

MRS. BECKNELL WILL SERVE OUT TIME ON LICENSE SENTENCE

Fiorhannah Mae Becknell, serving a 30-day sentence in the county jail for non-possession of an auto driver's license, informed Sheriff Syd I. Brown this morning, "I will serve my sentence, and do as I please when I get out."

The sheriff had agreed to take Mrs. Becknell, at her request, before the driving examiners today so she could take the examination, and, if she passed it, obtain a new driver's license. Her applications to the secretary of state's office have twice been rejected, because she failed to fill out the birth date space.

"I am definitely through," declared the sheriff, who has been acting as a sort of an intermediary between the prisoner and Justice of the Peace W. R. Coleman, committing magistrate. "What she does is her business."

Justice Coleman said, "It would be fine if Mrs. Becknell passed the driver's examination, but that doesn't settle her to freedom. I will give full consideration to any plea she makes for release."

Mrs. Becknell was sentenced July 24, after she had maintained a defiant attitude at the hearing.

Wall St. Report

NEW YORK, Aug. 5.—(AP)—Mining issues took on a show of strength in today's stock market following a mark-up in the price of lead and export copper.

Steels, motors and many other recent leaders, on the other hand, encountered selling handicaps that kept them in the background or reduced their quoted values as much as a point or so.

With the news out on settlement of the wage dispute with non-operating unions, rails lost their buoyancy of the previous session and contented themselves with holding to a small fractional area.

Earnings prospects apparently contributed to fairly persistent support for mail orders and scattered specialties.

Except in low-priced metals, volume was light. Transfers approximated 800,000 shares. Today's closing prices for 32 selected stocks follow:

REESE CREEK COUPLE HOME FROM LENGTHY AUTOMOBILE JOURNEY

REESE CREEK, Aug. 5.—(Spl.)—Mr. and Mrs. Charles Humphrey returned home July 19 after having traveled many thousands of miles by motor car on a pleasure and sight-seeing trip.

Leaving here June 3, they visited a sister of Mr. Humphrey's at Salem, and then went on to Seattle and visited three of his uncles whom he had not seen for many years—the Grindle brothers. From Seattle, they motored to Mandan, Wn., where they visited his niece and her husband, Mr. and Mrs. Nelthing. From there, they headed east to Stanley, Wis., where they visited Mrs. Humphrey's mother, Mrs. William McK. From there they went to Albers Lea to see Mr. Humphrey's sister.

Through this country they saw many miles of great corn fields. Mr. Humphrey said the country was beautiful, with lovely barns and homes. There was no electricity, however, in many of the buildings, they being lighted by coal oil lamps.

From there, they turned their car homeward, enjoying a real vacation at Yellowstone National park, where they saw 20 bear, two moose, and many other sights. They arrived home via Diamond and Crater lake after a most wonderful motor trip of 7000 miles.
