## RUSH 3-C FORCES TO COLUMBIA FIRE

By H. R. Baukhage  
(Copyright, 1937, by the North American Newspaper Alliance, Inc.)  
WASHINGTON, Aug. 5.—Skipper Kennedy is just about to bring another big fleet into port.  
It is only a matter of days until he will be able to announce that the powerful Dollar Line, most important shipping link with the Orient, has signed up. Sixteen American lines have already passed muster as eligible for six-month mail contracts and subsidies from the government.  
Capturing the Dollar Line is somewhat of an achievement. For when Stanley Dollar, long-time fair-haired boy of the old shipping board under President Hoover, walked out on Mr. Kennedy's inspectors, he made a hole in the deck.  
Mr. Kennedy's merchant marine in the Pacific without a Dollar to its name wouldn't be such great shakes. At the end of June, Mr. Kennedy reported:  
"The adjustment of the Dollar steamship claims has been delayed pending the receipt of essential information concerning the company and affiliated corporations and the completion of the arrangements by the company for providing additional capital."  
This is the polite way of saying that Stanley Dollar, accustomed to getting just about what he asked for in the old shipping board days, wouldn't talk.  
Since the Dollar Line owed the maritime commission some 15 millions for ships which it had purchased and loans for construction, Mr. Kennedy's boys thought they were entitled to have the details of the line's financing. This, of course, applies to any company asking for a subsidy.  
The examination by the commission of the financial structure and reorganizations plans, when necessary, is routine. These points must be settled to the satisfaction of the commission before a subsidy can be granted.  
The other sixteen lines were able to get their clean bill of health by July 1, when their temporary six-month subsidies began.  
But Dollar delayed. At this writing, however, everything but Chairman Kennedy's okay on the last page of the agreement is written.

### SPECIAL BUSES TAKE FIGHTERS TO HUGE BLAZE

Applegate and South Fork Camps Furnish Men for Emergency Duty—1500 Now Fight Conflagration

Rogue River national forest headquarters here were called upon again today for emergency assistance in combating a roaring fire on the Columbia national forest about 150 miles northeast of Portland.  
A telephone call from the regional forest office in Portland this afternoon said the fire was raging fiercely and spreading rapidly. It was spread over 2,000 acres this afternoon and more than 1,500 men were thrown on the fire lines in a strenuous effort to check the leaping flames, the message stated.  
Issue General Call  
A general call was issued today for CCC men especially trained as radio operators for fire service. The Rogue River national forest is to send its five radio operators to the fire scene by train tonight. Umpqua national forest also was asked to send all available radio men.  
First call for help was received here last evening and forces were quickly mobilized by H. C. Obye, assistant supervisor in charge of fire control on the Rogue River national forest.  
At 9:30 p. m. two chartered buses left here with 40 trained CCC fire-fighters from Camp Applegate under W. L. White and E. E. Benbow as foremen and 38 from Camp South Fork under John Coodell. Lieut. Samuel W. Marker of Camp Applegate accompanied the men.  
The fire-fighters took their own tools and rations for two days.  
Executives Needed  
Later in the evening a call was received for executive personnel and Mr. Obye dispatched Simeri Jarvi, district ranger at Butte Falls; Albert Young, protective assistant at Applegate; Dee Mills, Applegate CCC foreman; Howard Ash, foreman at Union Creek, and Ansl Pearce, guard at Union Creek. The men left here at 11 p. m. in two pickups.  
Umpqua Aids  
Responding to the emergency call, Umpqua national forest headquarters last night dispatched 52 Camp Steamboat enrollees in chartered buses, the Associated Press reported.  
No communities are immediately endangered by the forest fire, headquarters here said. The fire started in an old burn Monday when an snag was struck by lightning. Mr. Obye said the flaming snag broke off, slid down a 50-foot embankment and threw flames over a wide area, he explained.  
Dispatches from the fire lines today indicated the flames had leaped to green timber.

### GOVERNOR MARTIN SPEAKS FRIDAY AT ASHLAND FESTIVAL

Governor Charles H. Martin, of Oregon, will be guest speaker at the Shakespearean Festival in Ashland tomorrow night.  
Governor Martin, honorary president of the Oregon Shakespearean Festival association, sponsoring this year's series of plays in Ashland's outdoor theater, is making a special trip from Salem tomorrow with Mrs. Martin in order to attend the second performance of "Twelfth Night."  
The Governor will be the featured speaker on a special program at 8 o'clock before the opening curtain.  
It will be the governor's first public appearance in southern Oregon.

### M'COLLOCH GIVEN PLACE ON BENCH LEFT BY M'NARY

Klamath Falls Attorney Is Nominated by Roosevelt for Judgeship in United States District of Oregon

WASHINGTON, Aug. 5.—(AP)—President Roosevelt today nominated Claude McCulloch to United States district judge for the district of Oregon.  
Klamath Falls, Aug. 5.—(AP)—"I deeply appreciate the high honor the president has accorded me," said Claude McCulloch, Klamath Falls attorney, when informed at lunch of his nomination by President Roosevelt to the federal bench. McCulloch said he had no other statement to make at this time.

### DINNER FAREWELLS CANFIELD; LEAVITT IS GIVEN WELCOME

Park Heads Are Honored at Banquet and Crater Club Initiation—Gratitude Is Voiced for Cooperation

A farewell was said to David H. Canfield and welcome was extended to E. P. Leavitt at a banquet given in their honor at the Hotel Medford last night by the Jackson County Chamber of Commerce and the Crater club.  
Mr. Canfield will leave soon to become superintendent of Rocky Mountain national park in Colorado, a position to which he has been promoted from the superintendency of Crater lake national park. Mr. Leavitt, now superintendent of Lassen Volcanic national park, will succeed Mr. Canfield at Crater lake.  
After the banquet Mr. Leavitt was initiated a member of the Crater club, the full ritual being used in the ceremony.  
Regrets Departure  
Mr. Canfield said he regretted leaving here where his work has always been pleasant because of the friendliness and cooperative spirit of the people. Since the change has been ordered, however, he stated he was glad to receive the promotion, advancement being the hope of all federal employees.  
Mr. Canfield expressed appreciation of the loyal assistance always given him by his co-workers, crediting them with whatever success has been attained by his administration of Crater lake national park, the Lava Beds national monument and the Oregon Caves national monument.  
The thanked also other federal agencies for their cooperation assisting the Rogue River, Siskiyou, Umpqua and Modoc national forests, the biological survey and the reclamation service.  
Mr. Canfield said he did not ask to be transferred from Crater lake and knew nothing about the change until he learned that Mr. Leavitt was coming here. Later, he added, he was notified of his transfer.  
Resources Conserved  
Mr. Leavitt described the national park service as the best of the federal agencies. The park service, he

### Death and Stork Will Make Calls At Same Moment

PHILADELPHIA, Aug. 5.—(AP)—Physicians at the Philadelphia general hospital stood by today waiting for Mrs. Mary Roccastrini to die so they may deliver an expected baby.  
Mrs. Roccastrini, 27, is suffering from tuberculous meningitis for which they said there is no cure.  
The doctors told the husband, Dominick of the situation and advised as soon as death came to the mother, to save the child. They hoped the baby would arrive before the mother passed away.  
The husband objected, telling the doctors that if the wife must die to let the baby go with her.  
The physicians sought legal advice and the matter was taken before Judge Harry E. Kalodner. He decided that when the time comes the operation can be performed.  
"Even an unborn babe has its rights," he said.

### FIGHT TO DEATH IS PROCLAIMED BY CHINA CHIEF

Motorized Japanese Columns Roll North to Halt Chinese Advance—Missionsaries Fear Invasion

SHANGHAI, Aug. 5.—(AP)—United States consular officials in all China organized the whole American population tonight to guard their lives and get them out of possible danger zones if necessary, while China's generalissimo, Chiang Kai-Shek, suddenly proclaimed: "We will fight to the death."  
By night fall the month-old undeclared war brought these developments.  
1. Columns of motorized Japanese troops rolled north to halt a Chinese advance from behind China's great wall.  
2. Generalissimo Chiang Kai-Shek, China's "strong man" leader of the central government, flew to Kuling to tell the nation's chief educators that China will resist the Japanese advance "even though it means fighting inadequately prepared and to the death."  
3. American missionaries, recalling previous Japanese conquests, feared Japanese domination of North China would wipe out missionary and education work, representing millions of dollars in American investments, and years of the hardest toil.  
4. Council General Clarence Gauss at Shanghai directed formation of

### WM. H. ELLENBURG OF STATE POLICE PASSES SUDDENLY

Funeral services for Sergeant William H. Ellenburg of the Oregon state police, who died of a heart attack at 8 o'clock yesterday afternoon in his home at 821 North Riverside avenue, will be held at the Keeney funeral home in Corvallis Saturday.  
Tentative plans are for the funeral to be held under auspices of the Oregon national guard, of which Ellenburg was a member.

Wm. H. Ellenburg, major in the 162nd infantry. It will be a full military funeral.

### NEW LABOR COUNCIL TO BE FORMED HERE WITHIN SHORT TIME

A central labor council, embracing eight local unions, will be established here within a week or ten days, A. L. Rice, general organizer for southern Oregon for the American Federation of Labor reports. He says application has been made for a central labor council charter.  
The unions recently organized here, are the butchers, barbers, culinary workers, retail clerks, electrical workers, truckmen and machinists. The Typographical union has long been established here. Rice said the bakers were also unionized but were affiliated with the Klamath Falls central labor council.  
Rice said he had met with packing house representatives this week and had outlined the local labor situation and a plan. "I think will be of mutual benefit to all concerned," Rice said a statement on the packing house situation would probably be forthcoming in a few days.  
The A. F. of L. organizer said his organization and himself were opposed to all forms of labor agitation whether by individual agitators or inspired by "communist" influences.

### SON OF MEDFORD COUPLE DROWNED

MARYSVILLE, Cal., Aug. 5.—(AP)—Charles Ross, 13, son of Mr. and Mrs. L. E. Ross of Medford, Ore., drowned in the Yuba river while wading with his brother Leonard, and two sisters Wednesday.  
All four children stepped into a deep hole, swimmers rescuing the other three.  
L. E. Ross has been employed in the box factory at Timber Products company for the past several years. Four days ago he left here, presumably for a vacation trip in California. It is not known whether Mr. Ross was in Marysville at the time of his son's drowning.

### Howard and Sten Form Film Firm

HOLLYWOOD, Aug. 5.—(AP)—Leslie Howard, English actor, and Eugene Frenke, producer-husband of Anna Sten, are the heads of a newly-formed motion picture company, H. L. Kaufman, an associate, announced today.  
They were teamed with an unnamed oil magnate, Kaufman said, to produce six pictures a year for Grand National release. At least one will co-star Howard and Miss Sten.

### SIDE GLANCES BY TRIBUNE REPORTERS

Mrs. A. L. Pech of Lake Creek fastening her MT subscription to a card with fancy cross stitches elaborate enough to hold a greased pig in place.  
A. Frederick Stennett, wondering whether to buy a smaller car or build a larger garage, seeing how his new petrol wagon is too expansive for the structure.  
E. P. Leavitt calling the national park service the best federal agency, and fight in front of United States forest service boys and girls, too.  
George Frey in a hectic stew about meeting a fellow busker at the airport, he receiving notice of his guest five minutes before plane time.

### URGENT EXTRA SESSION TO PASS FARM LAWS

WASHINGTON, Aug. 5.—(AP)—Senator Black (D-Ala.) submitted a petition signed by 41 senators today, urging a special session of congress in the fall to enact general farm legislation.  
The petition was signed chiefly by Democrats and independents.  
It said the signers felt it would be "unwise" to wait until January to enact farm legislation because farmers making preparations for their crops should know what laws would be on the books ahead of that time.

### Circulars for Senators Rouse Storm of Protest

WASHINGTON, Aug. 5.—(AP)—Circulation to senators by page boys of a statement urging reconsideration of an amendment to the Wagner housing bill caused an uproar in the chamber today.  
Circulation of the statements, called "propaganda" by Senator Clark (D-Mo.), was denounced both by the Missouri senator and Senator McNary, Republican leader. Clark made a point of order against the procedure.  
Senator Pittman (D-Nev.), president pro tempore, who was presiding, ruled the pages could not be blamed, and that if any blame attached to the matter it should be laid to the senator who had ordered the distribution.  
Senator Wagner (D-N.Y.), author of the housing bill, quickly assumed "full responsibility." He said he had not believed there was anything "improper" in the procedure and thought "any enlightenment" on the issue was "perfectly proper."  
Clark said the process in distributing the literature involved "employ-

### Doctors Advance Price For Aiding Stork In Landing

ST. HELENS, Aug. 5.—(AP)—The stork boosted his prices in Columbia county today.  
Members of the county medical association agreed hereafter to charge \$50 per baby instead of \$25, with mileage added if the child is born outside the St. Helens city limits.  
Judge J. B. Wilkerson, learning of the action, said he hoped it might be reflected in a lowered birth rate for persons on relief, citing that one couple had had a child each year for three years at the county's expense.  
But a doubtful doctor observed that "we might as well charge \$100 and forget it; I have three cases unpaid now."

### 17 MINERS HURT IN CAGE PLUNGE

PRINCETON, B. C., Aug. 5.—(AP)—Seventeen miners lay in hospital today—three of them in critical condition—as a government mines inspector sought the cause of a machinery breakdown which plummeted their hoist cage down 400 feet of a shaft at Copper mountain mine yesterday.  
As doctors sought to save the life of the most severely injured, resident mine inspector, J. Biggs, studied a broken bolt found in the hoist machinery after the cage had dropped back to the bottom of its pit after climbing halfway up 800 feet toward the minehead.  
Those dangerously hurt were: Peter G. Cendalikowki, undetermined brain injury.  
Mike Cvetkovich, spine fracture and leg injuries.  
Harold Hart, back fractured.  
Three others had leg fractures.  
A counter balance attached to the cage and quick application of compressed air and hand brakes by Hoist Operator John Coggins, prevented the men from striking the bottom of the pit with the full impact of the drop.

### China Seeks Loan For War Purposes

LONDON, Aug. 5.—(AP)—China, through her finance minister, has reached agreement in principle in London on a \$100,000,000 loan to the country that may be world-wide in scope, a Chinese embassy spokesman said today.  
It would be secured by Chinese customs revenue and probably be raised by general subscription. The spokesman said interest in the project had been shown in the United States, France and Belgium, as well as in Great Britain.

### DOUSED SIT-DOWNER OFFERED PHONE USE TO CALL POLICEMAN

EUGENE, Aug. 5.—(AP)—Mrs. Alice Blaine again "sat down" in front of a residence today, again adjusting her sign which read "A. C. Mathews owes my 23-year-old father \$600 for halt labor."  
Mathews came out to the porch and glared at Mrs. Blaine.  
One minute later, pretty brunette Mrs. Blaine was drenched by a stream of water. Mathews had turned the hose on the picket and routed her.  
Mrs. Blaine fled to a nearby store and was later said to be planning legal retaliation.  
Mathews admitted that he turned the water on Mrs. Blaine, claiming that he acted under legal advice.  
"After I turned the hose on her," he continued, "I invited her to come in and use my telephone if she wanted to call the police."  
Mrs. Blaine, witnesses said, refused his invitation.  
S. M. Calkins, city attorney, said today that as far as he could ascertain, Mrs. Blaine was within her legal rights in operating her "sitdown strike" in front of Mathews' residence.

### VICTIM OF KIDNAP FAILS TO RETURN

GRANTS PASS, Aug. 5.—(AP)—W. E. "Bill" Stetten, who charged he was kidnaped by Grants Pass business men early Monday morning, had not returned here this afternoon and his definite whereabouts were still unknown.  
Indications that the charges might not be aired in the courts grew with each delay in his promised appearance.  
A letter apparently from Stetten written on an Ashland hotel stationery and mailed from Ashland last night was in the hands of peace authorities.

### 'BEAN BALL' HITS YANKEE FIELDER

NEW YORK, Aug. 5.—(AP)—Jake Powell, New York Yankee outfielder, was hit by a pitched ball in the fourth inning of today's game with the Chicago White Sox and had to be carried off the field on a stretcher.  
One of Monte Stratton's fast balls struck Powell high over the left ear. He fell to the ground, his feet kicking wildly, and then appeared to lapse into unconsciousness.  
Rookie Tom Henrich, himself only newly recovered from an injury, took Powell's place and went to first base.  
Dr. Robert E. Welsh, Yankee club physician, examined him in the clubhouse and announced he suffered an injury to his left ear.  
He will remain in the hospital for observation, at least overnight.

### Papa Dionne's Dander Up Over Emilie's Sore Throat

CALLANDER, Ont., Aug. 5.—(Canadian Press)—Papa Dionne's dander up today about Quintuplet Emilie's sore throat.  
He said he read Dr. Allen Roy Dafe's statement that Emilie caught her cold from an "outside source" and made up his mind that Dr. Dafe was blaming us because Emilie got sick.  
Besides, the quintuplet father complained, "we didn't even know she had it until some of those tourists told us Monday."  
Dr. Dafe answered that he didn't mean it that way. Although he said he was certain the infection came from "someone outside" the nursery, he added that "I certainly didn't say one of the Dionne family."  
Papa Dionne, who lives with his wife and six other children just across the road from the nursery, explained he and Mrs. Dionne hadn't visited the quintuplets for more  
than a week before Emilie caught cold. Furthermore, he said, none of his family had been sick.  
The father said that when he heard only four of the quintuplets were being "shown" Monday, he hurried to the nursery.  
"A nurse told me Emilie was sick with a sore throat and had a little fever," Dionne said. "I saw her through a screen."  
It stood to reason, the father explained, that strangers who might be disease carriers brought Emilie her cold on one of the tourist excursions to the Quintuplet nursery.  
Also, Dionne said, he found out once that Yvonne had mumps and he wasn't told about it.  
"That isn't true," Dr. Dafe replied.  
Unaware of the squabble, Emilie was able to sit on the veranda today. Dr. Dafe said her temperature was back to normal and that she was getting along well.

PHILADELPHIA, Aug. 5.—(AP)—The Philadelphia Phillies today defeated the Cincinnati Reds 13-10 in a 12-inning game at Crosley field.  
The Phillies' victory was their eighth in a row and their 13th in 15 games.  
The Reds' loss was their 11th in 15 games.  
The game was tied 3-3 in the ninth inning when the Phillies' pitcher, Bobo Newsome, struck out the side.  
The Phillies' pitcher, Bobo Newsome, pitched a complete game and earned the win.  
The Reds' pitcher, Ed Rubeck, pitched 11 innings and earned the loss.  
The game was the 100th game of the season for the Phillies.
