

### FRANCO'S LEGIONS STRIKE SANTANDER FROM FIVE POINTS

Insurgents Predict Fall of Biscayan Capital Within Week — Spanish Ship Torpedoed by Italians

(By the Associated Press)  
Generalissimo Francisco Franco's legions lunged against the tottering defenses of Santander from five directions today. Insurgent tacticians predicted the fall of the Biscayan capital within a week.  
Party organs in Madrid urged the government to attack all fronts to relieve the insurgent pressure on Santander.  
The captain of the Spanish steamer Conde de Abasolo said his ship had been torpedoed by an Italian destroyer Thursday night off the Italian island of Pantelleria, half way between Sicily and Tunisia in the Mediterranean. Several members of the crew were killed and 17 others are still missing. The captain and 23 members of the crew were picked up by the British steamer City of Wellington and landed at Algiers.  
Gen. Gonzalo Queipo de Llana, southern commander of the insurgent armies, declared today that "Franco's day of reckoning is not far off" in a radio attack against France as the enemy of Spanish interests.  
The "radio general" asserted in the broadcast from Salamanca that France "has always been a bad neighbor and always acted against Spanish interests."  
One powerful column, which ripped open a path with hand grenades and bayonets, was reported to have routed Spanish government troops from Escudo pass, Santander's Laso mountain stronghold on the south, and to be within 30 miles of its coastal objective.

### HOUSE RULES CUT TO SPEED ENDING PRESENT SESSION

Deficiency Bill Passage Is Next Order of Business — Leaders Expect to Pass Wagner Housing Measure

WASHINGTON, Aug. 17.—(P)—The house took another stride toward adjournment today by adopting a resolution to dispense with some of its rules for the remainder of the session.  
The next order of business was passage of the third—and final—deficiency bill. Disposal of that appropriation measure will leave on the house program only the Wagner housing legislation among major bills leaders expect to pass.  
The house's tape-cutting resolution would:  
Permit dispensing with the morning prayer and reading of the journal, allow a motion at any time to suspend the rules and pass a bill by a two-thirds vote, authorize day to day recesses instead of adjournments, let the rules committee bring in rules and obtain their approval the same day by a majority vote.  
The resolution was passed despite a suggestion by Representative Rankin (D. Miss.) that it might apply to a special session, if any were called in October or November to consider farm legislation.  
Chairman O'Connor (D. N. Y.) of the rules committee said, that theoretically the resolution might apply to a special session, "but that is not likely to happen."  
The only possible hitch apparent in the drive toward adjournment was a revolt of certain house Democrats over abandonment of the wage-hour regulation bill and the omission by the house appropriations committee of funds for farm tenancy.

### TENNESSEE MOB HANGS NEGRO ON HIGHWAY BRIDGE

(Continued from Page One.)

abreast of his car about eight miles from here and forced him to stop. While two of the masked marauders held pistols on the sheriff and a companion, Gooden was hauled from the officer's automobile.  
The sheriff said he did not recognize the men, did not get the license number of their car and could not explain how they knew he was moving the negro.  
The sheriff said he begged the men to "let the law take its course," explaining Gooden probably would get a speedy trial and a death sentence.  
"To hell with that," one of the men replied.  
Break Fruitless  
Gooden, terror-stricken, broke from the masked men and fled down the highway. Two of the men overtook him, pounded him over the head with the butts of their pistols, and dragged him back to their automobile. They left the sheriff and his companion, a Covington merchant, on the road side.  
Six hours later Chief Deputy Sheriff V. W. Pickens and Traffic Officer J. T. Scott of Covington noticed empty cartridges on a bridge between Brighton and Mason, Tenn. They flashed a light over the edge of the span and saw Gooden's body, partly submerged in a drainage ditch.  
It contained more than 30 bullet holes.

### PEACH GROWERS FORM CO-OP FOR PRICE STABILITY

for final approval. The executive committee is composed of E. C. Corn, Medford, chairman; T. S. Wiley, Ashland; H. W. Culbertson, Ashland; C. E. Rose, Medford, and Chas. E. Gray, Gold Hill.  
This organization is to be purely voluntary and all peach growers are eligible to participate. There will be no signed contracts but any grower who desires may use the marketing facilities of the association.  
Outlook for the peach market in California cities is bright at the present time, according to some of the larger growers. The California peach deal will be all closed out by September 1, leaving a clear field for the Rogue river peaches. A shortage of citrus fruits and increased buying power will aid materially in maintaining good market prices.  
It was brought out at the meeting that while there is a large surplus of peaches for local consumption, if some orderly marketing system is followed, this surplus can be disposed of so easily that the local market will not be demoralized and a good profit can be realized on the shipped peaches. Arrangements are being made whereby daily market reports over a leased wire will be made available.

### GUILD PICKETS IN FIGHT WITH TYPOS

SEATTLE, Aug. 17.—(P)—Five American Newspaper Guild pickets, including H. Richard Seller, president of the Seattle guild chapter, were arrested today after a free-for-all fight with union printers on their way to work at the Seattle Star, against which the guild has been on strike since July 3.  
Sergt. Charles D. Follrich said those arrested, besides Seller, were Roy Ryerson, 20, Paul Pemberton, 21, both guild members, Fred Hudson, a newsboy, and Philip Davis, 28, a member of the Teachers' union. They were held without charge.  
The fight occurred nearly two blocks from the Star building. Sergeant Follrich said the printers, eight in number, reported they were walking toward the plant when 10 pickets ran to meet them and attempted to block the sidewalk. The printers pressed through and a blow was struck, starting the fight. Ryerson was knocked to the pavement.

### TWO ACQUITTED ON DEER CHARGE

George Aygeris and Gust Aygeris, Siskiyou sawmill operators charged with possession of untanned deer hides by the state police game department, were acquitted today at a hearing held this morning in Justice of the Peace William R. Coleman's court.  
The court, in reaching its decision, held the deer hides were old and the defendants were entitled to their possession.  
The defense introduced no evidence. They were represented by Attorney Porter J. Neff.

### Pinchot Praises McKenzie Fishing

EUGENE, Aug. 17.—(AP)—Clifford Pinchot, former governor of Pennsylvania, spent the week-end fishing on the McKenzie river and declared it was "the best trout fishing I have ever seen."  
Ex-Governor Pinchot, first head of the U. S. forest service, is making a tour of western forests and was accompanied here by C. J. Buck, Portland, regional forester.

### WESTERN JAPAN HAS FAR-FELT TEMBLOR

TOKYO, Aug. 17.—(AP)—An 8.1-magnitude shook a comparatively large sector of western Japan at 11 a. m. today, but little material damage was caused and there were no casualties. Kyoto, Osaka, Kobe, Nagoya and other cities felt the shock. The seismic center was believed to be west of Lake Biwa.  
The Bayeux tapestry, preserved in the public library of Bayeux, France, contains 1512 figures in 72 scenes representing the invasion and conquest of England by William the Conqueror.
