was the showing of a Paramount awareness of the battle, the only professional motion picture obtained.

DETROIT, Mich., July 20.—(AP)—Common Pleas Judge Ralph W. Liddy today ordered eight individuals and the Ford Motor company as a corporation, held for trial in the Wayne county circuit court, on an assault warrant based on the riot at the Ford plant gates May 26.

The formal charge was assault with intent to do great bodily harm less than the crime of murder, in connection with the beating of United Automobile Workers members attempting to distribute union literature near Ford's River Rouge plant in suburban Dearborn.

Judge Liddy acted after hearing evidence that William Merriweather, on whose injuries the warrant was based, suffered two broken vertebrae. He said he found "probable cause" has been established against all of the defendants.

Individuals held for trial in the court's September term are Everett Moore of the Ford service department which polices company property; Wilfred Combs, Samuel Taylor, Winston Barkman, Charles Goodman, Oscar Jones and Theodore Orist, all Ford employees; and Russell J. Elick, former newspaper circulation employee.

A ninth defendant, Angelo Caruso, has disappeared.

445 NOW EMPLOYED BY MEDFORD CORPORATION

Payroll of the Medford Corporation (Owen-Oregon Lumber company) today contained the names of 445 employees, in all departments. This is not as high as at one period before the depression, but the highest since that event. Today was payday.
