

### SCHOLARSHIPS IN ASHLAND NORMAL LISTED FOR YEAR

SOUTHERN OREGON STATE NORMAL SCHOOL, Ashland, July 23.—(Sp.)—Scholarships to the Southern Oregon State Normal school for the academic year of 1937-38 have been granted to three former students—Laurence J. Kaiser of Applegate, Dorothy Marshall of Bend and Robert H. Napier of Klamath Falls, and six new students—William B. Westfall of Ashland, Helen E. Frey of Eagle Point, Jessie Grubb of Cottage Grove, Evelyn Johnson of Coitton, Cloe Richman of Butte Falls and Freida L. Young of Gold Hill.

These applicants had the highest scholastic average among the candidates for the awards and were in all other respects considered worthy of the scholarships, which under the tuition and fee schedule adopted by the state board of higher education for 1937-38, will be valued at approximately one-half of the total student fees.

### BANDON TO OFFER REFUNDING PLAN

BANDON, July 23.—(AP)—Bandon city officials resolved today to exhaust all possible channels of federal aid before giving up hope of replacing the town which fire destroyed last fall with the proposed "model city."

The council will mail Saturday to city creditors forms for a proposed refunding plan in the hope the RFC will approve a \$200,000 loan for a 20-year period, despite word from Administrator E. J. Griffith that WPA help will not be available.

### PROSPECTS BRIGHT FOR DAIRY FARMS

PORTLAND, July 23.—(P)—A market survey showed today increased production, higher prices in response to consumer demand and improved pasture and crop conditions in dairy states have created a more favorable outlook for dairy producers than a year ago.

Market officials said the promising harvest prospects probably would send feed prices down.

With the season's peak already past, milk production on July 1 dropped 4 percent below June 1, but it was still 3 percent more than a year ago.

The third quarter of 1937 probably will bring greater production than in 1936.

### DRIVER BURNED WHEN TRUCK HITS, EXPLODES

DUNSMUIR, Calif., July 23.—(AP)—Gilbert Quigada, 29, of San Pablo, suffered serious burns when his truck and trailer were destroyed by fire on the highway bridge over the Pitt river Thursday.

The truck crashed into the side of the bridge when its brakes failed to hold, and an explosion followed. Traffic was halted as the truck and trailer burned furiously for an hour. The bridge was not damaged.

### HEART ATTACK FATAL FOR ANNING S. PRALL

BOOTHBAY HARBOR, Me., July 23.—(P)—Anning S. Prall, federal communication commission chairman, died at his summer home here today. His physician said Prall succumbed to a heart attack.

Prall, born on Staten Island, was educated in the New York public schools. Later he rose to the post of president of the New York City board of education.

### WATERSHED PROTECTION SPONSORED BY McNARY

WASHINGTON, July 23.—(AP)—Legislation proposed by Senator Charles McNary of Oregon would authorize withdrawal of national forest lands for the protection of watersheds from which water is obtained for municipal use.

### In Shakesporean Role

John Reischer, Medford music instructor, is shown here as he appears in the role of "Gremio" in "Taming of the Shrew," one of the plays scheduled for this year's Oregon Shakespeare Festival productions August 2 to 7, in Ashland's outdoor theatre. He will also be seen as "Paris" in "Romeo and Juliet." Reischer has a broad experience in music and drama, having studied for three years in Vienna and appeared in numerous theatrical productions.

### School Days of Pioneer Recalled by M-T Photo

BIG APPLIGATE, July 23.—(Sp.)—Distinct memories of a happy girlhood 55 years ago, were recalled by Mrs. Lilla J. Haskins of Ruch upon publication in the July 14 issue of the Mail Tribune of a photo showing the Santiam academy at Lebanon which is being demolished after 83 years of service.

Mrs. Haskins attended school in the building when she was 16 years old, having gone north to spend a year with her uncle, Arthur Saltmarsh.

"I looked at the windows of the old building, and remember staying all night there with three girls who 'batched' on the upper floor," Mrs. Haskins recalled. "In stormy weather I boarded nearer the school, but when the weather was good I rode a mile and a half on horseback from my uncle's place."

"We rode a mile in those days, and I remember one day my pony laid back his ears and just streaked it off around the corner, and I lost my hat. My uncle said his friskiness was due to his habit of running a race around that turn."

Mrs. Haskins took piano lessons at the old school. She remembers cedar trees growing near the building, which evidently have been cut down. "I can think of many of the old scholars," she said, "but there are some that I can't recall."

### Ginger Rogers Pool Proves Life Saver

BEVERLY HILLS, Cal., July 23.—(P)—Irvin Schneider owed his life today to a 40-foot dive into Ginger Rogers' swimming pool.

He was painting the flagpole in the film actress' garden when his ladder suddenly slipped. Instead of crashing to the concrete at the foot of the pole, he was thrown into the pool.

"Next time," he said, "I'll wear a bathing suit and water-wings."

Mrs. Haskins, daughter of the late Joseph Saltmarsh, was born at Sterling in 1867 when the old Sterling mine was at the peak of its fame. She spent several years of her early girlhood in Jacksonville, and remembers hearing frightening accounts of skirmishes with the Modoc Indians at that time. With the exception of a year spent at Lebanon, Mrs. Haskins has resided on the Applegate ever since, spending many years at Squaw Lake after her marriage to the late John Haskins 50 years ago.

This pioneer, imbued with an unflinching courage in shouldering life's responsibilities, is an ardent housekeeper and enjoys watching world progress.

### FINICKY APPETITES OFTEN ONE RESULT OF CONSTIPATION

When nothing tastes right, and you don't eat as you should, the trouble may be common constipation. Poor appetite is one of its symptoms. Others are headaches, listlessness and sallow complexions. Constipation is usually due to "low-bulk" meals. Serve your family Kellogg's ALL-BRAN—a generous source of "bulk."

Within the body, this food absorbs twice its weight in water, and gently exercises and sponges out the system. How much better than taking pills and drugs!

ALL-BRAN also supplies vitamin B to tone up the intestines, and iron for the blood. Two tablespoonfuls daily are usually sufficient. Three times daily, in severe cases. Serve as a cereal with milk or cream, or cook into appetizing muffins, breads, etc.

Sold by all grocers. Made by Kellogg in Battle Creek.

### Pretty Teacher Still Lacks Job

SAUGUS, Mass., July 23.—(AP)—Blonde Isabella Hallin was publicly

cleared today of gossip charges that she served cocktails to her high school pupils, but her teaching job was farther away than ever. For the second time in less than ten days, Saugus' school committee

refused to reappoint her as an English instructor, and for the second time it refused her a public hearing. Both motions lost 3 to 2. Use Mail Tribune want ads.

Two Fatalities. SALEM, July 23.—(P)—Two fatalities and 1,036 accidents were reported during the week ending yesterday, to the state industrial accident commission. The fatalities were Francis

J. Curtis, Yamhill logger, injured May 1 at Forest Grove; and Harry R. Bennett, Powers tractor operator, injured July 13 at Bandon. Use Mail Tribune want ads.

Here it is! **THE PLANNED "HIT"** of Wards Great August Leadership Sales for the Home

**2 Bedding Bargains at the usual price of!**
