

PUNCHBOARDS DUE FOR LIMBO WITH PINBALL DEVICES

Punchboards in Jackson county, long since dethroned by the popularity of the pinball machines and kindred devices, will in all probability go the legal way of the contraptions that eclipsed them in public favor.

District Attorney Frank J. Newman said he would look up the matter on the law today, just to be sure, but it was his opinion they came under the Oregon anti-pinball law.

Punchboards are not plentiful, but there are a few at the ends of bars and counters, leaning against the gun. The womenfolk play them, while the men feed nickles to "games of skill."

The most popular punchboards are found in summer resorts, with flashing outfits and rifles as grand prizes.

Pinball distributors and operators have retained Attorneys George M. Roberts and William A. McAllister as counsel. Some sort of a legal move against the removal order is scheduled to be made tomorrow, it is said.

It is reported that similar action

THREE NEW YORK BUILDINGS CRASH DURING DOWNPOUR

(Continued from page One.)

that swept the metropolitan area and Long Island, in which four other persons were killed by lightning or were drowned.

Police Commissioner Lewis J. Valentine, directing the rescue work, called the tragedy "the worst of its kind in years."

The trapped victims were crushed and then buried beneath wreckage in a 30-foot cellar filled with muddy water. Most of them apparently never knew what struck them, being killed outright.

Staten Island, the scene of the disaster, lies five miles from the Battery, the lower tip of Manhattan, in Lower New York harbor. It is 14 miles long and nearly seven miles wide at its widest place, with 160,000 residents, many of them commuters who work in Manhattan. The tragedy occurred directly across the Kill van Kull, a narrow strip of water, from Bayonne, N. J.

Buildings leveled.

The three buildings, erected nearly half a century ago, were hit by a foaming torrent rushing down a steep hillside from a storm sewer. They were leveled as if struck by a tornado or an explosion. Not a board stood intact.

Neighbors said the houses collapsed without warning. One minute there was only the steady din of rain pouring from black skies. Then came a terrific roar as the first structures crashed.

Thousands of residents rushed to the scene, creating such chaos that police fought to hold them back.

350 Rescuers.

Rescue squads, comprising 350 police and firemen, worked feverishly with picks and shovels throughout the night.

The death list follows:

Mrs. Virginia Budnick, 28, her son, Thomas, 2, and two daughters, Helen, 6, and Virginia, 4.

Francis Carsten, 16.

Louis Coral, 38.

Peter Fernandez, 37.

Mary Hurley, 28.

Patricia Hurley, 2.

Adam Malicki, 26, and Bessie Malicki, 20, his bride of a month.

Mary Peterson, 44, and her daughter, Louise, 4.

Tony Piszczek, 22.

John Stokes, 72.

Patrolman Joseph J. McGreen.

Marie Silva, 25.

Mary Louise, 40.

Melvin L. Decker, 35.

Relatives at Scene.

Relatives of the dead or dying struggled to get through police lines, as bodies were brought out. Some slipped under the ropes blocking off the disaster scene and clawed at the jumbled tons of smashed brick and rain-soaked timbers.

While the hunt went on, four separate investigations were launched to determine responsibility for the catastrophe.

Deeply shocked by the tragedy, Police Commissioner Valentine headed one of the investigations, while others were conducted by the fire department, by District Attorney Frank Innes of Richmond county, and by Borough President Joseph Palma, Staten Island comprises the borough of Richmond, one of five boroughs that make up New York City.

Frightened occupants of two similar buildings in the same dead-end block where the disaster occurred, vacated their buildings today.

Meteorological Report

August 12, 1937

Forecast:

Oregon: Fair tonight and Friday. Fog in northwest portion and off coast. Cooler in interior Friday. Moderate northwest winds off coast.

Temperature a year ago today: Highest, 91; lowest, 54.

Total monthly precipitation, none; deficiency for the month, 0.04 inch. Total precipitation since September 1, 1936, 16.86 inches; deficiency for the season, 1.93 inches.

NEWSPAPER FOLK TO ENJOY PICNIC AT DIAMOND LAKE

Over 150 employees and their families of the Medford Mail Tribune and Klamath Falls News-Herald are expected to attend the gala picnic and outing at Diamond Lake next Sunday sponsored by the International Typographical Union of the two cities.

Opening with a softball game at 10 a. m. between clubs representing the two newspapers, athletic events and entertainment features will follow in profusion until nightfall. There will be prizes for winners in all the contests, donated by merchants of Medford and Klamath Falls.

Some of the contests follow: Men's and women's tug-of-war, boys and girls foot races at different distances, three-legged races for both sexes, sack races, nail-driving contests and a fishing derby. In all, 21 events are slated for the newspaper workers and their families.

Families are asked to take their own table service. The printers will furnish coffee and all refreshments, Frank Rector, president of the Medford union, announced.

The picnic will be the first held by the unions in six years. Harry Hinman, Rector, stated, has consented to umpire the softball game, over

ROGUE RIVER MUD SURVEY FINISHED

GRANTS PASS, Aug. 12—(Spl.)—Dr. Ellis of the federal bureau of fisheries left Grants Pass Tuesday after completing a survey of Rogue river and interviewing local people. The survey is being made to determine the effects of muddy water on aquatic life and to study other factors.

From Grants Pass, Dr. Ellis and his staff of regular assistants went to Lake Chelan in Washington to make a thorough study of the water there. He was accompanied on this part of the river by Bill Hunter and Jay Moltzner of Gold Beach. The survey started at the mouth of the river last week.

The report to be made by the party is expected to have a bearing on the settlement of the dispute between miners of the upper river and the recreational area advocates of the lower part of the stream.

S. P. BRIDGE BUILDER RETIRES FROM WORK

GRANTS PASS, Aug. 12—(Spl.)—Twenty-eight years as foreman of a bridge crew on the Southern Pacific

without a train accident over one of his bridges between Ashland and Eugene, is the record being up by I. W. Cole, who has retired to his home in Grants Pass after being in the employ of the railroad company for 51 years and 11 months.

Mr. Cole received a retirement gift from the Maintenance of Way union on the railroad which he plans to use a great deal, he said Wednesday.

The gift was an expensive fishing rod, reel, basket, line, sinkers and hooks.

Mr. Cole first became affiliated with the Southern Pacific railroad out of Roseburg in 1905 where he worked as a section hand about three years. The crew handled by Mr. Cole will now be under the direction of Charles Johnson, who has served as assistant foreman.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 Miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about a pint a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pains, lumbago, leg pain, loss of energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 Miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

BONDS FORFEITED BY DRUNK DRIVER

Starr A. Deuel, charged with driving an auto while intoxicated, forfeited \$150 bonds in justice court yesterday afternoon, when he failed to appear for a scheduled hearing.

Deuel, driver of a movie truck, was alleged to have collided with another auto on the Pacific highway near Ashland last Saturday night. He was kept in the county jail for a few hours and then freed on bonds.

George S. Ayeris and Gust B. Ayeris, operators of a sawmill so far back in the Siskiyou it is necessary to travel via Hilt, Calif., to reach it, charged with possession of untaxed deer hides, entered plea of guilty in justice court yesterday afternoon and the case was set for Friday. The sawmill is located along the state line.

Merle C. Landreth of Roseburg, driver of an auto truck for the Pierce Freight Lines, charged with operating an auto on the Pacific highway in excess of 35 feet in length, with trailer, will appear Friday in justice court. It is the second time he has been charged with the same offense, the records show.

PEACH GROWERS HERE MAY UNITE

An association of county peach growers may result from a meeting held in the Jackson County Chamber of Commerce last night.

It was the consensus of last night's meeting that an association should be formed in view of the increasing importance of the county peach crop. It was voted to hold another meeting next week to which all peach growers will be invited to consider organizing.

Meantime statistics are to be gathered regarding the peach crop here and in California, along with other information pertinent to the formation of an association. The data thus collected will be presented at next week's meeting.

H. A. Thieroff, chairman of the chamber's agriculture committee, presided last night. This year's crop and probable prices were discussed.

HENRY H. POHLMAN EX-RESIDENT, DIES

Henry Arnold Pohlman, son of Mr. and Mrs. Henry Pohlman, former residents of the Orchard Home district, died on July 20 in San Jose, Calif. He was 96 years old. He had been sick but ten days with a throat ailment that developed into streptococcal infection and spinal meningitis.

Mr. Pohlman was born and reared in Medford. He moved to San Jose some time ago but frequent visits here by members of the family have kept them in close touch with relatives and friends in the Rogue River valley.

Mr. Pohlman is survived by his wife, Lottie, a four-year-old daughter, his parents, three sisters and a brother. The Bohner family of Central Point are cousins and Mrs. O. V. Chesney, who moved to Medford recently from Portland, is an only aunt.
