Nazis Fine Priest Who Insulted Paper

STUTTGART, Germany, Aug. 10.—(AP)—The Rev. Gregor Watsche, a Catholic priest, was sentenced today to pay a \$60 fine or serve ten days in jail for "insulting a newspaper."

Father Watsche was charged with telling a woman parishioner who wanted to resign from the church because of the immorality trials that the Nazi newspaper in which she read of the prosecutions was "the most scoundrelly, mendacious sheet yet printed."

The name of the paper was not mentioned at the trial.

Accidental Blast Kills School Head

KALAMA, Wash., Aug. 10.—(AP)—An accidental explosion of dynamite early today instantly killed Arthur O. Burton, 39, superintendent of schools at Granite Falls, Wash.

Burton, who has a small ranch at Pleasant Hill, near here, was attempting to dynamite a stump. The fuse proved defective and he tried to tighten it with his knife. He was directly over the charge when it exploded. His body was badly mangled.

5 and 10 Heiress Ducked at Venice

VENICE, Aug. 10.—(AP)—A motorboat carrying the Countess Von Reventlow, formerly Barbara Hutton, and her husband overturned near the Piazza de San Marco tonight, throwing both into the water. They were rescued quickly.

A sudden, gusty wind kicked up heavy waves. The boat capsized quickly.

Von Reventlow, however, had been skirting a sandbar. He and the American ten-cent heiress were able to scramble to their feet in water only waist high.

WARSHIP LEASE PLAN DEFENDED

WASHINGTON, Aug. 10.—(AP)—Secretary Hull said today his proposal to lease unused American destroyers to American republics would not conflict in any way with this country's treaties or international peace agreements.

The secretary made his statement in a press conference where his attention was called to a section of the 1936 London naval treaty which prohibits the sale or transfer in any way of a surface vessel or submarine which could in any way become a part of a foreign navy for military purposes.

Domestic copper continued unchanged at 14 cents a pound today, base with producers apparently contemplating no immediate change.

PENSION FOR TOMMIES TO COUNTERACT LACK OF 'IT' IN RECRUITING

LONDON, Aug. 10.—(AP)—The British army set out today to do something about counteracting its lack of sex appeal.

Powers behind the recruiting service, which needs thousands of just plain soldiers, admitted frankly "the navy and air corps had been more successful in getting men because 'they have more appeal for the girls.'"

Pensions instead of "it" seemed to be the answer.

CHEERFUL OUTLOOK IS FOUND HELPFUL FOR HOT WEATHER

By AP Feature Service

"Is it hot enough for you?"

Follow a few suggestions from Dr. Robert Olesen of the U. S. public health service and you won't be stirred into hasty action the next time some peering fellow pops that silly question.

First, put your dark-colored clothes in moth balls, says Dr. Olesen—they absorb the sun's rays and make you feel hot. Wear white or light-colored ones of loosely-woven material.

Avoid foods that are heating—fruits and vegetables get the doctor's okay. Don't let the nice, cool trickle of the ice in a tall drink bewitch you—alcohol makes you hot.

Continue to exercise—but before the sun gets high loaf in the afternoon. If you must work, be sure there is enough ventilation.

Get enough sleep—don't dance the whole night through.

Finally, says Olesen, "acquire a cheerful and philosophical outlook on life."

NORTHWEST SOLDIERS GOING TO FORT LEWIS FOR COMBAT TRAINING

SALEM, Ore., Aug. 10.—(AP)—Fifteen thousand troops will converge on Fort Lewis early the morning of August 17 to participate in the largest peace-time display of armed forces ever held in the northwest when national guard troops from Oregon, Washington, Montana, Idaho and Montana start a two weeks' training.

Major General George A. White issued final orders here for mobilization of his entire 41st division. The major activity, the fourth army maneuver, was scheduled to start August 23, and from that date, day and night, the command will be engaged in combat training.

Preceding the field maneuvers a review of all the troops will be held. In addition to the 15,000 men, mounted and marching, more than 1000 pieces of equipment will pass the review.

BENEFIT DANCE NETS \$125 FOR ILL FARMER

The benefit dance held Saturday night at Jacksonville by the county agricultural committee under auspices of the Grange netted \$125 for a former member of the agricultural committee who for ten years never missed a meeting, according to County Agent Robert G. Fowler.

Members of the Grange and the agricultural committee took it upon themselves to give a bit of substantial financial aid.

A son of the beneficiary, now sick himself, was stricken with infantile paralysis and is now at Warm Springs, Ga., a resort sponsored by President Roosevelt and financed by the proceeds of the nation-wide president's birthday dances.
