

# WHOLESALE BOOST IN AUTO PRICES DUE COMING WEEK

DETROIT, Aug. 7.—(AP)—Higher price levels, long a topic of discussion in the motor world, will become a reality over a large part of the industry next week. Producers who have not announced price increases are expected to do so within the next few weeks.

The increase so far announced are by Ford and all General Motors divisions. They range from \$15 to \$100 and are said in informed sources to represent hardly half the increased cost of materials and higher wages to which they are generally attributed. In these same sources the prediction already is being ventured that a further advance will be made before the year-end, or not long after the 1938 models are introduced.

Last week Ford unexpectedly announced an upward revision of from \$15 to \$35 on most models. Shortly afterward, Alfred P. Sloan, Jr., chairman of General Motors' board, announced the increased cost of production and higher wage levels soon must be reflected in a "substantial" upward revision of retail prices. The predicted advances came quickly, Oldsmobile announcing a \$45 increase, Chevrolet \$30, Buick \$45 on its "40" and "60" models and \$100 on the "80" and "90" series, and Pontiac \$45 advances, effective August 9. After August 14, La Salle models are to be increased \$60 and Cadillac \$100.

LONDON, Aug. 7.—(UP)—International tension over the Spanish civil war increased tonight as three nations angrily denounced both loyalist and nationalist governments for the bombing of foreign vessels in the Mediterranean.

One British, two French and one Italian ships were attacked on the high seas west of Algiers. Capt. Franco Solari of the Italian vessel Montisola died in a hospital at Algiers of wounds.

Italy's reaction indicated Premier Benito Mussolini might be considering some retaliatory move. The newspaper Giornale D'Italia, which usually reflects Duce's personal ideas, denounced the attack on the Montisola as the "aggression of red pirates."

Britain sent a strong protest to nationalist authorities at Algiers against the attack on the British tank steamer British Corporat of the African coast. The vessel was not hit.

The French ships attacked were the President Del Pais, which carried several hundred passengers, and the steamer Djebel Amour.

A large crowd of spectators overflowed the Los Angeles Superior courtroom as Albert Dyer, 33, went on trial for the triple killing of young girls at Inglewood. An officer is shown holding back some of the would-be spectators at the doorway to the court.

# NATIONAL GUARD OF NORTHWEST TO FORT LEWIS 17TH

SALEM, Ore., Aug. 7.—(AP)—Early this morning of August 17 heavily laden troop trains and long motor convoys will start converging on Fort Lewis from various cities of Oregon, Washington, Montana, Idaho and Wyoming to participate in the largest peace-time display of troops and equipment held in the northwest.

Maj. Gen. George A. White issued final orders today for the mobilization of his entire 41st division of the national guard.

During the first week at the base camp the troops will be whipped into shape for the fourth army maneuver which is scheduled to start August 23. From that date until the end of the month the command will be engaged in military work.

About 15,000 troops will be engaged in the maneuvers and a review to be held August 21. In addition to the mounted and marching men more than 1,000 pieces of vehicle equipment will pass the reviewing stand. Two squadrons of airplanes flying in formation will add to the spectacle.

# PITTSBURGH FIRM PROTESTS RULING AS 'PERSECUTION'

PITTSBURGH, Aug. 7.—(UP)—The National Electric Products company charged tonight that it was being "persecuted" by the national labor relations board at a hearing on charges that the company "dominated" an American Federation of Labor Union.

The accusation was made by William B. Wilson, counsel for National Electric Products, several hours after he abruptly ended the company's defense at the hearing and refused to submit further witnesses to what he termed "insult and vilification."

In a prepared statement Wilson said tonight that the labor board "apparently is nothing more nor less than an agent of the committee for industrial organization."

"The hearings which their examiner and attorney have been conducting here constitute an open persecution of the American Federation of Labor, as well as of the National Electric Products company and its employees."

SALEM, Ore., Aug. 7.—(AP)—Let- ters received from Portland indicate that Multnomah county may send 100 automobile loads of Democrats to attend the Democratic picnic at Silver Creek Falls tomorrow, the committee on arrangements said today.

PORTLAND, Aug. 7.—(AP)—The general conference of the German Baptists of North America will bring more than 1500 visitors from all parts of the United States and Canada here Monday for a five-day session.

SALEM, Ore., Aug. 7.—(AP)—Suit to recover \$36,607 from George Meyers and T. G. Gaitther was filed in the circuit court here today by Mabel Mendel. Plaintiff alleged that Meyers and Gaitther were responsible for an automobile accident in which she suffered serious injuries.

SALEM, Ore., Aug. 7.—(AP)—The annual regional meeting of the Western Lumbermen's association, will be held here next Wednesday, will stress a discussion of marketing conditions, officials said.

# CALIFORNIA BEER GIVEN RIGHT TO SELL IN OREGON

PORTLAND, Ore., Aug. 7.—(UP)—The California Brewers Institute and Allied Midwest Breweries late today won the first round of their beer battle with Dave Beck, Seattle, and other officials of the teamsters' union, when they were awarded continuance of a temporary injunction restraining the teamsters from refusing to handle their brew.

Immediately after the injunction was decreed, Robert Maguire, brewers' attorney, announced he would seek contempt citations for members of the teamsters' union who continued to boycott "Red-Label" beer.

The beer in question is the product of California and eastern breweries, brewed by members of the brewery workers' union, with whom the teamsters have long disputed control over beer truck drivers.

Federal District Judge James Alger Fee directed issuance of the injunction after a two weeks' hearing in which both sides presented arguments to a special court commissioner, whose report was basis of arguments at today's court session.

# BANDON MILL MEN STAND BY A.F. OF L.

BANDON, Ore., Aug. 7.—(UP)—Growth of the CIO movement in southwestern Oregon received a setback with today's announcement that members of Bandon local No. 2998, Lumber and Sawmill Workers' union, have voted to retain affiliation with the American Federation of Labor.

Though officials admitted 15 members of the union had earlier voted to join the International Woodworkers of America, in the balloting last night not a single vote favoring the newly-formed CIO union, was cast.

SALEM, Ore., Aug. 7.—(AP)—Manager Sol Spitzberg of the Oregon state fair said an offer by Sol Simon of Portland of \$1500 for an exclusive beer concession had been rejected. The sale of beer on the grounds will be banned during the fair.

# SICK VETERAN IN SUICIDE PLUNGE FROM GATE SPAN

SAN FRANCISCO, Aug. 7.—(UP)—Harold H. Wobber, 47, war veteran of Palo Alto, Cal., leaped to his death today from the center of the Golden Gate bridge. He was the first suicide from the span.

The plunge ended Wobber's 20-year fight to regain his health. He had suffered shell-shock overseas. Since 1939 he had been a patient in the veterans' hospital at Palo Alto.

Wobber arrived at the bridge gate on a bus. He had come to San Francisco on a 14-hour pass from the hospital. On the bus he had made the acquaintance of Louis H. Naylor, a professor of Trinity college, Hartford, Conn. The two men walked out on the bridge together, as they walked commenting on the height and immensity of the span over famed Golden Gate. As they neared the center, which is nearly 300 feet above the water, Wobber said to Naylor:

"I'm going to jump over."

Naylor laughed, thinking his new acquaintance was joking.

Suddenly Wobber took off his hat, coat and vest. He dropped them to the bridge walk and climbed the rail.

For a moment he paused. Eyes of scores of pedestrians and motorists were upon him. Then he waved an arm and leaped. Naylor watched the body hurtle through space, strike the water and disappear. Then he ran to the bridge patrol office and notified Sgt. Chester Morris, on duty there.

# LEWIS-PRESIDENT NOW SPLIT OVER PATRONAGE PLUM

WASHINGTON, Aug. 7.—(UP)—Close associates of John L. Lewis said tonight that a difference between President Roosevelt and the labor leader had widened perceptibly as a result of a reported patronage dispute with the national oil-tinuous commission.

Neither the committee for industrial organization nor the president had made any formal statement regarding the reported break. Lewis' friends have let it be known that he is convinced that the administration is "letting him down" in his unionization efforts in the face of what he considers a "debt" because of his financial and personal support to Mr. Roosevelt's reelection campaign and legislative program.

White house officials indicated that the president did not consider an actual break had occurred and that the difference might be repaired if Lewis took the initiative and asked for a talk with Mr. Roosevelt.

They said the president could not be expected to make any public reference to such a "split" until there was concrete public evidence as to its existence.

Lewis was angered by what he considered ignoring by the seven-man coal commission of the requests and wishes of his united mine workers union, which pressed for passage of the Guffey-Vinson coal conservation act under which the commission operates.

# TIMBER PRODUCTS COMPANY

## Demonstrates the Value OF BETTER DESIGNING AND CONSTRUCTION in Home Building

● With 12 remarkable Four Square Demonstration Homes, Timber Products presents splendid examples of how to obtain beauty, comfort, and value in small homes. The Portfolio of these homes is available in our office for your careful study. Be sure and see it.

### FINE ARCHITECTURE

Weyerhaeuser architects together with consulting engineers selected 12 beautiful and authentic styles for these homes. Each basic plan has been individualized and related to make it outstanding.

### BETTER CONSTRUCTION

The plans and specifications for the 12 Weyerhaeuser Four Square Demonstration Homes call for the use of approved construction methods only. Each of these homes has been so developed for exceptionally low upkeep cost and long life.

### SOUND PLANNING

In developing these plans care has been exerted to assure best use of all space. Room arrangements are convenient and attractive. Ample storage space has been provided. Practical features of convenience and comfort have been thoughtfully included.

### LOW COST and HIGH RESALE VALUE!

By using basic plans which are authentic and architecturally correct, developing these plans with sound engineering practice, using standard materials with sound construction methods, we arrive at homes that are very economical to build. Because they are so soundly and carefully constructed, they have a high resale value. Such homes are easily financed with small down payments and modest rent-like installments.

### SOUND ENGINEERING

These 12 Demonstration Homes are thoroughly practical. Every phase of small house construction has been given careful and expert consideration by Weyerhaeuser engineers and their associates.

### FOUR SQUARE LUMBER

In each of the 12 Demonstration Homes, Weyerhaeuser has made use of standard materials. Consequently, waste has been eliminated and costs have been reduced. One outstanding example of combining economy with fine construction is found in the use of 4 Square, precision-cut, exact length lumber.
