

WHISKER CONTEST ENDS TONIGHT AT SAFEWAY STORES

Safeway's grand whisker handicap will terminate at 6 p. m. today when Judges Carl Bowman, Todd Porter and Fred Frey put the finger on some lucky man of southern Oregon who for five weeks has carefully cultivated what the judges will consider the finest set of whiskers to enter the contest. The winner will be well repaid for his long vacation from all barber shops—the prize is \$25 in cash.

Judges Bowman, Porter and Frey, who should know what constitutes a fine set of whiskers, will sit in judgment at Safeway's Sixth and Bartlett street store while whiskers of all varieties and hues pass in review. The general public, whether bewhiskered or not, is cordially invited to be present to cheer the winner.

The novel contest has been sponsored by Safeway stores of Medford and Central Point and will inaugurate their annual Pioneer Days sale, which is dedicated to the sturdy and hardy pioneers who carved out a great state 75 years ago. Months of careful buying has been in process for the huge sale which is expected to set a new high for food values in southern Oregon.

In line with the whisker contest, all Safeway employees have been growing chin-scratches for the past five weeks, and although many sets are considered the height of inspiration, no Safeway employee will be eligible for the \$25 cash prize.

"Our clerks have whiskers but not our merchandise," is the motto of Safeway stores.

Tomorrow, first day of the Pioneer Days sale, will also see another contest open for a one-day run. To the oldest person registering at either of Safeway's two stores, a 100-pound sack of sugar will be given. Clerks will furnish registration blanks.

A feature of the Pioneer Days sale will be the canned tomato offerings which will help to decrease southern Oregon's over supply of one of its best known products.

IOWANS TO PICNIC ASHLAND, AUG. 22

Former Hawkeyes are anticipating the annual southern Oregon Iowa picnic, to be held in Lithia park, Ashland, Sunday, August 22.

The reunion will be held in the upper picnic ground on the shady bank of Ashland creek, where ample accommodations have been provided for a large crowd. Usual attendance at these meetings is around 200. Signs will point the way from the Plaza, in the down-town business district.

Registration will be from 12 to 1:00; dinner, 1:00 to 2:00; program, 2:00 to 3:00, or as soon thereafter as possible. The program will be short and snappy, featuring music and humor.

Two kinds of free drinks will be furnished, coffee and lithia water. Everybody is requested to bring full table service, also a card bearing name, address and former Iowa residence.

All former Hawkeyes are urged to attend what promises to be a very enjoyable reunion. "Bring your friends and relatives," is the word from Owen H. Barnhill, chairman of the committee on arrangements.

PILFERING OF AUTOS SOLVED BY ARREST OF THREE ASHLAND BOYS

ASHLAND, Aug. 13.—(Sp.)—A series of at least a dozen cases of mysteriously pilfered automobiles was solved by Ashland police late Tuesday when three local youths were taken into custody.

A joint statement was signed by the trio—Jack Weaver, 16; Robert Gregory, 17; Joe Jessell, 17—admitting the thieving which included gasoline, a dozen gear shift knobs and numerous personal articles.

The boys were released and allowed to return to their homes with further action in the case slated later following additional investigation, according to Chief of Police C. P. Talent.

All the cars were pilfered since the night of July 30 when the boys admitted cutting a five-foot piece from Mrs. J. E. Norstrom's garden hose at 546 Fairview street and syphoning gas from her car.

Most of the stolen articles were recovered except \$18 and a gold bracelet taken from a purse owned by Mrs. T. M. Jones, 490 Liberty street. The boys told police they spent the money and threw the bracelet away. On Talent's desk Wednesday morning was spread out the "loot" which included two pairs of men's driving gloves; Mrs. Jones' purse, seven gear shift knobs (five others were thrown away), a flashlight, two billfolds, a dashboard ashtray, camera in a leather case, and several war veterans' medals.

Other victims included Harold Boothby, 31 Third street; J. E. Starnes, 478 North Main street; Charles Spindler, 787 Blaine street; Ervin Cole, 867 Blaine street; Mrs. Ellery Hall, 354 Liberty street, and H. L. Moore, 300 Liberty street.

Oddities Replete In Baseball Game

BEATRICE, Neb., Aug. 13.—(AP)—Beatrice baseball fans were still slightly dazed today over what they saw last night.

Palmistry in a Nebraska state league game with Beatrice, used three pitchers in the first two innings. The trip didn't allow a single hit but walked eight Beatrice batters and hit three batters to force in six runs.

Then the last hurler—Tony Johnson—settled down and won the ball game, 12 to 6. Further to bewilder the shocked fans the Beatrice infield handled five double-plays.

FACILITIES ADDED AT M'KEE BRIDGE RECREATION AREA

Work was underway today on a community kitchen at the McKee Bridge campground in the Applegate district of the Rogue River national forest.

The kitchen will be rustic in design in harmony with the style of architecture followed in all the forest recreational centers. It will be 18 by 26 feet in dimension with a shake roof. It will contain three stoves and two tables. Work will be completed in about a month, forest headquarters said.

It was announced also that a small campground will be constructed at Ashland peak lookout station, one of the most popular rendezvous of sightseers making the Ashland scenic loop drive. Work is to be started in two weeks. It was stated by H. C. Obye, assistant supervisor who laid out the area with Gordy Sunderman, recreation foreman, Wednesday.

Plans call for the installation of four tables and two stoves and the development of a spring. McKee Bridge campground is proving exceedingly popular. Mr. Obye stated, Last Sunday 47 cars were crammed into the campground area while many others were parked outside, he said. The facilities are to be increased by two more tables and store units and there is talk about enlarging the whole campground area.
