CHINESE ARMY REMOVAL COMPLETED

By H. H. BAUKHAGE
 (Copyright, 1937, by the North American Newspaper Alliance, Inc.)
 WASHINGTON, July 23.—When Vice-President Garner took off his coat and went to work at his repair job on the administration's senatorial machinery, he made it plain that he wasn't signing up for an all-Summer job.

The first thing he did was to state his views privately to the effect that, if he had his way, he'd close up shop and let everybody go home and tell the folks how prosperous they had become under the New Deal.

He agreed, however, after an intimate conference with administration leaders, to attempt one more first.

It was to try to push through a plan which he had suggested and which the administration liked any way, according to those who are in position to speak with assurance on the administration's preferences. But, for a very delicate reason, it had not been feasible to insist on this particular proposal while Senator Robinson was alive.

The plan, it can be authoritatively stated, was a bill the vice-president felt might be jammed through the senate with immediate adjournment thereafter (or at least a recess) as the price.

It would create an eleven-man court, an associate justice for each of the ten judicial circuits, with the chief justice over all.

A constitutional amendment would then be offered setting the retirement age of justices at 70.

This is the point that worried Mr. Robinson's friends:

It was considered probable that an effort would be made to provide that all appointments to the supreme bench thereafter be regional. The candidate would have to come from the geographical area within the circuit to be vacated. That would have eliminated Senator Robinson. Associate Justice Butler presides over the eighth circuit which includes not only his native state of Minnesota but Arkansas as well.

State Department Representative Leo Sturgeon, now in Alaska with the bureau of fisheries expedition, is about ready to pick a bone with the Japanese. A fish bone.

Mr. Sturgeon has just made a flight over Japanese fishing boats licensed for fishing in Alaskan waters. The report of what he has seen reached Washington, but, if it supports the

HIGH GUARD OFFICERS HERE FOR CONFERENCE

Major General George A. White of Salem, commander of the 41st Infantry, Oregon National Guard and Colonel Ralph P. Coggill of Portland of the 156th Infantry, were in Medford for a short time this afternoon conferring with Captain Carl Y. Tengvald of the local guard unit and Major William H. Ellenburg of the 162nd Infantry.

The officers discussed plans for the coming fourth army maneuvers to be staged at Ft. Lewis, Wn., next month.

PAGEANT AT EUGENE LAUDED BY MARTIN

SALEM, July 23.—(AP)—Governor Martin, who returned early today from the Oregon Trail pageant at Eugene, said the pageant was "every bit as good as the show celebrating the opening of the Golden Gate bridge in San Francisco."

"The Eugene pageant was well handled, and was run off smoothly. It was very interesting."

NEW DEAL IS MAIN ISSUE
Gotham Mayoralty Race

NEW YORK, July 23.—(AP)—The new deal became the major issue in New York's mayoralty campaign today as Republican and Democratic leaders seized upon it in hectic internal struggles for control of party machinery in 1938 and 1940 national elections.

Last night's triumph of Tammany leader James J. Dooley, in getting Tammany endorsement for U. S. Senator Royal S. Copeland, new deal foe, after a bitter pro-new deal revolt within Tammany, removed any doubt that local issues would be submerged at least in the primary fight. The election takes place November 9.

The situation shaped up today as follows:
 Democratic party: Grover A. Whalen, one-time greeter of celebrities and now president of the New York World's fair commission, is candidate of the four pro-new deal county organizations of the city. In Tammany controlled New York, he will be back in the primaries by a powerful

COMPLIANCE WITH NIPPONS DEMANDS PEACE HOPE BASIS

Invaders Considered Withdrawn Division Anti-Japanese — 12,000 Fresh Troops to North China

PEIPING, July 23.—(AP)—Japanese army officers tonight announced the withdrawal of the Chinese 37th division southward from the Peiping area had been completed. This constituted Chinese compliance with the Japanese demand most vital to immediate restoration of peace in North China.

The final units of the division, which belongs to the 29th army under General General Sung Chih-Tsun, left the Peiping area at 6 p. m. today (3 a. m. E.S.T.), the Japanese said.

Spokesmen for the Japanese military said they considered the 37th division "anti-Japanese, for which reason it was impossible for it to remain in Peiping."

(The 37th division, commanded by General Fong Chih-an, contains many officers who formerly served against Japanese in Manchuria and are unreciprocated to Japan's conquests).

Japanese officers said that the heavy reinforcements of their forces in North China in the last two weeks was "for the sole purpose of safeguarding Japanese lives and property and also supervising Chinese execution of the recent agreements."

(Most reliable reports indicate that Japan has sent about 12,000 fresh troops into North China to reinforce the garrison of 7,000. Various Chinese reports of Japanese preparations to land 35,000 men northeast of Tientsin or of actual arrivals of Japanese troop ships at Tientsin have not been confirmed.)

(The Japanese assert the cessation of fighting around Peiping is based on an agreement reached July 19 at an undisclosed place between their officers and General Sung Chih-Tsun, who, in addition to commanding the 29th army, is chairman of the Hopen-Chahar political council).

Some Chinese still feared that a major Japanese drive was impending against North China.

PORTLAND ENJOYS FLEET WEEK GOIN

PORTLAND, July 23.—(AP)—Vacation travel and several thousand visitors for the "Fleet Fiesta" sent Portland retail trade bounding 15 to 18 percent above the same period a year ago, Dun's weekly review said today.

Unsettled conditions created by prospective price changes depressed many lines of wholesale trade. The activity, however, is still running 10 to 15 percent better than 1936.

The sale of agricultural implements gained from 25 to 30 percent.

Manufacturers of sport clothes reported receiving numerous repeat orders.

Collections continued generally good.

KIWANIS MEMORIAL TO PEACE UNVEILED

LACOLLE, Ore., July 23.—(UP)—Kiwans clubs of the United States and Canada today unveiled a memorial to the century of peace between the two countries as a "lesson to all nations."

The memorial is 50 feet north of the boundary line which for more than 100 years has been unfortified.

No New Romance

Eleanor Holm Jarrett, swimming star, disclosed in Cleveland, Ohio, she had discussed a divorce with her crooning husband, Art Jarrett, but insisted it did not mean a new romance. She appears daily at the Great Lakes exposition there. (A. P. Photo).

HEATED MIDDLE WEST PROMISED RELIEF BY SHOWERS AND BREEZE

CHICAGO, July 23.—(AP)—Relief from July's second heat wave was forecast today for the shimmering middle west.

The heat onslaught, rolling eastward, boosted temperatures toward the upper nineties but forecasters said rains and shifting winds would bring cooler weather from western Canadian provinces in close pursuit.

Thunderstorms were predicted for a large portion of the midwest. Meteorologist J. R. Lloyd of the Chicago wheat bureau said the siege would not last long.

Continued fair weather "with little change in temperature" was forecast, however, for several northwestern states.

At Washington, the census bureau attributed an increase in deaths during the week ended July 17 to the month's first heat wave. Deaths in 88 major cities, a bureau report said, were up 16 percent over the previous week with Atlantic seaboard cities showing the largest increases.

The 12-day heat wave early in July mainly affected the northern tier of states from the Rockies to the 400 deaths.

CAR PLUNGES OFF COASTAL HIGHWAY

CORVALLIS, July 23.—(AP)—B. L. McCue, city clerk at Colusa, Cal., said his bride suffered serious injury today when their automobile plunged down a 75-foot embankment on the Oregon coast highway.

Only huge boulders prevented the car from rolling into the ocean.

Doctors at a Waldport hospital reported McCue's chest crushed and he received possible internal injuries.

Mrs. McCue suffered a compound fracture of the knee, a broken elbow and arm. X-rays will be taken to determine if there are internal injuries.

Neither is able to say how the crash occurred.

BASEBALL

National
 NEW YORK, July 23.—(AP)—After spotting their rivals three runs in the first three frames, the Chicago Cubs clouted King Carl Hubbell for an 11 to 3 victory over the Giants in the first game of their series for the national league leadership.

The score:

New York..... 6 13 3
 Chicago..... 9 13 1
 Ruffing, Makocky and Dickey; Whitehead, Brown and Bersell.

MOTHER MURDERS FOUR CHILDREN; TAKES OWN LIFE

Woman Despondent Over Illness Stabs Tots With Ice Pick—Note Left On Door for Family Doctor

FLAGSTAFF, Ariz., July 23.—(AP)—Mrs. Marie Walkup, wife of James Walkup, chairman of the Cocoono county board of supervisors, strangled and stabbed her four children to death and then shot and killed herself during the night, Justice of the Peace Max Miller said this morning following the discovery of the woman's body near the Flagstaff golf course.

The bodies of the children—Danny, 10; Rose Marie, 8; Jackie, 5, and Phoebe, 2—were found in their beds in the family home.

Three of them had been stabbed in the heart twice with an ice-pick, while the fourth, Coroner Miller said, but the fourth, Rose Marie, evidently awoke and put up a struggle.

Dr. M. G. Fronske, family physician said Mrs. Walkup had been despondent over an intestinal ailment and expressed fear the children had contracted it.

The physician said she telephoned his home last night and asked him to call this morning, emphasizing the fact she did not want him last night.

A note addressed to Fronske and found on the front door, said: "Please step into the bedroom."

Another note, to the husband, read:

"Because of my lack of discipline, the children are happier to go this way. Only grief would come to them. You are strong in faith, never doubting—mercy, mercy to my people. I loved you and I have failed."

A coroner's jury returned two verdicts—one that the children had been "strangled and stabbed to death by their mother, Mrs. Marie Walkup," and the other that she committed suicide.

BARTLETT PICKING DUE ABOUT AUG. 15

Harvesting of the Bartlett pear crop of the Rogue river valley, estimated by packers and growers at 17,000 tons, or 25 percent less than last year, will start between August 15 and 20. This is from a week to ten days later than in some years. Growers are anxious for an early picking, because it provides a longer selling season.

No canner price has yet been mentioned, but field men of Williams valley canneries have looked the situation over the past ten days. It was reported a block of California Bartletts had been sold for \$35 per ton. Some growers predict the local price will be between \$30 and \$35 per ton.

Heaviest irrigating of the season continues in the orchards, with ample supply of water, according to Glen Arnsperger, irrigation district manager. Truck gardeners and farmers are also heavy users at this season.

CCC YOUTH FALLS IN RIVER, DROWNS

Jack A. Tscherner, 19, a CCC enrollee from Palo Alto, Cal., was drowned last night in the Salmon river in the lower Klamath region, Medford headquarters were informed this morning.

Tscherner was a member of company 920 at Camp Orleans near Eureka, Cal., but was on duty with the Forks of Salmon side camp. He was returning to camp with a companion from a fishing party last night when he lost his footing and fell from a bluff into the river.

His companion summoned help and Tscherner was pulled from the river in less than 10 minutes. Two hours of resuscitation measures, however, failed to revive him, headquarters were told.

The victim was a son of Mrs. Amelia Tscherner of Palo Alto.

L. L. Deal Resigns As Grants Pass Coach

GRANTS PASS, July 23.—(AP)—L. L. Deal, Grants Pass high school track coach and commercial instructor, has resigned to accept a position at Armstrong Business College in Berkeley, Calif., where he will coach basketball. Hagen Moore, history and English instructor, has resigned to join the Baker high school faculty.

MONARY RESERVES SEAT FOR TRIP HOME AUG. 5

WASHINGTON, July 23.—(AP)—Republican Leader Charles L. McNary of the senate said today he was making his train reservation to leave for home August 5 and would not change them.

ALASKANS UNAWED BY 9-HOUR SERIES OF EARTHQUAKES

Considerable Damage Reported—Bottled Liquor Stocks Hit Hardest—Big Slide Covers Highway

WASHINGTON, July 23.—(AP)—The Alaska communications system office in Seattle reported to the war department today that the earthquake felt in many sections of Alaska yesterday had caused considerable damage.

Stores and homes were shaken. The greatest damage done, the message added, was to bottled liquor stocks.

The road commission reported the quake had caused a slide in the highway 32 miles south of Fairbanks 3000 feet long and several cracks had opened in the earth between the slide and Fairbanks. The cracks were from six inches to two feet wide.

The communications office said the only damage to buildings was broken windows and cracks in plaster.

The tremors apparently were more severe on the highway south of Fairbanks, the message said. The road to the 18-mile roadhouse was closed because of damage to a bridge and an earth slide.

PAIRBANKS, Alaska, July 23.—(AP)—Alaskans displayed a jaunty indifference today to the greatest earthquake disturbance ever recorded within the territory.

For nine hours yesterday many shocks, four of them severe, occurred over the interior from Fairbanks 300 miles south of Anchorage.

During the disturbance utility companies, banks and business houses carried on business as usual. Only the liquor store failed to operate. The earth shocks toppled bottles off shelves and broke them.

Telephone lines broken during the first shocks were hastily repaired and service restored.

An unconfirmed report said several houses were demolished and one person injured when a giant earth slide swept across 3000 feet of the Richardson highway.

After citizens rushed out of their homes by an early morning earth shock that awayed several buildings, they paid little heed to the recurring shocks.

The U.S. weather bureau said the earth shocks were very severe south of here along the highway, which was cracked in some places from four to 12 inches. The bureau said the disturbance was "greatest on record."

Earthshakes cut off about 20 families vacationing at Harding Lake, nearby resort, but all were believed safe.

Black rapids glacier, whose movement has been accelerated in the past by earthquakes, was believed unaffected by yesterday's shocks.

Court Plan Substitute Not Sufficient Is View Expressed by Roosevelt

President Convinced Country Wants Full Assurance of Continuity Toward Better Judicial Mechanism

WASHINGTON, July 23.—(AP)—President Roosevelt said at his press conference today he has not yet considered the appointment of a new supreme court justice to fill the place made vacant by the retirement of Justice Van Devanter.

WASHINGTON, July 23.—(AP)—A high administration official represented President Roosevelt today as believing further legislation than offered by opponents of his original court bill would be necessary to accomplish his broad court reorganization objectives.

Up to Congress

Notwithstanding the action of the senate in killing the administration's court program, the administration spokesman said the president felt that some progress has been made toward those objectives.

But, it was added, it will be up to congress to decide whether reasonable legislation is to be enacted.

The president was convinced, this spokesman added, that the country wants assurance of continuity toward the general objective of a better performance of the judicial mechanism.

President Roosevelt declined, meanwhile, to comment publicly at his press conference on the court contest in congress.

He was asked if he contemplated a further campaign for his objectives and discussed the question good humoredly with the assertion that he has not done any campaigning.

Throughout the crowded press conference the chief executive was smiling and good natured.

Burke Sees F. R.

Possibly indicating a conciliatory attitude between the factions in the court bill fight was the fact that Senator Burke (D. Neb.), a leader of the opposition, called upon the president during the morning.

Later, Burke said he was "glad to have discussed with the president what the judiciary committee is starting to do to accomplish as many objectives outlined by the president as possible."

BONNEVILLE DEBATE WAXES HOT IN HOUSE

WASHINGTON, July 23.—(AP)—Upper Colorado river basin states representatives precipitated heated debate today as the house began consideration of Bonneville dam administrative legislation by objecting to a rider which would permit revision of Boulder dam power rates.

Representative Robinson (D. Utah) said there was no place in the bill for Boulder legislation; that the attempt of California representatives to "slip through" the rider was a breach of "good faith."

PORTLAND, July 23.—(AP)—B. F. Irvine, editor of the Oregon Journal, retired today after nearly 30 years of service.

One of the best known figures in western journalism, Irvine chose the day after his 75th birthday for his retirement from the editorship of the newspaper with which he had been associated almost from the time 33 years ago when C. S. Jackson moved from Pendleton to Portland to take over direction of the Oregon Journal.

His decision was announced in a letter addressed to F. L. Jackson, who succeeded his father as publisher and who will become Irvine's successor.

Irvine, whose career from an editorship at Corvallis to the editorial command of the Journal was made the more remarkable by his loss of eyesight many years ago and his direction of the editorials of a metropolitan newspaper despite this misfortune, began his letter:

"My dear Phil:

"Saying he wanted to be relieved, Irvine wrote:

"I do so in order to have time to take a more personal part in meeting the increasing demand for the paper to participate in movements, meetings and campaigns in nearby and more distant communities for local advancement.

"This and other editorial service by the Journal is part fulfillment of the objectives of the late C. S. Jackson, founder of the Journal and a newspaper man of rare gifts and purpose."

Irvine, who has frequently appeared through the Oregon country as a speaker upon public affairs, indicated he will continue this work in behalf of the newspaper.

The retiring editor said that he sought "success in the exacting and time-consuming duties of the editorship that I may more closely

MILL MISHAP FATAL FOR DEER CREEK MAN

GRANTS PASS, July 23.—(AP)—Fatally injured in an accident at the Craig and Christie sawmill on Deer creek, Verl Gilford Veach, 28, died in a hospital here yesterday. He was born at Mohawk, Ore., and is survived here by his father, George M. Veach, and sister Estella Eakin.

NOMINATE SUCCESSOR TO SENATOR ROBINSON

LITTLE ROCK, Ark., July 23.—(AP)—The Democratic state committee today nominated Gov. Carl E. Bailey for the U. S. senate vacancy created by the death of Joseph T. Robinson.

Irvine Quits Editorship After 30 Years Service

PORTLAND, July 23.—(AP)—B. F. Irvine, editor of the Oregon Journal, retired today after nearly 30 years of service.

One of the best known figures in western journalism, Irvine chose the day after his 75th birthday for his retirement from the editorship of the newspaper with which he had been associated almost from the time 33 years ago when C. S. Jackson moved from Pendleton to Portland to take over direction of the Oregon Journal.

His decision was announced in a letter addressed to F. L. Jackson, who succeeded his father as publisher and who will become Irvine's successor.

Irvine, whose career from an editorship at Corvallis to the editorial command of the Journal was made the more remarkable by his loss of eyesight many years ago and his direction of the editorials of a metropolitan newspaper despite this misfortune, began his letter:

The retiring editor said that he sought "success in the exacting and time-consuming duties of the editorship that I may more closely

2 WOMEN KILLED IN AUTO SMASHUP AT MOUNT ANGEL

Two Men May Die From Skull Fractures—Auto On Wrong Side of Highway Is Blamed for Accident

MT. ANGEL, July 23.—(AP)—Two women were killed and two men may die as a result of an automobile accident near here last night. Ten adults and three children were occupants of the two machines. Most of the injured are in the Silvertown hospital.

The dead: Helen Claypole, 22, Hubbard; Ione des Boullions, 23, Portland.

May die: Paul R. Walberg and Richard Jack Howe, both of Portland.

Injured: C. J. Bradley, Vernonia; Mrs. Beulah Bradley, his wife; Marion Banks; Mr. and Mrs. Clair Carriker, Roy Kelly, Alice, 8, Earline, 4, and Samuel Bradley, 23 months, all passengers in the Bradley machine.

Helen Claypole, recently divorced from Wilbur Bevans, died of a broken neck before she reached the hospital. She was driving the machine in which the four most seriously injured were riding.

Mrs. Des Boullions, married June 12 to Francis Des Boullions, received a fractured skull and died at the Silvertown hospital this morning. Walberg and Howe are both in the Woodburn hospital with fractured skulls and are not expected to live. In addition Howe had several broken ribs.

The accident occurred at 10:18 o'clock last night on the Mt. Angel-Woodburn highway about a mile north of Mt. Angel.

State police said the four persons in the Claypole automobile were on their way to Silvertown to swim in the city park. The Bradley group was headed towards Woodburn and apparently the driver was on the left hand side of the road.

Auto Caved In

Mrs. Claypole attempted to swing to the opposite side of the highway just as Bradley did the same thing with the result that one side of her automobile was caved in. The impact was sufficient to smash the side of her car to such an extent that there was hardly room for one person in the front seat.

Bradley received severe cuts and bruises and his wife a broken leg. Carriker received a broken leg and his wife a broken leg and arm. Kelly had a fractured ankle and possible internal injuries. Banks is under observation for either a broken arm or collarbone, which has not yet been determined. The three children were all cut and bruised but not seriously injured. All are in the Silvertown hospital.

SIX CREMATED IN AUTO AFTER CRASH

PRIEST BRIDGE, Md., July 23.—(AP)—Six persons were burned to death in a flaming auto here early today after a truck struck their parked passenger car and turned it over. A seventh died later of his injuries.

The truck driver rescued a 7-year-old boy by pulling him through a window of the car. The others, all members of one family, were tangled in the back of the machine and could not free themselves.

The dead were Bernard Lammert, 21, driver of the car; his three sisters, Mildred, 18, Anna May, 13, and Pauline, 29; and his two cousins, Frances Baker, 17; Frances Baldwin, 14, and David Manning, 7. All lived in Laurel, Md.

The driver of the truck was B. M. King of Muddy Point, Vt. He said he was blinded by the lights of an approaching car and struck the rear of Lammert's car, parked beside the road.

FARM BILL DOOMED FOR PRESENT TERM

WASHINGTON, July 23.—(AP)—The senate agricultural committee voted today to hold a series of hearings throughout the country on the administration's new farm bill, providing for more stringent production control of five major crops.

Senator Pope (D. Idaho), senate sponsor of the bill, said the committee action meant there was "virtually no prospect" that the legislation would be enacted this session.

21 CONVICTS REQUEST RELEASE UNDER PAROLE

SALEM, July 23.—(AP)—Twenty-one convicts at the state penitentiary sought their release from the state parole board today. First offenders are eligible for parole after serving one-third of their sentences.

SIDE GLANCES

by TRIBUNE REPORTERS

Bill Klatt being slightly annoyed by the culprit who purloined his license reflector buttons and left the plates on the running board of his parked car, averring he would gladly have donated the price of the gadgets to avoid the work of putting the plates back on.

Tommy Culbertson, causing bundles of socks to crane toward the nocturnal sky by buzzing around in his Waco charter plane as the theater crowds were let loose.

Ray Stoneker registering applicants at the AAA drivers' laboratory and becoming so curious over the array of gadgets as to remain and take the tests himself, and doing very well, too.

Edna Tengvald refusing to complain about Medford heat, she having spent some recent rocks in Coliga.

Jim Murray putting a bucket of water before an electric fan to pretend he was being watted by cool ocean breezes.
